

Dr Pauline Beattie joined the management team of the organisation in August 2011, where she heads the Calls & Grants department. Dr Beattie has a Masters and DPhil in Parasitology, with a focus on malaria research. Prior to joining EDCTP, she was a Science Portfolio Manager at the Wellcome Trust where she gained extensive experience in grants management. At EDCTP, she is responsible for the management and oversight of the grant application process, from the development of calls for proposals, management of peer review, through to post-award evaluation.
