@EdTechOhio

# formMule

- Add-on for Google Sheets
- Created by New Visions CloudLab
- Works as a Mail Merge to pull data from columns in Google Sheet to populate into an email template

Scott Sommer

@EdTechOhio

# Event-o-Matic

- Add-on for Google Sheets
- Created by Amplified Labs
- Takes data from Google Sheets and generates Google Calendar events

Scott Sommer

@EdTechOhio

# Add-on Smash

- Combine multiple add-ons to achieve desired results
- Start with deciding what data you want to collect
- Then, choose how you want to display that data

Scott Sommer

@EdTechOhio

# Ideas

- Diabetic Student Blood Sugar Records
- Parent-Teacher Conference Scheduling
- Requests that Require Approval(s)
- 3D Printer Use Requests
- Facility Requests and Scheduling
- Emergency Medical Form Data
- And much more…
