

## Dr Nii Koney

United States of America

---

Nii Koney was born in Ghana and grew up across West Africa and the United States.

He obtained MD and MBA degrees at Weill Cornell Medicine and Columbia Business School, residency training in diagnostic radiology and nuclear medicine at Mount Sinai then an interventional radiology fellowship at UCLA.

He works with several partners to promote training and capacity building for interventional radiology and multidisciplinary high-quality healthcare globally.

He now practices in Portland, Oregon at Kaiser Permanente and will be joining the Dotter Department of Interventional Radiology at Oregon Health and Sciences University as Director of Global Health.
