PROPOSALS FOR SPONSORS

ABOUT EAGE

The European Association of Geoscientists and Engineers (EAGE) is a global professional, non-profit association for geoscientists and engineers with 22.000 members worldwide. The objective is to collect and distribute technical knowledge. EAGE organizes events and publishes a monthly magazine for its members and 5 scientific journals. All members of EAGE are professionally involved in (or studying) geophysics, petroleum exploration, geology, reservoir engineering, mining and mineral exploration, civil engineering, tunneling and environmental matters. EAGE's head office is located in the Netherlands with regional offices in Moscow, Dubai, Kuala Lumpur and Bogota.

ABOUT THE CONFERENCE

The European Association of Geoscientists and Engineers (EAGE) invites you to participate in the 2nd International Conference "ProGRESs'21. Geological exploration as a business", which will be held in Sochi on November 1-3, 2021.

The conference is one of the most exciting events in the world of exploration: the growing uncertainty, the risks of reducing investment in exploration, as well as new challenges in the field of efficiency – a serious reason for meeting the leaders of the oil and gas industry.

Top managers and experts from international companies will meet again to discuss best practices in the new environment and develop relevant approaches. Among the invited guests are representatives of oil, oilfield services, consulting, IT companies, security organizations and others.

Topics

1. O&G Exploration as a Business. Portfolio Management in Crisis
2. Digital Transformation in Geological Exploration
3. Exploration Drilling Timing and Cost Optimization
4. Pioneers: Safe Exploration in Autonomy. Key Issues, Best Practices, Experiences and Focus Areas
5. People in Exploration: Development of Competencies, Transfer of Knowledge and New Formats of Work
6. New Technologies in O&G Exploration
7. An Integrated Approach to Exploration and Development of Hard-to-Recover Reserves to Confirm Business Cases
8. Quality or Quantity - Where is the Optimum for Making Decisions on the Choice of Development Systems at the Exploration Stage?
9. New Appraisal Zones and the Organization of O&G
10. Seismic Evolution - Design and Fieldwork
11. Best Practices in O&G Exploration
12. Seismic Value - from Exploration to Development
13. O&G Exploration Projects Assessment
14. New Directions of O&G Exploration in Regions with a History of Production

The Organizing Committee invites oil, geological, geophysical, oilfield services and IT companies to become sponsors of the conference "Progress'21".
