

PROF. SAMPSON MAMPHWELI

Prof. Sampson Mamphweli holds a Masters degree from the University of Venda and a PhD from the University of Fort Hare. His primary area of specialization is biomass gasification and biogas digesters. Prof Mamphweli joined Stellenbosch University in July 2017 as Director for the Centre for Renewable and Sustainable Energy Studies, a position he has held until present day. He became a full Professor in Process Engineering, and delivered his Inaugural address on the 26th April 2018. Prof Mamphweli is a member of the South African Institute of Physics. In addition he is a member of a number of committees that deal with renewable energy issues at national government level.
