

Dr Gareth Bydawell

South Africa

Interventional Radiologist at Lake, Smit & Partners in Durban, and an Honorary Lecturer at Inkosi Albert Luthuli Central Hospital in Durban.

Current President of the South African Society of Interventional Radiology Society (SAINTS).

Completed medical degree at the University Of Cape Town in 1998, and specialized in Radiology at St George's Hospital in London, as well as a one-year IR fellowship at St George's Hospital.

Member of CIRSE and SIR overseas interventional societies, and obtained the EBIR diploma in Vienna in 2014.

Part of an enthusiastic IR team at Lake, Smit & Partners, a thriving IR referral centre for the whole of KZN, offering a broad range of procedures. Special interests include interventional oncology, image-guided thermal ablation and radial interventions such as UFE and PAE.
