

THE 8TH ESA WORKSHOP ON MILLIMETRE-WAVE TECHNOLOGY AND APPLICATIONS

DECEMBER 10-12, 2018, ESA-ESTEC, NOORDWIJK, THE NETHERLANDS

The RF Equipment and Technology Section together with the Antenna and Sub-millimeter Wave Section of the European Space Agency and ESA's external laboratory MilliLab are organising a Workshop on Millimetre-Wave Technology and Applications.

The workshop will be held on December 10-12, 2018 at the European Space Research and Technology Centre (ESTEC) in Noordwijk, the Netherlands. The main theme of the workshop is millimetre-wave and terahertz sensing and communications. It covers millimetre-wave and THz technology, circuits, devices, systems and applications.

TOPICS

Millimetre-Wave and THz Active Devices and ICs
Millimetre-Wave and THz Passive Devices
Millimetre-Wave and THz Sensing
Millimetre-Wave and THz Communications
Instruments for Space Science and Radio Astronomy
Millimetre-Wave and THz Technologies
Micromachining and New Fabrication Techniques
Emerging Technologies

IMPORTANT DATES

Abstract submission: 10 September 2018
Notification of acceptance: 08 October 2018
Final manuscript submission: 12 November 2018

PREPARATION OF PAPERS

All submitted abstracts will be reviewed by the technical program committee of the conference. Detailed submission instructions will be later announced at the workshop web pages.

ORGANISERS

ESA and MilliLab

Sponsorship Opportunities

THE 8TH ESA WORKSHOP ON MILLIMETRE-WAVE TECHNOLOGY AND APPLICATIONS

DECEMBER 10-12, 2018, ESA-ESTEC, NOORDWIJK, THE NETHERLANDS

Silver Sponsor – € 500 (VAT included)

Sponsorship application deadline: 01 October 2018

- Verbal gratitude to the sponsor in the inaugural and closing events.
- Company logo in the workshop web page, programme.
- Link to the company's web page.
- Company logo in the conference banners that shall be located in the registration area.
- Company logo in the main session room. The logo position shall depend on the sponsorship option.
- One advertising colored page in the USB proceedings (sponsors section).
- Possibility of including advertising flyers in the bag that shall be given to the assistants.

Gold Sponsor – € 1000 (VAT included)

All the benefits from the Silver level plus:

- One additional (total 2) advertising colored page in the printed proceedings (sponsors section).
- One full registration (including tickets for all social events included in the programme)
- One 15-minute slot for a technical/commercial presentation in the panel sessions.

Platinum Sponsor – € 2000 (VAT included)

All the benefits from the Gold level plus:

- One additional (total 3) advertising colored page in the printed proceedings (sponsors section).
- One additional (total 2) full registrations (including tickets for all social events included in the programme)
- 10 additional minutes (total 25) for a technical/commercial presentation in the panel sessions.
- One exhibition reserved area during the workshop days.
