

**Alan Pattison F.Inst.TT**  
**Managing Director**  
**Travel Risk Professionals**

## **Election Address**

I have had the pleasure of working with the Travel Industry for the past 25 + years and created Travel Risk Professionals 13 years ago to provide tailored insurance and risk management solutions to Tour Operators & Travel Agents of all scales and disciplines. I am a passionate advocate of training and education and believe I can offer a great deal to help enhance the appeal of ITT to its members.

I am not here to sell to members but to offer the benefit of my 30 years in insurance and risk. I want to help make ITT the leader in provision of resource and benefit to its members as well as fostering links with other trade associations. I have provided many educational lectures over the years and have also been heavily involved in many crisis events which gives me first-hand experience on best practice.

I am currently a Mentor with the Women in Travel CIC Group which is highly rewarding and I believe also enables me to assist with bridging the gap between students and trading companies. The ITT has so much to offer and through my connections I feel I can bring us to a wider audience and give real quality and value back to the membership.

## **Biography**

A lifelong Insurance Industry Professional who has been fortunate to learn from some superb peers over my formative years across a range of disciplines from underwriting and risk management through to customer service and leadership.

The past 25 years has seen me devoted to bringing insurance solutions to the UK Travel Industry and I set up Travel Risk Professionals 13 years ago from scratch. We have grown and thrived since and now represent a large number of UK travel companies spanning the spectrum of the industry. I have also crafted a market leading crisis response service in conjunction with a number of specialists which has seen action across the globe on many events, providing vital assistance and back up to our clients.

I am a passionate believer in education and equality and regularly prepare and provide lectures on a range of subjects for the benefit of our clients. I am a member of our Company Employee Resource Group and am also a Mentor with the Women in Travel CIC Group.

In my spare time, I coach football for kids, love skiing and spending time with my wife and children. I am also a qualified landscape gardener and designer which means I have no excuse for not keeping the back garden tidy at all times...
