

Prof Chiara Zini

Firenze, Italy

PROFILE

A specialist radiologist with particular interest in oncological imaging and interventional radiology non-vascular procedures.

ESNR (European Society of Neuroradiology) spine subcommittee member.

CURRENT POSITION

Fully registered Radiologist

Nov '16-present

Italian National Health System (Sistema Sanitario Nazionale)

PROFESSIONAL REGISTRATION

General Medical Council (Full medical registration – UK): 7482005

Sept'14

Ordine dei Medici Chirurghi e Odontoiatri (Full registration – IT): 56619

April '08

CAREER TO DATE

PhD student in "Experimental Medicine"

Nov '13 - Jan'17

University of Rome – Sapienza

Project title: "P904 as a lymphnode-specific MR contrast agent: an in-vitro and in-vivo evaluation." PhD program is focused on oncological imaging.

Supervisor: Prof. A.Laghi, MD PhD

Research Associate - FUSIMO Research project

July '12- July '14

University of Rome – Sapienza; Department of Radiological, Oncological and Pathological Sciences; Rome (IT)

Research projects were focused on the therapeutic evaluation of patients with hepatocellular carcinoma within interventional radiology techniques.

Fellowship program in Interventional Radiology

Feb '13 – April '13

University of Strasbourg; Department of Radiology, Interventional Radiology Unit; Strasbourg (FR)

Fellowship program was focused on non vascular interventional radiology, mainly MSK procedures as vertebroplasty, cryotherapy, radiofrequency ablation and nucleoplasty.

Residency in Radiology

March '08 – March '12

University of Rome – Sapienza; Department of Radiological, Oncological and Pathological Sciences; Rome (IT)

Final results: 70/70 cum Laude.

Dissertation: "Whole Body magnetic resonance in the evaluation of Takayasu arteritis".

Completed rotations in: general radiology, cardiac and vascular radiology, breast imaging, gastro-intestinal radiology, emergency radiology, head & neck radiology, neuroradiology, oncological radiology, paediatric radiology, thoracic radiology and uro-genital radiology, interventional radiology.

Techniques learned: CT, CTA, MR, MRA, Plain Films, Ultrasound and interventional radiology techniques.

Subspecialty expertise in: Oncological Imaging, Cardiovascular Radiology and Interventional Radiology.

External Post Graduated Research program in Radiology

Sept '11 – Feb'12

University of Chicago; Department of Radiology; Chicago (IL,USA)

Projects were focused on Abdominal and Oncological Imaging and were presented at the European Society of Radiology Annual Meeting and published in international indexed journals.

Observership in Breast Imaging

June '11

ISPO (Istituto per la cura e la prevenzione oncologica); Florence (IT)

Medical Licensing

Sept '07 – Nov '07

Internship in General Medicine, with particular interest in Internal Medicine.

Internship in General Surgery, with particular interest in General Surgery.

Internship in General Practice.

EDUCATION

Doctor of Medicine (MD)

Sept '02 – July '07

School of Medicine; Alma Mater 1088, University of Bologna – Bologna (IT)

Final results: 110/110 cum Laude.

Dissertation: "Carotid stenosis: grading quantification and plaque characterization with blood pool agent contrast".
