

# ICD 2021 Virtual Congress Programme [ Draft 03 May 2021 ]

- ▶ All content will be available to view until 31 December 2021
- ▶ Viewers can move between sessions and presentations
- ▶ Log in details and a personalised pin will be sent to all registered delegates by 26 August 2021

**NOTE: KEYNOTE PRESENTER TOPICS TO BE CONFIRMED DURING MAY 2021**

ICDA MEETING Tuesday, 31 August 2021					
13h00 - 15h00	Member Country Representative Meeting				
CONGRESS [DAY ONE] Wednesday, 1 September 2021					
Opening Plenary Session					
08h00 - 08h25	<b>ICD 2020 Chairperson Welcome Remarks and Introduction</b> Dr Christine Taljaard-Krugel, ICD 2021 Organising Committee Chairperson (South Africa) Prof Lisanne du Plessis, ICD 2021 Scientific Committee Chairperson (South Africa) Prof Giuseppe Russolillo, Chairperson - International Confederation of Dietetics Associations (ICDA)				
08h25 - 08h30	Member Country Flag Ceremony				
LIVE SESSIONS		PRESENTATIONS			
SESSION [ 1 ] : KEYNOTE PRESENTERS		Life Course Nutrition: Infant and Young Child Nutrition	The Dietetic / Nutrition Professional	Non-Communicable Diseases	
08h30 - 09h10	Keynote Speaker Further Details to be Confirmed	10h00 - 10h15	<b>The South African Child Gauge 2020</b> Prof Julian May (University of the Western Cape, Dr Chantel Witten, Dr Lori Lake, University of Cape Town (South Africa)	<b>Dietetic education in Canada: Are we preparing practitioners to accelerate change?</b> Dr Jennifer Brady, Mount Saint Vincent University (Canada)	<b>Low versus balanced carbohydrate diets for reducing weight and cardiovascular risk: a Cochrane systematic review</b> Dr Celeste Naude, Centre For Evidence-based Health Care, Stellenbosch University (South Africa)
09h10 - 09h50	Dr Joan Matji, UNICEF (Kenya)	10h15 - 10h30	<b>International Dietetics and Nutrition Outreach: Formation of the Global Member Interest Group of the Academy of Nutrition and Dietetics</b> Mrs Jen Brewer, Global Nutrition Consultant (United Kingdom)		
SESSION [ 2 ] : SYMPOSIA		10h30 - 10h45	<b>Provincial dietary intake study (PDIS): Macronutrient intakes of children and evidence of the nutrition transition in a representative/random sample of 1-&lt;10- year old children in two economically active urbanizing provinces</b> Prof Marjanne Senekal, University of Cape Town (South Africa)	<b>Exploring understandings of professionalism in dietetics education: a global perspective</b> Ms Janeane Dart, Monash University (Australia)	<b>Very-low-carbohydrate-high-fat weight-loss diets and cardiovascular disease risk: a systematic review</b> Dr Lynda Ross, Queensland University of Technology (Australia)
10h00 - 11h15	<b>Gut microbiome as a target in dietetic practice</b> Prof Kevin Whelan & Dr Megan Rossi, King's College London (United Kingdom), Dr Caroline Tuck, La Trobe University (Australia)	10h45 - 11h00	<b>Provincial dietary intake study (PDIS): Prevalence and sociodemographic predictors of overweight/obesity in a representative sample of 1-&lt;10-year-old children from two urbanized and economically active provinces in South Africa</b> Prof Marjanne Senekal, University of Cape Town (South Africa)	<b>Exploring the social 'fabrics' in dietetic education: influences on learning professionalism and professional identity</b> Ms Janeane Dart, Monash University (Australia)	<b>Effect of Low-Fat Compared to Low-Carbohydrate Diet on Fasting Lipids and Metabolic Profile in Subjects with Multifactorial Chylomicronemia: A Randomized Crossover Study</b> Manon Fantino, Institut de recherches cliniques de Montréal (IRCM) (Canada)
11h20 - 12h00	<b>Dietetics capacity &amp; practice in Africa: An analysis of the state of affairs</b> Dr Richmond Aryeetey, University of Ghana (Ghana)	11h00 - 11h15	<b>Feeding practices of infants from KwaMashu, KZN, South Africa</b> Ms Nazeeia Sayed (South Africa)	<b>Developing practice placements for the future workforce: a collaborative London approach</b> Mrs Annemarie Knight, King's College (United Kingdom)	<b>Pine bark (Pinus spp.) extract for treating chronic disorders: a Cochrane Systematic Review</b> Mrs Nina Robertson, Stellenbosch University (South Africa)
12h05 - 12h45	<b>Global Status of School Meals and the Impact of Covid 19</b> Ms Donna Martin, Burke County Public Schools (United States)	11h15 - 11h30	<b>Soybean-fiber-maize blend complementary food improves weight and reduces diarrhea-type stools in Malawian children aged 6-36 months.</b> Dr Wendy Dahl & Dr Edda Lungu, University Of Florida (United States)	<b>Towards a New Nutrition Professional for South Africa: Meeting the needs of all citizens within an evolving Health Care Environment</b> Ms Lenore Spies, Health Professions Council of South Africa (HPCSA) (South Africa)	<b>The relationship between homocysteine concentrations and cardiovascular measures including markers of haemostasis in South African adolescents</b> Mrs Jacomina Du Plessis, North-West University (South Africa)
12h50 - 13h40	<b>What is dietary counselling? Consensus around definitions of dietary counselling in the management of disease-related malnutrition</b> Dr Elizabeth Weekes, Guy's & St Thomas' NHS Foundation Trust, Dr Christine Baldwin, King's College (United Kingdom), Prof Mairan van Bokhorst de van der Scheuren, HAN University of Applied Sciences (Netherlands), Dr Heather Keller, University of Waterloo (Canada), Dr Skye Marshall, Bond University (Australia)	11h30 - 11h45	<b>Provincial dietary intake study (PDIS): Prevalence and sociodemographic determinants of the co-existence of stunting and overweight in the same child in 1-&lt;10-year-old children from two provinces in South Africa</b> Ms Sonia Malczyk, University of Cape Town (South Africa)	<b>Leaders wanted: A multicase study on leadership development of Canadian dietitians</b> Ms Billie Jane Hermosura, University Of Ottawa/University Of Ottawa (Canada)	<b>Effects of daily consumption of prune (dried plum) on bone biomarkers and bone mineral density in healthy men</b> Prof Shirin Hooshmand, San Diego State University (United States)
13h45 - 14h45	<b>Ajinomoto Session</b> Eradication of malnutrition and "Japan * Nutrition" Prof Teiji Nakamura, President of Japan Dietetic Association   President of Kanagawa University of Human Services (Japan)	11h45 - 12h00		<b>Development of a competency framework in nutrition and dietetics: a rapid review</b> Mrs Chantal Bemeur, University of Montreal (Canada)	<b>Breakfast eating practices of New Zealand women with different BMI profiles</b> Prof Rozanne Kruger, Massey University (New Zealand)
SESSION [ 3 ] : LIVE DISCUSSION			Life Course Nutrition Pregnancy	Sustainable Food Systems and Food-Based Approaches	Life Course Nutrition Breastfeeding

14h45 - 15h30	National Health Insurance (NHI)   Universal Healthcover - Lessons Learnt	12h00 - 12h15	<b>A higher red blood cell arachidonic acid to eicosapentaenoic acid ratio during pregnancy is associated with a higher risk of premature birth in urban South Africa: the NuPED study</b> Dr Elize Symington, University of South Africa (UNISA) (South Africa)	<b>Session Introduction:</b> Prof Jane Battersby-Lennard, University of Cape Town (South Africa)	<b>Analyzing Costs Associated with Human Milk Banks in South Africa</b> Mr Gilbert Tshitauzi, National Department Of Health (South Africa)	
15h30 - 16h15	Health Promotion Levy (HPL)   'Sugar Tax' Discussion	12h15 - 12h30	<b>The Effect of Folate Gene-Nutrient Interactions on Small-for-Gestational-Age Risk in the Screening for Pregnancy Endpoints (SCOPE) Cohort Study</b> Mrs Rhodi Bulloch, University of Auckland (New Zealand)		<b>Perspectives of employees and employers regarding breastfeeding support in the workplace</b> Mrs Lynette Daniels, Stellenbosch University (South Africa)	
<b>SESSION [ 4 ] : KEYNOTE PRESENTERS</b>		12h30 - 12h45	<b>Reported health and macronutrient intake of pregnant women attending an antenatal clinic at Pelonomi Hospital in Bloemfontein</b> Mrs Liska Robb, University of the Free State (South Africa)	<b>The importance of fostering public-private partnerships for an improved country-specific food composition database</b> Mrs Joelaïne Chetty, South African Medical Research Council Biostatistics Unit SAFOODS (South Africa)	<b>Opinions of mothers attending a certain health center on facilitators to exclusively breastfeed for the first six months</b> Mrs Nyabana Martha Maponya, University Of Limpopo (South Africa)	
16h25 - 17h05	Prof Corinna Hawkes, University of London (United Kingdom)	12h45 - 13h00	<b>Dietary intake of pregnant women and its association with cardio-metabolic risk in their children</b> Prof Andre Oelofse, University of the Western Cape (South Africa)	<b>New Zealand's Food System Is Unsustainable: A Survey of the Divergent Attitudes of Agriculture, Environment, and Health Sector Professionals Towards Eating Guidelines</b> Ms Rebekah Jones, Dietitians New Zealand (New Zealand)	<b>Factors affecting breastfeeding among factory workers in Maputsoe, Lesotho</b> Dr Mamotsamai Rannelieng, National University Of Lesotho (Lesotho)	
17h05 - 17h45	Prof Renée Blaauw, Stellenbosch University (South Africa)	13h00 - 13h15	<b>Antenatal anaemia is associated with increased systolic blood pressure in late pregnancy among urban women in South Africa: the NuPED study</b> Mrs Cailin Goodchild, University of the North-West (South Africa)	<b>Nourish Dialogue Dinners: A Novel Approach of Dietitians Connecting Local Food Systems Stakeholders to Identify Improvement Opportunities</b> Dr Katie Brown & Ms Janice Giddens, National Dairy Council   Dr Diane Stadler, Oregon Health & Science University (United States)	<b>Can health care professionals have different views regarding human milk donation? An explorative approach</b> Mrs Mantji Mahlatjje, University Of Limpopo (South Africa)	
<b>ICDA SESSION</b>		13h15 - 13h30	<b>An Examination of Pregnant Mothers' Nutrition Knowledge, Dietary and Physical Activity Practices in Trinidad</b> Dr Francis-Granderson, The University Of The West Indies, St. Augustine Campus (Trinidad)	<b>Growing Capacity for Sustainable Food Systems within the Profession of Nutrition and Dietetics: Initiatives from the Academy of Nutrition and Dietetics and its Foundation</b> Dr Marie Spiker, Academy Of Nutrition And Dietetics Foundation (United States)	<b>Adjusting haemoglobin values for altitude maximizes sensitivity and specificity to detect iron deficiency among women of reproductive age in Johannesburg, South Africa.</b> Mrs Takana Mary Silubonde-Moyana, North-West University (South Africa)	
18h00 - 20h00	Sustainable Food Systems Project		<b>Medical / Nutrition Therapy</b>	<b>Digital Health</b>	<b>Nutrition Interventions</b>	
<b>[ END DAY ONE ]</b>		15h00 - 15h15	<b>Sub-regional quality improvement initiative: Team-based malnutrition screening as a standardized intervention in the post-hospital discharge follow-up program</b> Mr Denis Tsang, Village Family Health Team (Canada)	<b>Mobile health and narrative entertainment-education to promote exclusive breastfeeding in Western Cape</b> Ms Nophiwe Job, Stanford University (South Africa)	<b>Assessing malnutrition in long-term care: what is the best method?</b> Prof Heather Keller, Schlegel-university Of Waterloo Research Institute For Aging (Canada)	
		15h15 - 15h30	<b>The use of the "FIGO Nutrition Checklist" in routine antenatal care: a pilot and acceptability study</b> Ms Sarah Louise Killeen, Ucd Perinatal Research Centre (Ireland)	<b>Predictive validity of digitised screening algorithms to detect weight-for-age (WFA) growth faltering in under-five children as a risk factor for severe acute malnutrition (SAM)</b> Mrs Sanja Nel, University Of Pretoria (South Africa)	<b>Weight stigma in perinatal care: Perspectives of women with high BMI and dietitians</b> Ms Lindsey Mazur, University Of Manitoba (Canada)	
		15h30 - 15h45	<b>Implementing nutrition screening in medical and surgical patients; expanding the role of dietitians as change agents</b> Prof Heather Keller, Schlegel-university Of Waterloo Research Institute For Aging (Canada)	<b>Development of a Diet Profiling Algorithm contributing to diet assessment and nutritional advice for use in digital nutrition tools and platforms</b> Ms Marta Alonso-Bernaldez, Alimentomica S.L (Spain)	<b>Impact and Sustainability of Community-Based Infant and Young Child Feeding Programmes Implemented in Akwa-Ibom State</b> Ms Udak Jackson, University of Ibadan and Akwa-ibom State Ministry of Health (Nigeria)	
		15h45 - 16h00	<b>Guidelines on standard and therapeutic diets in hospital in France</b> Mr Ghislain Grodard, AFDN French Association of Dietitians Nutritionists (France)	<b>Adult triathletes' attitude and perceptions towards the use of telenutrition</b> Ms Karlien Duvenage, Private (South Africa)	<b>Impact of Complementary Feeding Intervention on the Knowledge, Attitude and Intention of Lactating Mothers in Abakaliki L.G.A, Ebonyi State Nigeria</b> Mr Gideon Itheme, Michael Okpara University Of Agriculture Umudike, Abia State (Nigeria)	
		16h00 - 16h15				<b>Workplace cafeteria and other multicomponent interventions to promote healthy eating among adults: A systematic review</b> Dr Ashika Naicker, Durban University Of Technology (South Africa)

CONGRESS [DAY TWO] Thursday, 2 September 2021

SESSION [ 5 ] : KEYNOTE PRESENTERS

**Medical / Nutrition Therapy:**  
Clinical

**Food and Nutrition Security**

**Research Methodologies for Nutrition**

08h00 - 08h40	Dr Imtiaz Sooliman (South Africa)	09h30 - 09h45	<b>Prevalence of nutritional-related symptoms in discharged previously ventilated adult ICU patients - The pilot Symptoms and Nutrition After Critical Care (SNACC) survey</b> Mrs Louise Albrich, Yeovil District Hospital Nhs Foundation Trust (United Kingdom)	<b>Community-level interventions for improving access to food in low- and middle-income countries: a Cochrane review</b> Mrs Solange Durao, Cochrane (South Africa)	<b>The statistical methods and software used in nutrition and dietetic research: A review of the published literature using text mining</b> Ms Alison Coenen, University Of Wollongong (Australia)
08h40 - 09h20	Dr Stuart Gillespie (United Kingdom)	09h45 - 10h00	<b>Malnutrition associated with depression in ecuadorian older adults</b> Dr Lorena Encalada, Universidad De Cuenca (Ecuador)	<b>Does Term-Time Employment Protect Students from Food Insecurity in UK Higher Education Institutions?</b> Dr Claire Blennerhassett, Edge Hill University (United Kingdom)	<b>Variability of resting energy expenditure (REE) and its components of early, middle and late achievers of steady state (SS): A study of 6-9-year-old Southern African children.</b> Mrs Adeline Pretorius, University Of Pretoria (South Africa)
<b>SESSION [ 6 ] : SYMPOSIA</b>		10h00 - 10h15	<b>A laboratory-based evaluation of tube blocking and microbial risks associated with one blended enteral feed recipe</b> Dr Angela Madden, University Of Hertfordshire (United Kingdom)	<b>Prevalence of malnutrition and food insecurity in women and children in rural Guatemala. A comparative study of two different communities</b> Mrs Jen Brewer, Global Nutrition Consultant (United Kingdom)	<b>Agreement between measured height, and height predicted from published estimate equations, amongst adults in a South African hospitalised population</b> Mrs Hanna Williamson, Private Practice (Somalia)
09h30 - 10h15	<b>Food Science and Technology for Improving Nutrition, Unlocking Potential and Accelerating Change (Presented By the South African Association for Food Science and Technology (SAAFoST))</b> Mr Nigel Sunley, Sunley Consulting, Linda Drummond, registered dietitian and nutrition consultant, Prof Naushad Emmambux, University of Pretoria (South Africa)	10h15 - 10h30		<b>Nutrient composition, organoleptic attributes and microbial quality of corn-based breakfast cereals fortified with soya beans and bambaranut</b> Mrs Florence Adeosun, Federal Polytechnic Bauchi (Nigeria)	<b>Nutrition research at the North-West University 1998-2018: Impact, scope and reach through evidence mapping</b> Mrs Magdaleen Grundlingh, North-West University (South Africa)
10h20 - 11h00	<b>Food intolerance - A practical seminar for dietitians</b> Dr Anne Swain, Royal Prince Alfred Hospital Allergy Unit (Australia)		<b>Nutrition Education and Behaviour Change</b>	<b>The Dietetic / Nutrition Professional</b>	<b>Sport Nutrition and Physical Activity</b>
11h05 - 11h50	<b>Different countries, different stories &amp; different journeys towards a common Nutrition Care Process &amp; Terminology – (NCP/NCPT)</b> Dr Angela Vivanti, Princess Alexandra Hospital (Australia)   Dr Constantina Papoutsakis, Academy of Nutrition and Dietetics (United States), Dr Elin Lövestam, Uppsala University (Sweden)	10h30 - 10h45	<b>Thinking differently about critical thinking</b> Dr Jason Riis, Behavioralize, LLC (United States)	<b>Job Satisfaction and Perception of Workload among Dietitians / Nutritionists in South Africa</b> Prof Louise Van Den Berg, University Of The Free State (South Africa)	<b>Session Introduction:</b> Details to be Confirmed
11h55 - 12h45	<b>Capacity building through innovative training to improve early life nutrition &amp; health in South Africa: the ImpENSA project</b> Prof Berthold Koletzko, Ludwig Maximilian University of Munich (Germany), Prof Mieke Faber, South African Medical Research Council & representing ADSA/NSSA, Prof Lize Havemann-Nel, North-West University, Dr Zelra Malan, Stellenbosch University (South Africa)	10h45 - 11h00	<b>A Recipe for Nutrition Competent Physicians at the Northern Ontario School of Medicine (NOSM)</b> Mrs Lee Rysdale, Northern Ontario School of Medicine (Canada)	<b>Dietitian-led clinics in primary care: A scoping review</b> Prof Mary Hickson, University of Plymouth (United Kingdom)	<b>Recreational running may improve inflammation resolution</b> Prof Linda Malan, North-West University (South Africa)
12h50 - 13h20	<b>SESSION</b> Further Details to be Confirmed	11h00 - 11h15	<b>A feasibility study investigating the efficacy of implementing a healthy diet skills programme in a faith-placed, foodbank setting</b> Ms Alexandra Harper, Coventry University (United Kingdom)	<b>Dietitians' reflections and reasoning about monitoring and evaluating nutrition interventions for patients at risk of malnutrition</b> Mrs Lina Al-Adili, Uppsala University (Sweden)	<b>The effect of olive leaf extract supplementation on performance in active individuals; a randomised controlled cross-over trial</b> Mr Vaughan Somerville, The University of Auckland (New Zealand)
<b>SESSION [ 7 ] : LIVE DISCUSSION</b>		11h15 - 11h30	<b>Comparison of behavior change in the purchase of packaged food with warning labels according to the participants' education level</b> Dr Samuel Durán, Universidad San Sebastián (Chile)	<b>What is dietary counselling? The need for a consensus on the definitions of terms used to describe oral interventions used in the management of malnutrition</b> Dr Elizabeth Weekes, Guy's & St Thomas' Nhs Foundation Trust (United Kingdom)	<b>The Effects of macronutrient manipulation and gut training on ultrarunning race performance</b> Dr Claire Blennerhassett, Edge Hill University (United Kingdom)
13h30 - 14h15	Covid-19   Immunity and Nutrition	11h30 - 11h45	<b>Effectiveness of a diabetes nutrition education programme on clinical status and dietary behaviours in adults with type 2 diabetes in South Africa</b> Dr Jane Muchiri, University of Pretoria (South Africa)	<b>Influence of the research involvement of dietetic internship directors on the experiences aligned with an accreditation required research competency in dietetic internship programs</b> Dr Amanda Newell, Bradley University (United States)	<b>Changes over ten-years in Body Mass Index and Physical Activity in black South African adults from the North West Province</b> Ms Phumudzo Mamphwe, University Of Pretoria (South Africa)
14h15 - 15h00	Covid-19   Socio-Economic Impact		<b>Nutrition-Related Policy / Regulation / Legislation</b>	<b>Life Course Nutrition: Body Composition in Pregnancy and Childhood</b>	<b>Food and Nutrition Security</b>
<b>SESSION [ 8 ] : KEYNOTE PRESENTERS</b>		11h45 - 12h00	<b>Nutrient profiling as a tool for regulating the marketing of foods to children: guidance for choosing a model</b> Dr Mariaan Wicks, North-West University (South Africa)	<b>Impact of lifestyle interventions on body weight in postpartum women: a systematic review and meta-analysis</b> Dr Sharleen O'Reilly, Institute Of Food And Health (Ireland)	<b>Food Environment Influence On Health Risk Of Adults In Limpopo, South Africa</b> Prof Xikombiso Mbhenyane, Stellenbosch University (South Africa)
15h10 - 15h50	Prof Jeannine Baumgartner, Human Nutrition Laboratory of ETH Zürich (Switzerland) and North-West University (NWU) (South Africa).	12h00 - 12h15	<b>Use of social media platforms by manufacturers to market breast-milk substitutes in South Africa.</b> Mrs Catherine Pereira-Kotze (South Africa)	<b>Effects of total fat intake on bodyweight in children: a Cochrane systematic review</b> Dr Celeste Naude, Centre For Evidence-based Health Care, Stellenbosch University (South Africa)	<b>Analysis of immediate vulnerability determinants towards achieving the right to food: a case study of women and children in the Umlazi township, Pietermaritzburg, South Africa</b> Dr Annette van Onselen, Sefako Makgatho Health Sciences University   University of KwaZulu-Natal (South Africa)

15h50 - 16h30	Prof Kevin Whelan, King's College London (United Kingdom)	12h15 - 12h30	<b>Maternity protection benefits for non-standard employees in low-and-middle-income countries and potential implications for breastfeeding practices: A scoping review</b> Mrs Catherine Pereira-Kotze (South Africa)	<b>Ponderal Index, maternal smoking, and adult body composition</b> Dr Jessica Garay, Syracuse University (United States)	<b>The potential contribution of Bambara Groundnut, as a underutilised indigenous pulse, to nutrition and food security</b> Mrs Zani Veldsman, Blend Food (South Africa)	
<b>SESSION [ 9 ] : SYMPOSIA</b>		12h30 - 12h45	<b>Protecting breastfeeding: From law to practice</b> Mr Madome Manyuha, National Department of Health (South Africa)	<b>A systematic review and quantitative analysis of resting energy expenditure prediction equations in healthy overweight and obese children and adolescents</b> Dr Angela Madden, University Of Hertfordshire (United Kingdom)	<b>Quantification of aflatoxins and ochratoxin A in chicken tissue and eggs therein Cameroon and population dietary exposure</b> Mr Tatfo Keutchatang Fabrice De Paul, University Of Yaoundé 1 (Cameroon)	
16h35 - 17h20	<b>In-hospital treatment of infants 0-6 months diagnosed with severe acute malnutrition</b> Dr Martani J Lombard, North-West University (South Africa), Dr Bernadetta Chimera, Tufts University (USA) (stationed in Malawi) Dr Jaden Bendabenda, WHO (Switzerland)	12h45 - 13h00	<b>Simultaneous monitoring of sodium reduction and iodine status required to ensure compatibility of the two public health interventions: Case study from South Africa</b> Prof Karen Charlton, University Of Wollongong (Australia)	<b>The association between pre-pregnancy body mass index, perinatal depression and maternal vitamin D status: Findings from an Australian obstetric cohort study</b> Dr Catherine Knight-Agarwal, University of Canberra (Australia)	<b>Indigenous food ingredients for complementary food formulations to combat infant malnutrition in Benin: a review</b> Dr Flora Chadare, National University Of Agriculture (Benin)	
17h25 - 18h10	<b>Innovative approaches to elevate professional training: Continuing education, master's &amp; doctorate in clinical nutrition</b> Dr Judith Rodríguez, Dr Catherine Christie, Dr Lauri Wright and Dr Andrea Arikawa, University of North Florida (United States)	13h00 - 13h15			<b>Microcredit and agricultural production among resource-poor rural women (Quasi-experimental comparison of current and in-coming borrowers in Uganda)</b> Dr Faith Muyonga Namayengo, Kyambogo University (Uganda)	
18h15 - 19h00	<b>Hydration resources for dietitians: The European Healthy Hydration Awareness Campaign (EuHHAC)</b> Mrs Pauline Douglas, Ms Annemieke Van Ginkel Res, Ms Katerina Belogianni and Mrs Judith Liddell, European Federation of the Associations of Dietitians (EFAD)		<b>Nutrition in the time of COVID-19</b>	<b>Medical / Nutrition Therapy: Clinical</b>		
19h05 - 19h50	<b>1. Prevention of Malnutrition In Senior Subjects in the EU – a pan-European Horizon2020 project – the dietitians' perspective</b> <b>2. Advocating for Nutrition &amp; Dietetics in Europe: a model for good practice</b> <b>3. Working with membership volunteers to achieve association goals</b> Mrs Judith Liddell, Reka Kegyes and Annemieke van Ginkel-Res, European Federation Of The Associations Of Dietitians (EFAD)	14h00 - 14h15	<b>Under Review</b>   Details to be Confirmed	<b>Nutritional Status of Patients Receiving Maintenance Haemodialysis in Bloemfontein, South Africa</b> Mrs Ermi Spies, University of The Free State (South Africa)		
<b>[END DAY TWO]</b>		14h15 - 14h30	<b>Under Review</b>   Details to be Confirmed	<b>In-hospital growth of very low birth weight preterm infants: comparative effectiveness of two human milk fortifiers</b> Mrs Johanna Kemp, University of Pretoria (South Africa)		
		14h30 - 14h45	<b>Under Review</b>   Details to be Confirmed	<b>Hospital Acquired Malnutrition (HAM): incidence and contributors across five Australian public hospitals over 3½ years</b> Dr Lynda Ross, Queensland University Of Technology (Australia)		
		14h45 - 15h00	<b>Under Review</b>   Details to be Confirmed	<b>Prevalence of malnutrition at cancer diagnosis in Paediatric Oncology Units in South Africa</b> Ms Judy Schoeman, Steve Biko Academic Hospital   University of Pretoria (South Africa)		
			<b>Non-Communicable Diseases: Obesity and Diabetes Mellitus</b>	<b>Communicable / Infectious Diseases HIV / TB</b>		
		16h30 - 16h45	<b>Sarcopenia, Myosteatosis, and Visceral Obesity are Widely Prevalent in Today's Patient and Associate with Adverse Outcomes - Especially in Male Patients</b> Dr Heidi Silver, Vanderbilt University Medical Center (United States)	16h30 - 16h45	<b>Omega-3 fatty acid and iron supplementation alone, but not in combination, lower inflammation and anaemia of infection in Tuberculosis</b> Dr Arista Nienaber, North-West University (South Africa)	
		16h45 - 17h00	<b>Applying diabetes and obesity research in a real-world setting: a dietitian-led action learning project</b> Dr Alastair Duncan, King's College (United Kingdom)	16h45 - 17h00	<b>Eicosapentaenoic acid and docosahexaenoic acid provide benefits superior to adequate essential fatty acids in tuberculosis</b> Dr Arista Nienaber, North-West University (South Africa)	
		17h15 - 17h30	<b>Prevalence of Hyperinsulinemia and Insulin Resistance: A Cross-Sectional Study of Adolescents and Young Adults in Mumbai</b> Prof Jagmeet Madan, Sir Vithaldas Thackersey College Of Home Science (India)	17h15 - 17h30	<b>Skeletal Muscle Atrophy and Ectopic Fat Infiltration of Skeletal Muscle are Associated with Glucose Intolerance in Adults with Treated HIV</b> Dr Heidi Silver, Vanderbilt University Medical Center (United States)	

	17h30 - 17h45	<b>Effectiveness of a Very Low Carbohydrate Ketogenic Diet Compared to a Low Carbohydrate and Energy-Restricted Diet in Overweight/Obese Type 2 Diabetes Patients</b> Mrs Ellen Govers (Netherlands)	<b>The association of HIV status and HAART with plasma clot characteristics in black South</b> Ms Shams Bakali, North-West University (South Africa)
	17h45 - 18h00	<b>Snacking pattern and its association with body composition in young adults of Mumbai</b> Prof Jagmeet Madan, Sir Vithaldas Thackersey College Of Home Science (India)	<b>Two-fold higher odds of stunting and anaemia in urban HIV-infected compared to uninfected South African schoolchildren</b> Mrs Charlene Goosen, Stellenbosch University (South Africa)

**CONGRESS [DAY THREE] Friday, 3 September 2021**

SESSION [ 11 ] : KEYNOTE PRESENTERS		Non-Communicable Diseases: CVD, HPT and Cancer	Nutrition Education and Behaviour Change	Food Service Management
08h00 - 08h40	National Department of Health South Africa Representative	09h30 - 09h45 <b>The inflammatory potential of the diet of rural and urban black South Africans</b> Ms Maylene Ferreira, Center Of Excellence For Nutrition   North-West University (South Africa)	<b>A systematic review of behaviour change techniques to improve gluten-free diet adherence in individuals with coeliac disease</b> Dr Brian Power, Institute of Technology - Sligo (Ireland)	<b>Quality of hospital food service: a scoping review of articles published 2000-2020</b> Mrs Emma Wilandh & Prof Tlva Mattsson Sydner, Uppsala University (Sweden)
08h40 - 09h10	Prof Edith Feskens, Wageningen University (Netherlands)	09h45 - 10h00 <b>Impact of individualised dietary advice on food choices, weight loss and blood pressure in a lifestyle intervention trial: the Healthtrack study</b> Prof Linda Tapsell, University Of Wollongong (Australia)	<b>Children are key informants about establishing healthy eating habits; using Participatory Action Research with primary school children</b> Dr Suzanne Waddingham, University Of Tasmania (Australia)	<b>Implementation of a Food Service Ambassador Model in an Australian Private Hospital</b> Mrs Claire Matthews, Cabrini Health (Australia)
<b>SESSION [ 12 ] : SYMPOSIA</b>		10h00 - 10h15 <b>Adherence to the World Cancer Research Fund/American Institute for Cancer Research recommendations is associated with a lower breast cancer risk in black South African women</b> Ms Inarie Jacobs, North-West University (South Africa)	<b>Awareness and Utilization of Nutrition Information on Packaged Food Product labels Among Respondents in Nsukka, Enugu State, Nigeria</b> Ms Chioma Anidi, University Of Nigeria Nsukka (Nigeria)	<b>Exploring patient satisfaction with hospital foodservice – a Swedish study using the Acute Care Hospital Foodservice Patient Satisfaction Questionnaire</b> Mrs Sofia Rapo, Umeå University (Sweden)
09h15 - 10h00	<b>Unlocking the potential of today's graduate dietitian: building strong systems of personal infrastructure</b> Mrs Annemarie Knight, Kings College (United Kingdom), Dr Dianne Reidlinger, Bond University (Australia), Ms Janeane Dart, Monash University (Australia)	10h15 - 10h30 <b>Consumption of unprocessed/minimally processed and ultra-processed foods and the association with breast cancer risk in black South African women: the SABC study</b> Ms Inarie Jacobs, North-West University (South Africa)	<b>Factors associated with salt intake in healthy young adults in the United Kingdom: Taste preference and salt knowledge</b> Mrs Nicole Lubasinski, St Mary's University, Twickenham (United Kingdom)	<b>Nutritional adequacy of food served and consumed compared to patient requirements and patient satisfaction with food service in three public hospitals in the Western Cape metro-pole, South Africa</b> Mrs Marieke Theron, University of Cape Town (South Africa)
10h05 - 11h00	<b>Training the dietitian using work integrated learning</b> Dr Tertia van Zyl, Dr Mariaan Wicks, Prof Cornelie Nienaber-Rousseau, Prof Lize Havemann-Nel, Dr Robin Dolman, North-West University (South Africa)	<b>Sustainable Diets</b>	<b>Life Course Nutrition: Elderly</b>	<b>Malnutrition solutions that stick</b> Ms Danielle Cave, The University Of Queensland (Australia)
11h05 - 11h50	<b>Experiences &amp; reflections when incorporating the Nutrition Care Process &amp; Terminology – (NCP/NCPT) into electronic health records</b> Dr Angela Vivanti, Princess Alexandra Hospital (Australia), Ms Luise Persson Kopp, The Danish Dietetic Association (Denmark), Ms Jessie Pavlinac, Oregon Health & Science University (United States)	10h30 - 10h45 <b>Growing the business of Whole Grain in the Australian market: 6 year impact assessment</b> Dr Sara Grafenauer, Grains & Legumes Nutrition Council (Australia)	<b>Fish supplementation and cognition in resource-limited elderly: A randomised controlled trial</b> Mrs Lizette, Kuhn, University of Pretoria (South Africa)	<b>Development of food provision guidelines for early childhood development centres and places of safety</b> Prof Annelie Gresse, Nelson Mandela University (South Africa)
11h55 - 12h40	<b>The implementation &amp; evaluation of the impact of food-based dietary guidelines (FBDGs) How do the food choices of consumers measure up to the South African Food-based Dietary Guidelines?</b> Mrs Hester Vermeulen, Bfap (South Africa)	10h45 - 11h00 <b>Measuring the proximity and density of fast food outlets to schools in Johannesburg using Geographic Information Systems (GIS)</b> Dr Bianca van der Westhuizen, University of South Africa (UNISA) (South Africa)	<b>The relationship between under-nutrition risk, sarcopenia, strength and function in community-dwelling older adults after hospital discharge</b> Prof Mary Hickson, University of Plymouth (United Kingdom)	<b>Nutrient composition and percentage contribution of boarding secondary schools meals in Nsukka to recommended nutrient intake (RNI) of adolescents</b> Dr Aadaobi Okafor, University of Nigeria (Nigeria)
12h45 - 13h30	<b>The application &amp; interpretation of nutrient &amp; dietary patterns &amp; health outcomes in the NCD context</b> Prof Edith Feskens, Wageningen University, (Netherlands) <b>The relationship between dietary patterns &amp; blood pressure in the African-PREDICT study population,</b> Mrs Talia Schaap, Center Of Excellence For Nutrition   North-West University (South Africa)	11h00 - 11h15 <b>Price incentives within university food outlets and their impact on the purchasing behaviour of young adults</b> Dr Rajshri Roy, University of Auckland (New Zealand)	<b>Intake of Protein, Food Sources and Distribution among Māori and non-Māori Octogenarians: Life and Living in Advanced Age: a Cohort Study in New Zealand</b> Dr Carol Wham, Massey University (New Zealand)
