

Angela Day

Director

Travel Transportation & Tourism Ltd

Election Address

Having just come through the typhoon of COVID and sadly losing my business of 18 years Affordable Car Hire. I'm thrilled to still be in the industry I love, and have joined forces with Travel Transportation & Tourism Ltd.

I would be very humbled to be voted once again to represent the transportation sector. And, to continue with the board, to be innovative, have outside the box thinking, along with creativity to engage with our members, their needs and our interaction as an institution for all sectors to come together as one.

It is fundamental for the ITT Board to represent our members and move forward with the new world we have entered, allowing us to flourish.

Thank you & best wishes

Angela
