

BASE ROTATION TRAINING PROGRAMME DIRECTOR SECTION

The Programme Director needs to confirm that the rotation will accommodate and deliver the programme as outlined in the Programme Handbook. The Programme Director should further confirm that a minimum of 6 months attachment substantially within a hand surgery practice is currently allocated to or has been started by the applicant. This may be confirmation that local approval has been granted for the candidate to undertake a hand fellowship (out of programme).

In the case of applicants (including existing consultants) who have already completed their advanced hand surgery training the supervising consultant surgeon should sign here and take ownership for establishing how the tutorials and assessments can be delivered alongside the respective existing commitments.
