

## BSIR 2023

### GUIDELINES FOR ABSTRACT SUBMISSION

Thank you for your interest in submitting an abstract for BSIR 2023. More information about the congress can be found on <https://www.bsirmeeting.org/>.

Before submitting your abstract, please read the following instructions carefully:

**Deadline** for Abstract Submission is **May 11, 2023** (23:59 GMT).

#### General information

- All abstracts have to be submitted online through the **official BSIR 2023 abstract submission system**. Abstracts sent by email will not be considered.
- All abstracts must be submitted in **English**. Abstracts will **not** be **language-edited** or **proof-read**. Submitters, in particular non-native English authors, are therefore strongly recommended to have their abstracts checked by a native speaker or make use of a language editing service.
- **Submissions, for which the submitter is not indicated as presenting author, are displayed in the presenter's account.** It is the submitter's responsibility to inform each presenter accordingly.
- The presenting author of an accepted abstract is expected to register for and attend BSIR 2023. Costs associated with the submission and presentation of an abstract are the responsibility of the presenter.
- It is the responsibility of the submitter to make sure that all authors listed in the author block of an abstract agree with the publication of the abstract.
- Submitting multiple copies of the same abstract under different topics and/or types is not allowed.
- If an abstract is on clinical or experimental research in humans or animals or in case this is required by applicable law, the study has to be approved by the competent ethics committee.
- All received abstracts will undergo a double-blind peer reviewing process.
- **Notifications of acceptance or rejection** will be sent by email in mid-June, 2023.
- Please make sure that indicated email addresses are correct and that your mailbox allows emails from [scientific@bsirmeeting.org](mailto:scientific@bsirmeeting.org)

The following 2 abstract types can be submitted:

## Scientific Abstract

<b>Structure:</b>	<ol style="list-style-type: none"><li>1. Purpose</li><li>2. Materials and methods</li><li>3. Results</li><li>4. Conclusion</li></ol>
<b>Description:</b>	Reporting about research projects, studies, trials, etc. Prospective studies will be rated higher than retrospective, comparative higher than single-arm, multi-centre higher than single centre.
<b>Word limit:</b>	250
<b>Presentation format:</b>	Oral presentation or electronic poster. Submitters may indicate their preferred presentation format. The final decision whether an abstract is accepted for oral presentation or as an electronic poster is up to the Scientific Programme Committee.

## Educational Abstract

<b>Structure:</b>	<ol style="list-style-type: none"><li>1. Learning objectives</li><li>2. Background</li><li>3. Clinical Findings/Procedure details</li><li>4. Conclusion</li></ol>
<b>Description:</b>	Reviewing and teaching a topic; by means of e.g., literature review, pictorial essay, describing a series of cases of a particular finding or procedure.
<b>Word limit:</b>	250
<b>Presentation format:</b>	Electronic poster

In case of technical problems, please contact [scientific@bsirmeeting.org](mailto:scientific@bsirmeeting.org).

We look forward to receiving your abstracts.
