General Information

EAGE

The European Association of Geoscientists and Engineers (EAGE) is a global professional, non-profit association for geoscientists and engineers with 19.000 members worldwide. The objective is to collect and distribute technical knowledge. EAGE organizes events and publishes a monthly magazine for its members and 5 scientific journals. All members of EAGE are professionally involved in (or studying) geophysics, petroleum exploration, geology, reservoir engineering, mining and mineral exploration, civil engineering, tunneling and environmental matters. EAGE's head office is located in the Netherlands with regional offices in Moscow, Dubai, Kuala Lumpur and Bogota.

About the Conference

The second EAGE Conference on Seismic Inversion will be an event of interest to geoscientists working in both industry and in academia. Seismic Inversion is a key process used extensively in exploration, production and geohazard studies. Inversion provides a way to visualize and analyze data at higher resolution than standard seismic, facilitating the estimations of reservoir properties, and acting as a link between rock physics and seismically interpreted structure models, ultimately improving the interpretation efficiency.

The conference will include 3 days of technical sessions highlighting various applications and methodologies used in the industry. The event will enable networking opportunities with top specialists in the geoscience community, bringing together geoscientists with experiences in conventional and unconventional resources, carbonates and clastics, and providing opportunities for an exchange of knowledge.

Sponsoring Opportunities

With an array of unique promotional opportunities, we can help you design the perfect programme to enhance your company's experience at the Second EAGE Conference on Seismic Inversion. The Main Sponsor Programme exposes attendees and businesses to your company and promotes your presence within the industry.

EAGE strives to realize recognition, long term exposure, benefits and publicity for companies that sponsor EAGE conferences.

Why become a sponsor

When you're a corporate sponsor you get high visibility in a qualitative and uncluttered environment that makes your message stand out. EAGE is synonymous with quality, with proven track records in the past. The conference programme offers a diverse menu that's sure to help you reach your target audience.

Sponsoring will enable you to:

- Increase your visibility before a national, regional and international audience.
- Enhance your corporate image.
- Reach an influential, exclusive audience.
- Break through the media clutter.
- Associate your company with EAGE – World's truly multi-disciplinary geosciences society.

Please note that sponsoring opportunities are not restricted to packages in this guide. We would be delighted to explore ideas to fit your budget.
