

Bunkers 101 – train staff on raking

BUNKER RAKE PLACEMENT

Greens need to be healthy & well feed to handle tournament pressure

Theo Manyama the legend

Ernie Els

Setting up Mowing patterns

Take TV coverage into account when planning the mowing patterns

2 months out save tee space on course & driving range and prepare 2 tons divot mix for tournament

Staff Training & Briefing

Ensure every staff member understands their tasks & do training of all the various tasks

**1 month
Stay outside the
ropes**

Pre Tournament Sunday

Volunteer meeting @ 4pm

AM & PM Briefings

Pitch mark repairing tool

A great divot tool

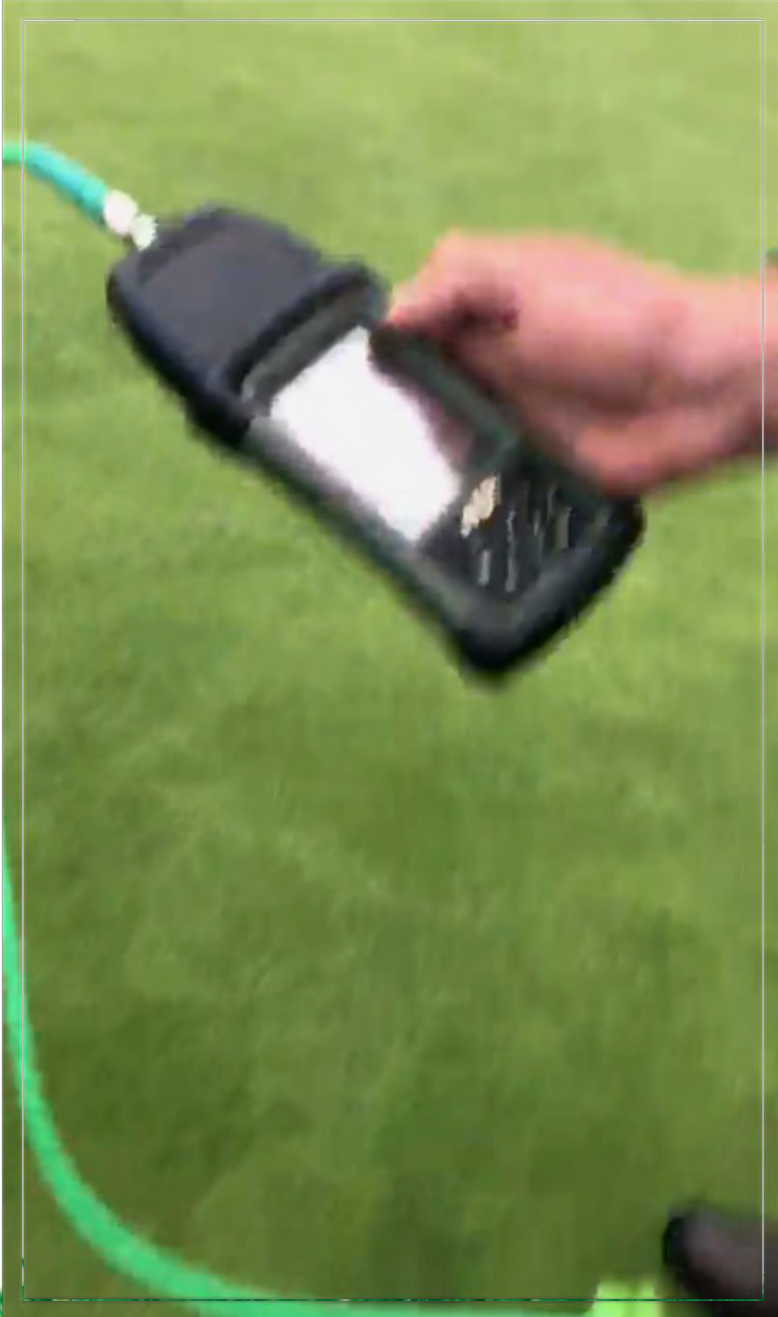

Where will we water? No guessing game

Hand watering

Taking True Surface Readings

USGA – Stimping tip use average of 3 balls

USGA - setting up hole locations

Cup Painting

- TV really highlights a poorly painted cup.
- A good tip is to use an old cloth to avoid paint running down & quickly wipe after spraying before the paint dries.

WHY HAVE FOX ADDED MICROPHONES TO THE CUPS?

USGA getting the players perspective from Nick Price

Approach rolling

Immediate with rotary – great tip!

Fairway mowers lead by permanent crew member

Always striving for perfection!

Definition is key

Ultimate Playing Surface

Acknowledge a great job done!

Wednesday Afternoon

Afternoon Syringing

D'day Tournament Thursday

“Be like a duck. Remain calm on the surface and paddle like hell underneath.”

- Michael Caine

The Final Touch

Strive for perfection as this is the one time you have to show of your golf course to the world

ALWAYS BIGGER & BETTER

Thank You
