FGST

1:1 Rollout Process

Alex Paxton

Step 2
Each grade is assigned a date to come in for rollout

Step 4
Parents/Students have an opportunity to hear about our services

Step 1
Computers are re-imaged in summer by tech dept and student workers

Step 3
GenYes students run each classroom and set up computers for students/parents

Step 5
Laptops are taken home and brought back for daily use at school

FGST
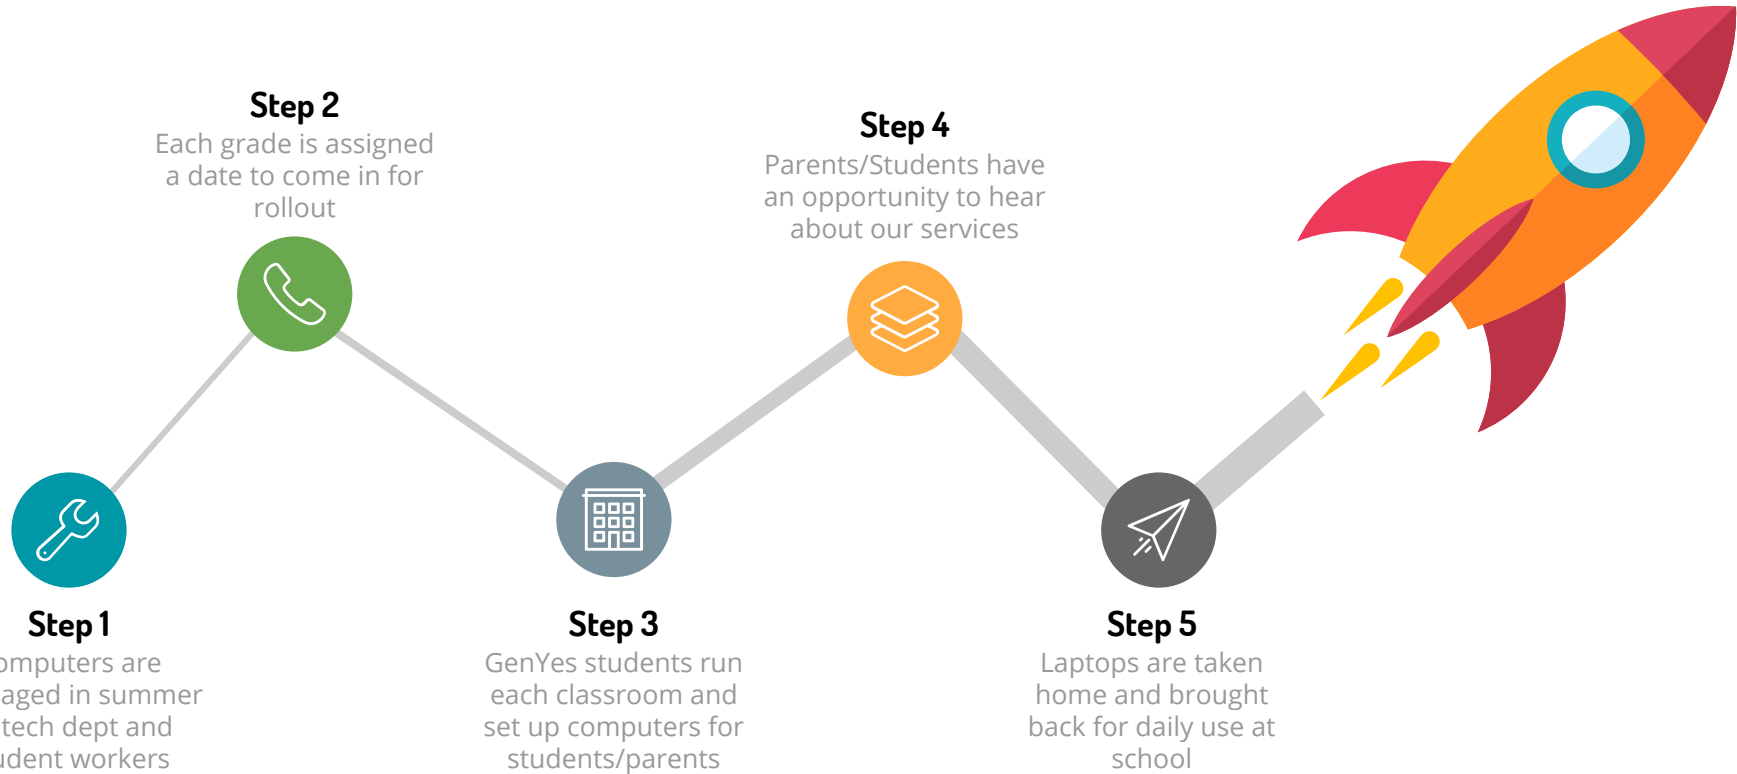

Services Provided

Drew Lantzer

1 Break Fix-troubleshoot

2 Hardware/Software

3 Password/School Control Power of using/knowing passwords

4 TAP's- helping teachers with projects(Green Screen/Video Editing)

FGST

PD/Projects

Aidan Stalker/Tate Testa

PD with Staff- Top 10 Tech/Twitter
During 2 hr delays we have provided PD for our staff members highlighting new ways to incorporate technology. Daily PD with teachers and students.

Lego Wedo/EZ Robots-Elementary
Lego Wedo project with Uniontown Elementary and new EZ Robots being used to enhance lessons K-12 throughout the district.

Microsoft Hololens
Received a donation to purchase 2 Microsoft Hololens in developer phase. We have created apps with them and plan to try and use to integrate into classrooms next school year.

Soap Box Derby
Participated in the STEM Engineering Challenge for the Soap Box Derby. Built 3 Super Stock cars and 1 Engineering Car. Took 1st place in engineering division.

Several online classes through Stark State College are required in Lake's program
(e.g. Software, Hardware, Security)

Interview
On a call with GenYES Employees, answer questions about your TAPS and experience.

FGST

Closing

Paving the way for a better future.

ANALYSIS

Our GenYes IT program as allowed our school to successfully implement a 1:1 program and empowered students to help them create a brighter future. The skills they obtain while in the program will be valuable in any career path they choose.
