

ICD 2021 Virtual Congress Programme [Draft 19 July 2021]

- ▶ All content will be available to view until 31 December 2021
- ▶ Viewers can move between sessions and presentations
- ▶ Log in details and a personalised pin will be sent to all registered delegates by 26 August 2021

NOTE: CPD Points Will Apply

ICDA MEETING Tuesday, 31 August 2021

13h00 - 15h00 Member Country Representative Meeting

PROGRAMME TIMES BASED ON South African Time GMT+2

CONGRESS [DAY ONE] Wednesday, 1 September 2021

Opening Plenary Session

08h00 - 08h25	ICD 2020 Chairperson Welcome Remarks and Introduction Dr Christine Taljaard-Krugell, ICD 2021 Organising Committee Chairperson (South Africa) Prof Lisanne du Plessis, ICD 2021 Scientific Committee Chairperson (South Africa) Prof Giuseppe Russolillo, Chairperson - International Confederation of Dietetics Associations (ICDA)
08h25 - 08h30	Member Country Flag Ceremony

LIVE SESSIONS		PRESENTATIONS			
SESSION [1] : KEYNOTE PRESENTERS		Life Course Nutrition: Infant and Young Child Nutrition	The Dietetic / Nutrition Professional	Non-Communicable Diseases	
08h30 - 09h10	Global Nutrition – where are we at? Dr Lawrence Haddad, Executive Director Global Alliance for Improved Nutrition (GAIN)	10h00 - 10h15	The South African Child Gauge 2020 Prof Julian May, University of the Western Cape, Dr Chantel Witten, Ms Lori Lake, University of Cape Town (South Africa)	Dietetic education in Canada: Are we preparing practitioners to accelerate change? Dr Jennifer Brady, Mount Saint Vincent University (Canada)	Very-low-carbohydrate-high-fat weight-loss diets and cardiovascular disease risk: a systematic review Dr Lynda Ross, Queensland University of Technology (Australia)
09h10 - 09h50	Unlocking the potential of the SDGs for Nutrition. A focus on Africa. Ms Kudakwashe Chimanya, UNICEF (Tanzania)	10h15 - 10h30	Provincial dietary intake study (PDIS): Macronutrient intakes of children and evidence of the nutrition transition in a representative/random sample of 1-<10- year old children in two economically active urbanizing provinces Prof Marjanne Senekal, University of Cape Town (South Africa)	International Dietetics and Nutrition Outreach: Formation of the Global Member Interest Group of the Academy of Nutrition and Dietetics Mrs Jen Brewer, Care For Life (United States)	Effect of Low-Fat Compared to Low-Carbohydrate Diet on Fasting Lipids and Metabolic Profile in Subjects with Multifactorial Chylomicronemia: A Randomized Crossover Study Manon Fantino, Institut de recherches cliniques de Montréal (IRCM) (Canada)
SESSION [2] : SYMPOSIA		10h30 - 10h45	Provincial dietary intake study (PDIS): Prevalence and sociodemographic determinants of the co-existence of stunting and overweight in the same child in 1-<10-year-old children from two provinces in South Africa Ms Sonia Malczyk, University of Cape Town (South Africa)	Exploring understandings of professionalism in dietetics education: a global perspective Ms Janeane Dart, Monash University (Australia)	Pine bark (Pinus spp.) extract for treating chronic disorders: a Cochrane Systematic Review Mrs Nina Robertson, Stellenbosch University (South Africa)
10h00 - 11h15	Gut microbiome as a target in dietetic practice Prof Kevin Whelan & Dr Megan Rossi, King's College London (United Kingdom), Dr Caroline Tuck, La Trobe University (Australia)	10h45 - 11h00	Provincial dietary intake study (PDIS): Prevalence and sociodemographic predictors of overweight/obesity in a representative sample of 1-<10-year-old children from two urbanized and economically active provinces in South Africa Prof Marjanne Senekal, University of Cape Town (South Africa)	Exploring the social 'fabrics' in dietetic education: influences on learning professionalism and professional identity Ms Janeane Dart, Monash University (Australia)	The relationship between homocysteine concentrations and cardiovascular measures including markers of haemostasis in South African adolescents Mrs Jacomina Du Plessis, North-West University (South Africa)
11h20 - 12h00	Dietetics capacity & practice in Africa: An analysis of the state of affairs Dr Richmond Aryeetey, Dr Matilda Asante, University of Ghana (Ghana)	11h00 - 11h15	Provincial dietary intake study (PDIS): Prevalence and sociodemographic predictors of overweight/obesity in a representative sample of 1-<10-year-old children from two urbanized and economically active provinces in South Africa Prof Marjanne Senekal, University of Cape Town (South Africa)	Developing practice placements for the future workforce: a collaborative London approach Mrs Annemarie Knight, King's College (United Kingdom)	Effects of daily consumption of prune (dried plum) on bone biomarkers and bone mineral density in healthy men Prof Shirin Hooshmand, San Diego State University (United States)
12h05 - 12h45	Global Status of School Meals and the Impact of Covid 19 Ms Donna Martin, Burke County Public Schools (United States)	11h15 - 11h30	Feeding practices of infants from KwaMashu, KZN, South Africa Dr Nazezia Sayed (South Africa)	Leaders wanted: A multicase study on leadership development of Canadian dietitians Ms Billie Jane Hermosura, University Of Ottawa (Canada)	Breakfast eating practices of New Zealand women with different BMI profiles Prof Rozanne Kruger, Massey University (New Zealand)
12h50 - 13h40	What is dietary counselling? Consensus around definitions of dietary counselling in the management of disease-related malnutrition Dr Elizabeth Weekes, Guy's & St Thomas' NHS Foundation Trust, Dr Christine Baldwin, King's College (United Kingdom), Prof Marion van der Scheuren, HAN University of Applied Sciences (Netherlands), Dr Alison Steiber, Chief Science Officer, Academy of Nutrition and Dietetics (United States), Dr Heather Keller, University of Waterloo (Canada), Dr Skye Marshall, Bond University (Australia)	11h30 - 11h45	Soybean-fiber-maize blend complementary food improves weight and reduces diarrhea-type stools in Malawian children aged 6-36 months. Dr Wendy Dahl & Dr Edda Lungu University Of Florida (United States)	Development of a competency framework in nutrition and dietetics: a rapid review Mrs Chantal Bemeur, University of Montreal (Canada)	
13h45 - 14h45	Ajinomoto Session Eradication of malnutrition and "Japan * Nutrition" Prof Teiji Nakamura, President of Japan Dietetic Association President of Kanagawa University of Human Services (Japan)	11h45 - 12h00	Nutritional status of children attending early childhood development centres in Gauteng, North-West and Limpopo Province, South Africa Ms Suzan Mokone, Sefako Makgatho University Of Health Sciences (South Africa)		

SESSION [3] : LIVE DISCUSSION			Life Course Nutrition Pregnancy	Sustainable Food Systems and Food-Based Approaches	Life Course Nutrition Breastfeeding
14h45 - 15h30	National Health Insurance (NHI) Universal Healthcover - Lessons Learnt	12h00 - 12h15	Nutritional support for patients recovering from COVID-19. A consensus process with health and social care sector representatives. Prof Mary Hickson, University of Plymouth (United Kingdom)	Session Introduction: Prof Jane Battersby-Lennard, University of Cape Town (South Africa)	Analyzing Costs Associated with Human Milk Banks in South Africa Mr Gilbert Tshitaudzi, National Department Of Health (South Africa)
15h30 - 16h15	Health Promotion Levy (HPL) 'Sugar Tax' Discussion	12h15 - 12h30	A higher red blood cell arachidonic acid to eicosapentaenoic acid ratio during pregnancy is associated with a higher risk of premature birth in urban South Africa: the NuPED study Dr Elize Symington, University of South Africa (UNISA) (South Africa)		Perspectives of employees and employers regarding breastfeeding support in the workplace Mrs Lynette Daniels, Stellenbosch University (South Africa)
SESSION [4] : KEYNOTE PRESENTERS		12h30 - 12h45	The Effect of Folate Gene-Nutrient Interactions on Small-for-Gestational-Age Risk in the Screening for Pregnancy Endpoints (SCOPE) Cohort Study Mrs Rhodi Bulloch, University of Auckland (New Zealand)	The importance of fostering public-private partnerships for an improved country-specific food composition database Mrs Joelaïne Chetty, South African Medical Research Council Biostatistics Unit SAFOODS (South Africa)	Opinions of mothers attending a certain health center on facilitators to exclusively breastfeed for the first six months Mrs Nyabana Martha Maponya, University Of Limpopo (South Africa)
16h25 - 17h05	Accelerating change towards healthy diets for all - what needs to be done by whom and how? Prof Corinna Hawkes, City University of London (United Kingdom)	12h45 - 13h00	Reported health and macronutrient intake of pregnant women attending an antenatal clinic at Pelonomi Hospital in Bloemfontein Mrs Liska Robb, University of the Free State (South Africa)	New Zealand's Food System Is Unsustainable: A Survey of the Divergent Attitudes of Agriculture, Environment, and Health Sector Professionals Towards Eating Guidelines Ms Rebekah Jones, Dietitians New Zealand (New Zealand)	Factors affecting breastfeeding among factory workers in Mamputsoe, Lesotho Dr Mamotsamai Ranneileng, National University Of Lesotho (Lesotho)
17h05 - 17h45	Critical Care Update. Prof Renée Blaauw, Stellenbosch University (South Africa)	13h00 - 13h15	Antenatal anaemia is associated with increased systolic blood pressure in late pregnancy among urban women in South Africa: the NuPED study Mrs Caylin Goodchild, University of the North-West (South Africa)	Nourish Dialogue Dinners: A Novel Approach of Dietitians Connecting Local Food Systems Stakeholders to Identify Improvement Opportunities Dr Katie Brown & Ms Janice Giddens, National Dairy Council Dr Diane Stadler, Oregon Health & Science University (United States)	
ICDA SESSION		13h15 - 13h30	An Examination of Pregnant Mothers' Nutrition Knowledge, Dietary and Physical Activity Practices in Trinidad Dr Isabella Francis-Granderson, The University Of The West Indies, St. Augustine Campus (Trinidad)	Growing Capacity for Sustainable Food Systems within the Profession of Nutrition and Dietetics: Initiatives from the Academy of Nutrition and Dietetics and its Foundation Dr Marie Spiker, Academy Of Nutrition And Dietetics Foundation (United States)	
		13h30 - 13h45	Socio-economic status and dietary intake of micronutrients in pregnant women in the urban Free State, South Africa Dr Jennifer Ngounda, University of the Free State (South Africa)		
	Sustainable Food Systems Project Dr Liesel Carlsson, Acadia University (Canada)		Medical / Nutrition Therapy	Digital Health	Nutrition Interventions
18h00 - 20h00	Workshop Description: This workshop is for colleagues who are interested in accelerating work on the roles of nutrition and dietetic practitioners in sustainable food systems and diets (SFS). In this workshop, we will share an overview of the history and progress of ICDA's Food Sustainability Initiative, including the member-informed SFS toolkit (cdasustainability.org). Following this, workshop participants will engage in facilitated discussion to identify: opportunities to build on existing tools, ways to collaborate to amplify mutual goals, gaps that remain to facilitate this work, and barriers to full participation. Before closing, we will identify priorities, collaborative opportunities, and barriers requiring attention, which participants can use to inform their own work following the workshop. By the end of this workshop, we hope participants will: - Understand what the Food Sustainability Initiative is - Be familiar with the ICDA SFS Toolkit and how they can both contribute to and benefit from it - Have an improved understanding of the opportunities to collaborate with, and those who are working to support sustainability-informed nutrition and dietetic practice	15h00 - 15h15	Sub-regional quality improvement initiative: Team-based malnutrition screening as a standardized intervention in the post-hospital discharge follow-up program Mr Denis Tsang, Village Family Health Team (Canada)	Mobile health and narrative entertainment-education to promote exclusive breastfeeding in Western Cape Ms Nophiwe Job, Stanford University (South Africa)	Assessing malnutrition in long-term care: what is the best method? Prof Heather Keller, Schlegel-university Of Waterloo Research Institute For Aging (Canada)
		15h15 - 15h30	The use of the "FIGO Nutrition Checklist" in routine antenatal care: a pilot and acceptability study Ms Sarah Louise Killeen, Ucd Perinatal Research Centre (Ireland)	Predictive validity of digitised screening algorithms to detect weight-for-age (WFA) growth faltering in under-five children as a risk factor for severe acute malnutrition (SAM) Mrs Sanja Nel, University Of Pretoria (South Africa)	Weight stigma in perinatal care: Perspectives of women with high BMI and dietitians Ms Lindsey Mazur, University Of Manitoba (Canada)
		15h30 - 15h45	Implementing nutrition screening in medical and surgical patients; expanding the role of dietitians as change agents Prof Heather Keller, Schlegel-university Of Waterloo Research Institute For Aging (Canada)	Development of a Diet Profiling Algorithm contributing to diet assessment and nutritional advice for use in digital nutrition tools and platforms Ms Marta Alonso-Bernádez, Alimentomica S.L (Spain)	Workplace cafeteria and other multicomponent interventions to promote healthy eating among adults: A systematic review Dr Ashika Naicker, Durban University Of Technology (South Africa)
		15h45 - 16h00	Guidelines on standard and therapeutic diets in hospital in France Mr Ghislain Grodard-Humbert, AFDN French Association of Dietitians Nutritionists (France)	Adult triathletes' attitude and perceptions towards the use of telenutrition Ms Karlien Duvenage, Private (South Africa)	Impact of Complementary Feeding Intervention on the Knowledge, Attitude and Intention of Lactating Mothers in Abakaliki L.G.A, Ebonyi State Nigeria Mrs Linda Edafighor, Federal Medical Centre (Nigeria)
CONGRESS [DAY TWO] Thursday, 2 September 2021					
SESSION [5] : KEYNOTE PRESENTERS			Medical / Nutrition Therapy: Clinical	Food and Nutrition Security	Research Methodologies for Nutrition
08h00 - 08h40	Nutrition in Disaster Situations Dr Imtiaz Sooliman (South Africa)	09h30 - 09h45	Prevalence of nutritional-related symptoms in discharged previously ventilated adult ICU patients - The pilot Symptoms and Nutrition After Critical Care (SNACC) survey Mrs Louise Albrich, Yeovil District Hospital Nhs Foundation Trust (United Kingdom)	Community-level interventions for improving access to food in low- and middle-income countries: a Cochrane review Mrs Solange Durao, Cochrane (South Africa)	The statistical methods and software used in nutrition and dietetic research: A review of the published literature using text mining Ms Alison Coenen, University Of Wollongong (Australia)

08h40 - 09h20	Stories of Change in Nutrition: What Have We Learnt? Dr Stuart Gillespie (United Kingdom)	09h45 - 10h00	A laboratory-based evaluation of tube blocking and microbial risks associated with one blended enteral feed recipe Dr Angela Madden, University Of Hertfordshire (United Kingdom)	Does Term-Time Employment Protect Students from Food Insecurity in UK Higher Education Institutions? Dr Claire Blennerhassett, Edge Hill University (United Kingdom)	Variability of resting energy expenditure (REE) and its components of early, middle and late achievers of steady state (SS): A study of 6-9-year-old Southern African children. Mrs Adeline Pretorius, University Of Pretoria (South Africa)
SESSION [6] : SYMPOSIA		10h00 - 10h15		Prevalence of malnutrition and food insecurity in women and children in rural Guatemala. A comparative study of two different communities Mrs Jen Brewer, Global Nutrition Consultant (United Kingdom)	Agreement between measured height, and height predicted from published estimate equations, amongst adults in a South African hospitalised population Mrs Hanna Williamson, Private Practice (South Africa)
09h30 - 10h15	Food Science and Technology for Improving Nutrition, Unlocking Potential and Accelerating Change (Presented By the South African Association for Food Science and Technology (SAAFoST)) Mr Nigel Sunley, Sunley Consulting, Linda Drummond, registered dietician and nutrition consultant, Prof Naushad Emmambux, University of Pretoria (South Africa) Symposium Chair: Prof Gunnar Sigge, University of Stellenbosch (South Africa)	10h15 - 10h30		Nutrient composition, organoleptic attributes and microbial quality of corn-based breakfast cereals fortified with soya beans and bambaranut Mrs Florence Adeosun, Federal Polytechnic Bauchi (Nigeria)	Nutrition research at the North-West University 1998-2018: Impact, scope and reach through evidence mapping Mrs Magdaleen Grundlingh, North-West University (South Africa)
10h20 - 11h00	Food intolerance - A practical seminar for dietitians Dr Anne Swain, Royal Prince Alfred Hospital Allergy Unit (Australia)	10h30 - 10h45			Introduction of a Global, Low-Burden Diet Quality Questionnaire (DQ-Q) Mr Chris Vogliano, Massey University (New Zealand)
11h05 - 11h50	Different countries, different stories & different journeys towards a common Nutrition Care Process & Terminology – (NCP/NCPT) Dr Angela Vivanti, Princess Alexandra Hospital (Australia) Dr Constantina Papoutsakis, Academy of Nutrition and Dietetics (United States), Dr Elin Lövestam, Uppsala University (Sweden)		Nutrition Education and Behaviour Change	The Dietetic / Nutrition Professional	Sport Nutrition and Physical Activity
11h55 - 12h45	Capacity building through innovative training to improve early life nutrition & health in South Africa: the ImpENSA project Prof Berthold Koletzko, Ludwig Maximilian University of Munich (Germany), Prof Mieke Faber, South African Medical Research Council & representing ADSA/NSSA, Prof Lize Havemann-Nel, North-West University, Dr Zelra Malan, Stellenbosch University (South Africa)	10h45 - 11h00	Thinking differently about critical thinking Dr Jason Riis, Behavioralize, LLC (United States)	Job Satisfaction and Perception of Workload among Dietitians / Nutritionists in South Africa Prof Louise Van Den Berg, University Of The Free State (South Africa)	Session Introduction: Details to be Confirmed
12h50 - 13h20	Novo Nordisk Symposium The Biology of Appetite Regulation and Role of Pharmacotherapy in Obesity Management Speaker to be Confirmed	11h00 - 11h15	A Recipe for Nutrition Competent Physicians at the Northern Ontario School of Medicine (NOSM) Mrs Lee Rysdale, Northern Ontario School of Medicine (Canada)	Dietitian-led clinics in primary care: A scoping review Prof Mary Hickson, University of Plymouth (United Kingdom)	Recreational running may improve inflammation resolution Prof Linda Malan, North-West University (South Africa)
SESSION [7] : LIVE DISCUSSION		11h15 - 11h30	A feasibility study investigating the practicalities and experiences of implementing a healthy diet skills programme in a faith-placed, foodbank setting Ms Alexandra Harper, Coventry University (United Kingdom)	Discrepancy in the evaluation of explicit and implicit outcomes for patients at risk of malnutrition: a qualitative study Mrs Lina Al-Adili, Uppsala University (Sweden)	The effect of olive leaf extract supplementation on performance in active individuals; a randomised controlled cross-over trial Mr Vaughan Somerville, The University of Auckland (New Zealand)
13h30 - 14h15	Covid-19 Immunity and Nutrition	11h30 - 11h45	Comparison of behavior change in the purchase of packaged food with warning labels according to the participants' education level Dr Samuel Durán, Universidad San Sebastián (Chile)	What is dietary counselling? The need for a consensus on the definitions of terms used to describe oral interventions used in the management of malnutrition Dr Elizabeth Weekes, Guy's & St Thomas' Nhs Foundation Trust (United Kingdom)	The Effects of macronutrient manipulation and gut training on ultrarunning race performance Dr Claire Blennerhassett, Edge Hill University (United Kingdom)
14h15 - 15h00	Covid-19 Socio-Economic Impact NIDS-CRAM Results Prof Reza Daniels, University of Cape Town (South Africa)	11h45 - 12h00	Effectiveness of a diabetes nutrition education programme on clinical status and dietary behaviours in adults with type 2 diabetes in South Africa Dr Jane Muchiri, University of Pretoria (South Africa)	Influence of the research involvement of dietetic internship directors on the experiences aligned with an accreditation required research competency in dietetic internship programs Dr Amanda Newell, Bradley University (United States)	Changes over ten-years in Body Mass Index and Physical Activity in black South African adults from the North West Province Ms Phumudzo Mamphwe, University Of Pretoria (South Africa)
SESSION [8] : KEYNOTE PRESENTERS		12h00 - 12h15		Owning our influence: Global data on dietitians and consumer trust Ms Sue Cloran, Eat Well Global (Ireland)	
15h10 - 15h50	'Prevention and management of micronutrient deficiencies during early life' Prof Jeannine Baumgartner, Human Nutrition Laboratory of ETH Zürich (Switzerland) and North-West University (NWU) (South Africa).		Nutrition-Related Policy / Regulation / Legislation	Life Course Nutrition: Body Composition in Pregnancy and Childhood	Food and Nutrition Security
15h50 - 16h30	Prof Kevin Whelan, King's College London (United Kingdom)	12h15 - 12h30	Nutrient profiling as a tool for regulating the marketing of foods to children: guidance for choosing a model Dr Mariaan Wicks, North-West University (South Africa)	Impact of lifestyle interventions on body weight in postpartum women: a systematic review and meta-analysis Dr Sharleen O'Reilly, Institute Of Food And Health (Ireland)	Food Environment Influence On Health Risk Of Adults In Limpopo, South Africa Prof Xikombiso Mbhenyane, Stellenbosch University (South Africa)

SESSION [9] : SYMPOSIA		12h30 - 12h45	Use of social media platforms by manufacturers to market breast-milk substitutes in South Africa. Mrs Catherine Pereira-Kotze (South Africa)	Effects of total fat intake on bodyweight in children: a Cochrane systematic review Dr Celeste Naude, Centre For Evidence-based Health Care, Stellenbosch University (South Africa)	Analysis of immediate vulnerability determinants towards achieving the right to food: a case study of women and children in the Umlazi township, Pietermaritzburg, South Africa Dr Annette van Onselen, Sefako Makgatho Health Sciences University University of KwaZulu-Natal (South Africa)	
16h35 - 17h20	In-hospital treatment of infants 0-6 months diagnosed with severe acute malnutrition Dr Martani J Lombard, North-West University (South Africa), Dr Bernadetta Chimera, Tufts University (USA) (stationed in Malawi) Dr Jaden Bendabenda, WHO (Switzerland)	12h45 - 13h00	Maternity protection benefits for non-standard employees in low-and-middle-income countries and potential implications for breastfeeding practices: A scoping review Mrs Catherine Pereira-Kotze (South Africa)	Ponderal Index, maternal smoking, and adult body composition Dr Jessica Garay, Syracuse University (United States)	The potential contribution of Bambara Groundnut, as a underutilised indigenous pulse, to nutrition and food security Mrs Zani Veldsman, Blend Food (South Africa)	
17h25 - 18h10	Innovative approaches to elevate professional training: Continuing education, master's & doctorate in clinical nutrition Dr Judith Rodriguez, Dr Catherine Christie, Dr Lauri Wright and Dr Andrea Arikawa, University of North Florida (United States)	13h00 - 13h15	Simultaneous monitoring of sodium reduction and iodine status required to ensure compatibility of the two public health interventions: Case study from South Africa Prof Karen Charlton, University Of Wollongong (Australia)	A systematic review and quantitative analysis of resting energy expenditure prediction equations in healthy overweight and obese children and adolescents Dr Angela Madden, University Of Hertfordshire (United Kingdom)	Quantification of aflatoxins and ochratoxin A in chicken tissue and eggs therein Cameroon and population dietary exposure Mr Tatfo Keutchatang Fabrice De Paul, University Of Yaoundé 1 (Cameroon)	
18h15 - 19h00	Hydration resources for dietitians: The European Healthy Hydration Awareness Campaign (EuHHAC) Mrs Pauline Douglas, Ms Annemieke Van Ginkel Res, Ms Katerina Belogianni and Mrs Judith Liddell, European Federation of the Associations of Dietitians (EFAD)	13h15 - 13h30		The association between pre-pregnancy body mass index, perinatal depression and maternal vitamin D status: Findings from an Australian obstetric cohort study Dr Catherine Knight-Agarwal, University of Canberra (Australia)	Indigenous food ingredients for complementary food formulations to combat infant malnutrition in Benin: a review Dr Flora Chadare, National University Of Agriculture (Benin)	
19h05 - 19h50	Advancing Dietetics in Europe through Collaboration 1. Prevention of Malnutrition In Senior Subjects in the EU – a pan-European Horizon2020 project – the dietitians' perspective 2. Advocating for Nutrition & Dietetics in Europe: a model for good practice 3. Working with membership volunteers to achieve association goals Mrs Judith Liddell, Reka Kegyes and Annemieke van Ginkel-Res, European Federation Of The Associations Of Dietitians (EFAD)	13h30 - 13h45			Measuring rural food environments for local action in Australia: How, what and why? Dr Penelope Love, Deakin University (Australia)	
[END DAY TWO]		Nutrition in the time of COVID-19		Medical / Nutrition Therapy: Clinical		
		14h00 - 14h15	Nutritional status of children attending early childhood development centres in Gauteng, North-West and Limpopo Province, South Africa Ms Suzan Mokone, Sefako Makgatho University Of Health Sciences (South Africa)	Nutritional Status of Patients Receiving Maintenance Haemodialysis in Bloemfontein, South Africa Mrs Ermi Spies, University of The Free State (South Africa)		
		14h15 - 14h30	Impact of the early covid-19-related restrictions on food security: the situation of Ghana Mrs Eunice Berko Nartey, University of Health and Allied Sciences (Ghana)	In-hospital growth of very low birth weight preterm infants: comparative effectiveness of two human milk fortifiers Mrs Johanna Kemp, University of Pretoria (South Africa)		
		14h30 - 14h45	Impact of COVID-19 pandemic lockdown on food commodity price differentials and consumers' purchasing behaviour In Nigeria Mr Gideon Iheme, Michael Okpara University Of Agriculture Umudike (Nigeria)	Hospital Acquired Malnutrition (HAM): incidence and contributors across five Australian public hospitals over 3½ years Dr Lynda Ross, Queensland University Of Technology (Australia)		
		14h45 - 15h00		Prevalence of malnutrition at cancer diagnosis in Paediatric Oncology Units in South Africa Ms Judy Schoeman, Steve Biko Academic Hospital University of Pretoria (South Africa)		
		Non-Communicable Diseases: Obesity and Diabetes Mellitus		Communicable / Infectious Diseases HIV / TB		
16h30 - 16h45	Sarcopenia, Myosteatosis, and Visceral Obesity are Widely Prevalent in Today's Patient and Associate with Adverse Outcomes - Especially in Male Patients Dr Heidi Silver, Vanderbilt University Medical Center (United States)		Omega-3 fatty acid and iron supplementation alone, but not in combination, lower inflammation and anaemia of infection in Tuberculosis Dr Arista Nienaber, North-West University (South Africa)			

	16h45 - 17h00	Prevalence of Hyperinsulinemia and Insulin Resistance: A Cross-Sectional Study of Adolescents and Young Adults in Mumbai Prof Jagmeet Madan, Sir Vithaldas Thackersey College Of Home Science (India)	Low omega-3 polyunsaturated fatty acid status prior to infection improve TB disease progression and lung pathology Mrs Simoné King, Reef Caterers Healthcare division (South Africa)
	17h15 - 17h30	Effectiveness of a Very Low Carbohydrate Ketogenic Diet Compared to a Low Carbohydrate and Energy-Restricted Diet in Overweight/Obese Type 2 Diabetes Patients Mrs Ellen Govers (Netherlands)	Skeletal Muscle Atrophy and Ectopic Fat Infiltration of Skeletal Muscle are Associated with Glucose Intolerance in Adults with Treated HIV Dr Heidi Silver, Vanderbilt University Medical Center (United States)
	17h30 - 17h45	Snacking pattern and its association with body composition in young adults of Mumbai Prof Jagmeet Madan, Sir Vithaldas Thackersey College Of Home Science (India)	The association of HIV status and HAART with plasma clot characteristics in black South Ms Shams Bakali, North-West University (South Africa)
	17h45 - 18h00		Two-fold higher odds of stunting and anaemia in urban HIV-infected compared to uninfected South African schoolchildren Mrs Charlene Goosen, Stellenbosch University (South Africa)

CONGRESS [DAY THREE] Friday, 3 September 2021

SESSION [10] : KEYNOTE PRESENTERS		Non-Communicable Diseases: CVD, HPT and Cancer	Nutrition Education and Behaviour Change	Food Service Management
08h05 - 08h30	National Department of Health South Africa Representative	09h30 - 09h45 The inflammatory potential of the diet of rural and urban black South Africans Ms Maylene Ferreira, Center Of Excellence For Nutrition North-West University (South Africa)	A systematic review of behaviour change techniques to improve gluten-free diet adherence in individuals with coeliac disease Dr Brian Power, Institute of Technology - Sligo (Ireland)	Quality Aspects of Hospital Foodservice: A Scoping Review of articles published 2000-2020 Mrs Emma Wilandh, Uppsala University (Sweden)
08h30 - 09h10	Prof Edith Feskens, Wageningen University (Netherlands)	09h45 - 10h00 Impact of individualised dietary advice on food choices, weight loss and blood pressure in a lifestyle intervention trial: the Healthtrack study Prof Linda Tapsell, University Of Wollongong (Australia)	Children are key informants about establishing healthy eating habits; using Participatory Action Research with primary school children Dr Suzanne Waddingham, University Of Tasmania (Australia)	Implementation of a Food Service Ambassador Model in an Australian Private Hospital Mrs Claire Matthews, Cabrini Health (Australia)
SESSION [11] : SYMPOSIA		10h00 - 10h15 Adherence to the World Cancer Research Fund/American Institute for Cancer Research recommendations is associated with a lower breast cancer risk in black South African women Ms Inarie Jacobs, North-West University (South Africa)	Awareness and Utilization of Nutrition Information on Packaged Food Product labels Among Respondents in Nsukka, Enugu State, Nigeria Ms Chioma Anidi, University Of Nigeria Nsukka (Nigeria)	Exploring patient satisfaction with hospital foodservice – a Swedish study using the Acute Care Hospital Foodservice Patient Satisfaction Questionnaire Mrs Sofia Rapo, Umeå University (Sweden)
09h15 - 10h00	Unlocking the potential of today's graduate dietitian: building strong systems of personal infrastructure Mrs Annemarie Knight, Kings College (United Kingdom), Dr Dianne Reidlinger, Bond University (Australia), Ms Janeane Dart, Monash University (Australia)	10h15 - 10h30 Consumption of unprocessed/minimally processed and ultra-processed foods and the association with breast cancer risk in black South African women: the SABC study Ms Inarie Jacobs, North-West University (South Africa)	Factors associated with salt intake in healthy young adults in the United Kingdom: Taste preference and salt knowledge Mrs Nicole Lubasinski, St Mary's University, Twickenham (United Kingdom)	Nutritional adequacy of food served and consumed compared to patient requirements and patient satisfaction with food service in three public hospitals in the Western Cape metro-pole, South Africa Mrs Marieke Theron, University of Cape Town (South Africa)
10h05 - 11h00	How to create healthier food environments: the roles of public and private sector action Dr Stuart Gillespie, International Food Policy Research Institute (United Kingdom), Prof Namukolo Covic, International Food Policy Research Institute (IFPRI) (Ethiopia), Prof Corinna Hawkes, City University of London (United Kingdom), Mr Nzama Lawrence Mbalati, HEALA (South Africa), Prof Scott Drimie, Stellenbosch University (South Africa)	10h30 - 10h45		Malnutrition solutions that stick Ms Danielle Cave, The University Of Queensland (Australia)
11h05 - 11h50	Experiences & reflections when incorporating the Nutrition Care Process & Terminology – (NCP/NCPT) into electronic health records Dr Angela Vivanti, Princess Alexandra Hospital (Australia), Ms Luise Persson Kopp, The Danish Dietetic Association (Denmark), Ms Jessie Pavlinac, Oregon Health & Science University (United States)		Sustainable Diets	Food Service Management Cont.
11h55 - 12h40	The implementation & evaluation of the impact of food-based dietary guidelines (FBDGs) Prof Edith Feskens, Wageningen University (Netherlands) How do the food choices of consumers measure up to the South African Food-based Dietary Guidelines? Mrs Hester Vermeulen, Bfap (South Africa)	10h45 - 11h00 Growing the business of Whole Grain in the Australian market: 6 year impact assessment Dr Sara Grafenauer, Grains & Legumes Nutrition Council (Australia)	Fish supplementation and cognition in resource-limited elderly: A randomised controlled trial Mrs Lizette, Kuhn, University of Pretoria (South Africa)	Development of food provision guidelines for early childhood development centres and places of safety Prof Annelie Gresse, Nelson Mandela University (South Africa)

12h45 - 13h30	The application & interpretation of nutrient & dietary patterns & health outcomes in the NCD context Prof Edith Feskens, Wageningen University, (Netherlands) The relationship between dietary patterns & blood pressure in the African-PREDICT study population , Mrs Talia Schaap, Center Of Excellence For Nutrition North-West University (South Africa)	11h00 - 11h15	Measuring the proximity and density of fast food outlets to schools in Johannesburg using Geographic Information Systems (GIS) Dr Bianca van der Westhuizen, University of South Africa (UNISA) (South Africa)	The relationship between under-nutrition risk, sarcopenia, strength and function in community-dwelling older adults after hospital discharge Prof Mary Hickson, University of Plymouth (United Kingdom)	Nutrient composition and percentage contribution of boarding secondary schools meals in Nsukka to recommended nutrient intake (RNI) of adolescents Dr Adaobi Okafor, University of Nigeria (Nigeria)
13h35 - 14h20	Forging new frontiers in public health research & development with the nutrition care process Dr Patricia Splett, Academy of Nutrition and Dietetics (United States), Dr Lauri Wright, University of North Florida (United States)	11h15 - 11h30	Price incentives within university food outlets and their impact on the purchasing behaviour of young adults Dr Rajshri Roy, University of Auckland (New Zealand)	Intake of Protein, Food Sources and Distribution among Māori and non-Māori Octogenarians: Life and Living in Advanced Age: a Cohort Study in New Zealand Prof Carol Wham, Massey University (New Zealand)	SYMPOSIA ON DEMAND
14h25 - 15h10	Evidence-based Nutrition Practice Guidelines (EBNPG): a targeted approach to Interventions Dr Deepa Handu, Dr Alison Steiber, Academy of Nutrition and Dietetics (United States)		Nutrition Education and Behaviour Change	Nutrigenetics and Nutrition-Omics	
SESSION [12] : KEYNOTE PRESENTERS		11h30 - 11h45	The influence of different nutrition messages on intention to reduce unhealthy food consumption: a randomised crossover trial Ms Joyce Haddad, A Dietitian's Mission (Australia)	Impact of vitamin D supplementation and VDR and ADR gene polymorphisms in weight loss diet outcomes Dr Konstantinos Xenos, National And Kapodistrian University Of Athens (Greece)	
15h15 - 15h55	Dr Simón Barquera, National Institute of Public Health (Mexico)	11h45 - 12h00	There is more to nutrition care than just nutrition: Communicational skills in nutrition care of cancer patients Mrs Nanna Ruenkratok Lang, Via University College (Denmark)	Effect of Incorporating Genetic Testing Results into Nutrition Counselling and Care on Anthropometric Outcomes: A Subsection of the Evidence Analysis Center Systematic Reviews Dr Andrea Braakhuis, The University of Auckland (New Zealand)	
16h00 - 16h45	"Improving nutrition, unlocking potential, and accelerating change in Africa": The role of measurement, evaluation, accountability, and leadership support (MEALS). Dr Amos Laar, University of Ghana (Ghana)	12h15 - 12h30	Anthropometric Status and Nutrient Intake Of In-School Adolescents Aged 10-19 Years In Ekwulobia, Aguata Local Government Area, Anambra State, Nigeria Dr Chika Ndiokwelu, University of Calabarersary (Nigeria)	The influence of taste on diet and obesity in African American students Dr Terezia Tolar-Peterson, Mississippi State University (United States)	Training the dietitian using work integrated learning Dr Tertia van Zyl, Dr Mariaan Wicks, Prof Cornelia Nienaber-Rousseau, Prof Lize Havemann-Nel, Dr Robin Dolman, North-West University (South Africa)
16h45 - 17h00	PREVIEW : 19th International Congress of Nutrition and Dietetics (ICND) 12 - 14 June 2024 Toronto CANADA		Disability / Special Needs	Severe Acute Malnutrition (SAM) Moderate Acute Malnutrition (MAM)	
ICD 2021 CONGRESS CLOSURE		13h00 - 13h15	Inconsistent evidence for oral nutrition support interventions from systematic reviews: Why realist review methodology is needed Dr Elizabeth Weekes, Guy's & St Thomas' Nhs Foundation Trust Dr Christine Baldwin, King's College London (United Kingdom)	Ready-to-use therapeutic food (RUTF) for home-based nutritional rehabilitation of severe acute malnutrition in children from six months to five years of age: a Cochrane review Ms Anel Schoonees, Stellenbosch University (South Africa)	Global Dietitian Initiatives - IAAND Colleagues Advance Professional Practice Prof Rubina Hakeem, College of Home Economics (Pakistan), Ms Tatyana Elkour, Independent Consultant (Jordan), Dr Elin Lovestam, Uppsala University (Sweden)
		13h15 - 13h30	Dietetics and community pharmacy working together; improving nutritional care for patients prescribed oral nutritional supplements (ONS) Ms Lynsey Robinson & Mrs Michele Rae, Nhs Greater Glasgow & Clyde (United Kingdom)	Admission morbidity characteristics, treatment outcomes and determinants of mortality of children aged 0-59 months with complicated severe acute malnutrition in 3 referral hospitals in Ghana - An observational study Ms Janet Carboo, North-West University (South Africa)	
		13h30 - 13h45	Decolonising Deliciousness: Food, Diet Modifications and Disability Prof Mershen Pillay, Massey University (New Zealand) University of KwaZulu-Natal (South Africa) & Mr Peter Lam, University of British Columbia (Canada)	Chemical and Organoleptic Characteristics of Extruded Cereal - Legume Based Ready- To - Use Therapeutic Foods (Rutfs) For Management of Severe Acute Malnutrition (Sam) In Nigeria Mrs Rita Nwankwo, Federal Polytechnic, Mubi (Nigeria)	
		13h45 - 14h00	Current practices and challenges of registered dietitians in the nutritional management of children with Cerebral Palsy in South Africa Dr Evette Van Niekerk and Ms Deborah Jacobson, Stellenbosch University (South Africa)	Evaluation of the supplementary feeding programme targeted at moderately malnourished children aged 6 to 59 months in Baringo County, Kenya Mrs Ronel Beukes, Stellenbosch University (South Africa)	
		14h00 - 14h15	Diet quality is associated with malnutrition and low calf circumference in Canadian long-term care residents Dr Natalie Carrier & Dr Lita Villalon, Université De Moncton (Canada)		

[WORKSHOPS] Saturday, 4 September 2021

08h00 - 11h00

11h30 - 14h30

15h00 - 18h00

WORKSHOP IMPORTANT NOTES

How to publish in an international nutrition journal Prof Salome Kruger, North-West University, Dr Mieke Faber, South Africa Medical Research Council (South Africa), Prof Sandra Capra, University of Queensland (Australia)	A Balancing Act: Ensuring optimal child nutrition & preventing conflict of interest Submitter: Ms Jane Badham, JB Consultancy (South Africa) Further details to be confirmed	One Blue Dot – Showcasing how dietitians can influence and shape national policies on environmentally sustainable diets Dr Clare Pettinger The British Dietetic Association (United Kingdom)	Sports nutrition – through a wide-angle international lens brought to you by pines – Professionals in nutrition for exercise & sport Ms Shelly Meltzer Prof Fiona Pelly PINES Ms Jacque Scaramella U.s. Olympic & Paralympic Committee (United States) Dr Sharon Madigan Sport Ireland Institute (Ireland) Mrs Catalina Fernandez Costa Rica Olympic Committee (Costa Rica) Mrs Joanne Mirtschin Australian Institute Of Sport (Australia) Ms Kinita Kadakia Patel, Ms Rachael Mack, Dr Nancy Clarke	One Million Strong: Empowering dietitians to transform the food system - Sustainable Food Systems Master Class Mr Chris Vogliano Massey University (New Zealand) Ms Kate Geagan & Ms Sherene Chou California State University (United States) Ms Sharon Palmer (United States)	<ul style="list-style-type: none"> ▶ Workshops will be recorded for CONGRESS ARCHIVE purposes only. ▶ Recordings will not be made available to any attendee whether booked or not. [Just like an in person meeting] ▶ Workshop facilitators presenters have the copyright and on request can get a copy of the recorded workshop. ▶ Delegates booked and unable to attend (e.g. due to timing clash based on time zones) - Can select to attend different workshop or get a refund.
Podcasts & email marketing: Tune in to the perfect value-adds for Dietitians Dr Maree Ferguson Ms Kate Agnew Dietitian Connection (Australia) Ms Melissa Joy Dobbins Sound Bites (United States)	Developing an international consensus on entrustable professional activities & milestones for entry level dietetics (90 minutes) Dr Mary Hannan-Jones Queensland University Of Technology Prof Eleanor Beck University of Wollongong Dr Andrea Begley Curtin University Ms Janeane Dart Monash University (Australia)	Qualitative research methodology in dietetics and nutrition Mr Florian Kroll Dr Rina Swart University of the Western Cape Dr Chantell Witten University of the Free State Dr Gillian Black Sustainable Livelihoods Foundation (South Africa)	Managing the emerging epidemic of food allergy Mrs Raquel Durban, Asthma & Allergy Specialists, Mrs Marion Groetch, Jaffe Food Allergy Institute, Icahn School of Medicine at Mount Sinai, Dr Carina Venter, University of Colorado Denver School of Medicine Children’s Hospital Colorado (United States), Dr Rosan Meyer, Imperial College, Dr Berber Vlieg-Boerstra, OLVG & Hanze University of Applied Sciences Groningen (Netherlands), Ms Vicki McWilliams, Telethon Kids Institute, Dr Merryn Netting, Adelaide’s Women’s & Children’s Hospital & South Australian Health & Medical Research Institute (Australia) Ms Alison Campbell Lang, WITS Donald Gordon Medical Center and Parklane Hospital (South Africa), Dr Isabel Skypala, Imperial College (United Kingdom) MODERATOR: David Fleischer, University of Colorado Denver School of Medicine Children’s Hospital Colorado (United States)		

POSTER PRESENTATIONS

Posters will be viewed in the POSTER GALLERY | Contact details will be added for Q&A

THEME: Communicable / Infectious Diseases: Etiology, Prevention and Management

THEME: Ethics and Leadership for Nutrition

RESEARCH POSTERS	
Presenter Details	Poster Title
Dr Elizabeth Solis Perez Universidad Autónoma De Nuevo León (Mexico)	Adipogenic virus Adenovirus-36 seroprevalence and obesity in adults in northeast Mexico.
Mrs Bianca Tromp Heart and Stroke Foundation (South Africa)	Implementation of the Prevention of Mother-to-Child Transmission (PMTCT) Program in the Northern Cape, South Africa
Dr Lauri Wright University Of North Florida (United States)	Nutrition Risk and Validation of a HIV Disease-Specific Nutrition Screening Tool in Ghana

RESEARCH POSTERS	
Presenter Details	Poster Title
Mrs Majeedah Belding Majeedah Belding Nutrition (Canada)	Demonstrated assumptions about individuals identified as dietitians based on appearance, and impacts on patients’ trust
Ms Mary Russell Academy Of Nutrition And Dietetics (United States)	Code of Ethics and Civility Pledge: Respect for Values
Ms Teresa Turner, Army Child and Youth Services Mrs Krista Yoder Latoryue, Family Food, LLC (United States)	The social and ethical responsibility of cultural humility

THEME: Food and Nutrition Security (Incl. Indigenous Foods)

RESEARCH POSTERS	
Presenter Details	Poster Title
Ms Oluyimika Y. Adetola University of Pretoria (South Africa)	Enhancing Mineral Bioaccessibility in an African Cereal-based Porridge using a Food-based Approach: A Potential Sustainable Strategy to Alleviate Essential Mineral Deficiency in Africa
Dr Jennifer Brady Mount Saint Vincent University (Canada)	Cultural food security: What is it and what do dietitians need to know?
Prof Danielle Gallegos Queensland University Of Technology (Australia)	Development and preliminary validation of a brief household food insecurity screening tool for paediatric health services in Australia
Dr Hema Kesa University Of Johannesburg (South Africa)	Are food gardens the foundation of food security in schools?
Prof Raquel Botelho, University Of Brasilia (Brazil)	Evaluation of diet quality markers in vegans compared to other types of vegetarians in Brazil
Prof Hettie Schönfeldt University Of Pretoria (South Africa)	The necessity of nutrient data on processed meat in African diets

INFORMATION POSTERS	
Presenter Details	Poster Title
Dr Raquel Braz Assuncao Botelho University Of Brasilia (Brazil)	Nutritional profile of students attending the University Restaurant
Ms Alexandra Harper Coventry University (United Kingdom)	A Feasibility Study of a Brief Intervention for Food Insecurity in Dietetic Practice
Mr Shinjiro Saeki Japan edible insect science lab (Japan)	Sustainable Insect Farming Trial in Laos Villages
Mr Hettie Schönfeldt University Of Pretoria (South Africa)	Cholesterol, Fatty Acids Profile and Atherogenic Index of raw lamb and mutton offal
Mr Hettie Schönfeldt University Of Pretoria (South Africa)	Determining the amino acid content of four popular South African potato cultivars
Dr Annette Van Onselen Sefako Makgatho Health Sciences University / University of KwaZulu-Natal (South Africa)	Children and women vulnerability to the right to food in the Umlazi township, KwaZulu-Natal, South Africa

THEME: Food Service Management

THEME: Media / Communication / Advocacy for Nutrition (Incl. Leveraging for Financial Resources to Support Scale-Up)

RESEARCH POSTERS	
Presenter Details	Poster Title

RESEARCH POSTERS	
Presenter Details	Poster Title

Mr Collins Afriyie Appiah College Of Science, Kwame Nkrumah University Of Science And Technology (Ghana)	Determination of sodium, potassium, calcium and magnesium contents of restaurant vended lunch meals on KNUST campus
Dr Raquel Braz Assuncao Botelho & Dr Veronica Ginani, University Of Brasilia (Brazil)	The food safety perspective of Food truck: the Brazilian Federal District scenario
Dr Virginie Masdoua Assistance Publique Des Hôpitaux De Paris (France)	Questioning the University restaurants for students in France : norms, practices and sourcing.
Dr Angela Vivanti Princess Alexandra Hospital (Australia)	Printed tray table messaging enhances meal delivery service
Ms Xiaojing Wu University Of Auckland (New Zealand)	Nutritional intake and meal composition of patients consuming texture modified diets and thickened fluids: A systematic review and meta-analysis
INFORMATION POSTERS	
Presenter Details	Poster Title
Dr Angela Vivanti Princess Alexandra Hospital (Australia)	Patient centred care: Balancing individual and group rights in a communal dining room

Dr Sylvia Klinger Hispanic Food Communications (United Kingdom)	Media Training For Success: Be an Effective Nutrition Ambassador
Dr Judith Rodriguez & Ms Alana Marrero Gonzalez, University Of North Florida (United States)	How Entrepreneurship is Affecting Dietetic and Nutrition Practices? The ICDA Members' Perspective: Responses from the 2018-2019 Trends Survey.

THEME: Sport Nutrition and Physical Activity

RESEARCH POSTERS

Presenter Details	Poster Title
Mr Chad Africa SAMRC (South Africa)	The correlates of sedentary behavior among adults in Africa: A systematic review
Dr Jillian Hill South African Medical Research Council (South Africa)	Towards increasing the physical activity behaviours of people at risk for diabetes in low-resourced communities in Cape Town

THEME: Life Course Nutrition (Maternal Infant and Young Child Nutrition; Developmental Origins of Health and Disease - Adolescent | Adult | Elderly)

RESEARCH POSTERS

Presenter Details	Poster Title
Mrs Harriet Gyamfuah Adu - Amoah Focos Orthopedic Hospital (Ghana)	Caregivers' knowledge and practice of recommended infant and young child feeding guidelines in Eastern Region, Ghana
Dr Lynn Brann Syracuse University (United States)	Top food sources of energy and nutrients of public health concern in lower income children aged 9-11.
Prof Alena Clark University of Northern Colorado (United States)	Using Mealtime Routines as Early Intervention for Infants and Toddlers with Visual Impairment to Enhance Development of Feeding Skills and Dietary Intake in the United States
Ms Massar Dabbous King's College London (United Kingdom)	Identifying and treating malnutrition in the community – are we making every contact count?
Ms Miki Doi Okayama Prefectural University (Japan)	Effect of malted-rice amazake on the gut environment of the elderly
