

WEDNESDAY 20 NOVEMBER 2024					
08:00	DELEGATE REGISTRATION WITH COFFEE AND EXHIBITION VIEWING				DAY ONE
08:45	MAIN AUDITORIUM Welcome to conference James Price, Chair of FIS / HIS International 2024				
09:00	BIA JD Williams Lecture <i>Chair: David Partridge</i> Rosemary Barnes, Emeritus Professor, Cardiff University, UK				
10:00	EXHIBITION VIEWING AND REFRESHMENTS				
10:30	MAIN AUDITORIUM Outbreak investigation; update on diagnostics, epidemiology and sequencing Association for Laboratory Medicine Microbiology <i>Chair: Naomi Gadsby</i>	HALL 1B Novel therapeutics Microbiology Society <i>Chair: Joey Shepherd</i>	HALL 1C Polymicrobial infections Microbiology Society <i>Chair: Ashley Otter</i>	ROOM 4 IPC to protect the Planet as well as people: A toolkit in the making to improve quality and sustainability <i>Healthcare Infection Society</i> <i>Chairs: Sarah Walpole and Callum Mutch</i>	
	10:30 – 11:00 Viral outbreaks: Measles Lisa Berry, University Hospitals Coventry and Warwick, UK 11:00 – 11:30 Bacterial outbreaks: Listeria Kirsty Dodgson, Manchester Foundation Trust, UK 11:30 – 12:00 – Tracking mycobacterial outbreaks – Esther Robinson, National Mycobacterium Reference Service (NMRS)- South, UK	10:30 – 11:00 The DiaPhage project: preclinical studies for phage therapy to combat diabetic foot infections Graham Stafford, University of Sheffield, UK 11:00 – 11:30 Presentation title to be confirmed Christine Goffinet, Liverpool School of Tropical Medicine, UK 11:30 – 12:00 Presentation title to be confirmed Michael Bromley, University of Manchester, UK	10:30 – 11:00 Capturing polymicrobial airway infection dynamics in vitro Speaker to be confirmed 11:00 – 11:30 One step closer to uncertainty - diabetic foot ulcers, biofilms, antimicrobials and fungi Gordon Ramage, Professor of Infection Prevention and Control, Glasgow Caledonian University, UK 11:30 – 12:00 Speaker to be confirmed	10:30 – 12:00 The aim of this workshop is to guide participants to contribute to developing a toolkit to improve the quality and environmental sustainability of IPC practice. Workshop facilitators: Sarah Walpole Callum Mutch Elaine Cloutman Green Sheri Scott Rajeka Lazarus	
12:00	EXHIBITION VIEWING AND LUNCH		12:15 HIS AGM (HIS members only) – ROOM 4 12:30 Sponsored symposium supported by Pfizer – HALL 1C		
13:30	MAIN AUDITORIUM HIS Lowbury Lecture <i>Chair: Lisa Ridgway</i> Moi Lin Ling - Director of Infection Prevention & Epidemiology, Singapore General Hospital, Singapore				
14:30	EXHIBITION VIEWING AND REFRESHMENTS				

15:00	MAIN AUDITORIUM	HALL 1B	HALL 1C	ROOM 4
	<p>High consequence infectious diseases (HCIDs) Association For Laboratory Medicine Microbiology <i>Chair: Rob Shorten</i></p>	<p>Healthcare built environment microbiomes: understanding colonisation Healthcare Infection Society <i>Chair: Jo Walker</i></p>	<p>Where do we go next in AMR? UK Health Security Agency <i>Chair: To be confirmed</i></p>	<p>Paediatric grand round BPAIG <i>Chair: Sanjay Patel</i></p>
	<p>15:00 – 15:30 Update on Avian influenza diagnostics, epidemiology and management Catherine Moore, Consultant Clinical Scientist, Wales National Influenza Centre, UK</p> <p>15:30 – 16:00 Update on VHF diagnostics, epidemiology and management Tom Fletcher, Consultant in Tropical and Infectious Diseases, Royal Liverpool University Hospital, UK</p> <p>16:00 – 16:30 HCID preparedness in your hospital – how to make a plan Anne Tunbridge, Consultant Infectious Disease Physician, Sheffield Teaching Hospitals, UK</p>	<p>15:00 – 15:30 Presentation title to be confirmed Vicky Katsemi, Water Hygiene & Microbiology Consultant</p> <p>15:30 – 16:00 The niche for healthcare pathogens Elaine Cloutman-Green, Consultant Clinical Scientist in IPC, Great Ormond Street Hospital, London, UK</p> <p>16:00 – 16:30 How do I design a hospital that is microbially safe? Are there any answers yet? Margreet Vos, Professor of Medical Microbiology, Erasmus Medical Centre, Netherlands</p>	<p>Speakers to be confirmed</p>	<p>15:00 – 16:30 This interactive session will include case presentations by trainees and a panel discussion by experts in the field of paediatric infection.</p> <p>Case presenters: Lucy Jefferson, Paediatric Immunology and Infectious Diseases Speciality Registrar, Great Ormand Street Hospital, UK</p> <p>Rosie Crane</p> <p>Callum Chivers</p>
16:30 – 17:30	<p>FLASH POSTER TALKS AND POSTER VIEWING- EXHIBITION</p> <p>Challenging acanthamoeba keratitis secondary to contact lens use Maria Calderon Newcastle Upon Tyne NHS Foundation Trust, UK</p> <p>First case of confirmed Congenital Zika Syndrome in the UK Christina Petridou, UKHSA, UK</p> <p>Faux-paw: Capnocytophaga canimorsus endocarditis from a dog lick: A case report Winifred Garr, Leeds Teaching Hospitals NHS Trust, UK</p> <p>A straight but curvy conundrum - no toxin, no problem? Penny Willson, University Hospitals of Morecambe Bay NHS Foundation Trust, UK</p> <p>A rash diagnosis – viral it ain't! (A case of chronic meningococcaemia in a student with a C3 deficiency) Debbie Beer, Royal Devon University Healthcare NHS Foundation Trust, UK</p> <p>Persistent meyerozyma caribbica bacteraemia and polymicrobial bacteraemia in a neutropenic child: a multi-disciplinary team (MDT) approach to difficult to treat</p>		<p>Sponsored company symposium supported by NAPP – HALL 1C</p>	

	infection and a rare yeast Rebecca Upton, Manchester University Hospitals NHS Foundation Trust, UK	
17:30 – 19:00	LOWBURY RECEPTION (EXHIBITION) AND POSTER VIEWING Including drinks, canapes and optional IPC pub quiz	
19:00	DAY ONE CLOSE	

THURSDAY 21 NOVEMBER 2024					
07:45	DELEGATE REGISTRATION WITH COFFEE AND EXHIBITION VIEWING				DAY TWO
08:30	ROOM 4				
	Meet the Experts				
09:15	MAIN AUDITORIUM				
	BIA Barnett Christie Lecture				
10:15	EXHIBITION VIEWING AND REFRESHMENTS				
10:45	MAIN AUDITORIUM	HALL 1B	HALL 1C	ROOM 4	
	<p>Unique paediatric considerations in the prevention of healthcare associated infections Healthcare Infection Society <i>Chair: Elaine Cloutman Green</i></p>	<p>National incident response – Mpox, Avian Influenza, and contaminated eye product UK Health Security Agency <i>Chair: To be confirmed</i></p>	<p>What you need to know about the changes to the shingles, RSV and pneumococcal adult Immunisation programme UK Clinical Vaccine Network <i>Chair: Rajeka Lazarus</i></p>	<p>The National Infection Teams Collaborative for Audit and Research <i>Chair: To be confirmed</i></p>	
	<p>10:45 – 11:15 What are the practicalities/challenges of clinical IPC in Paediatrics (and how do they differ from adults)? Beatriz Larru Martinez, Director of Infection Prevention and Control, Alder Hey's Children's NHS Foundation Trust, UK</p> <p>11:15 – 11:45 Paediatric AMS – the art of influencing Sanjay Patel, Consultant in Paediatric Infectious Diseases and Immunology, Southampton Children's Hospital, UK</p> <p>11:45 – 12:15 Healthcare-associated</p>	<p>Speakers to be confirmed</p>	<p>10:45 – 11:15 Developments in the protection of adults from Shingles in the UK Julie Yates, UK Health Security Agency, UK</p> <p>11:15 – 11:45 Updates and new frontiers for the pneumococcal vaccination Catherine Hyams, University of Bristol and North Bristol NHS Trust, UK</p> <p>11:45 – 12:15 RSV in older adults: from evidence to immunisation programme Conall Watson, UK Health Security Agency, UK</p>	<p>10:45 – 11:15 TMB PR IRIS study Emma Carter, Leeds Teaching Hospitals NHS Trust, UK</p> <p>11:15 – 11:45 Co-Gent - Clinical Outcomes in Gentamicin Prescribing and Monitoring: National Audit Raqib Huq, Specialty Registrar in Infectious Diseases and Medical Microbiology, Liverpool School of Tropical Medicine, UK</p> <p>11:45 – 12:15 Di-BLOOD-UK Vanessa Anton, St George's University Hospitals NHS Foundation Trust, UK</p>	

	<p>infections and antimicrobial resistance in children and young people: a UKHSA perspective Alicia Demirjian, Clinical Lead, UK Health Security Agency, UK</p>			
12:15	EXHIBITION VIEWING AND LUNCH		<p>12:15 – 13:15: Leadership as a new consultant (Room 4) Facilitators: Charlottle Brookfield Leila White Ben Tomlinson Jasmin Islam</p>	
			<p>12:45 – 13:45: Sponsored company symposium supported by Menarini (Hall 1C)</p>	
			<p>12:45 – 14:45: Sustainable, practical, electronically enabled deployment and upscaling of the antibiotic review kit (SPEED-UP ARK) (Hall 1B)</p>	
13:45	<p>MAIN AUDITORIUM <i>Chair: Rajeka Lazarus</i></p>	HALL 1B	HALL 1C	ROOM 4
	<p>NEW INDUSTRY SESSION: Dragons Den</p>			<p>Workshop session A tale of two parts: navigating the FRCPath exams Dr Carmel Curtis, Consultant Microbiologist, Kings College Hospital NHS Foundation Trust, UK</p> <p>Facilitators: Hannah Pymont Cristina Parente Stephanie Hutchings Callum Mutch Alison Burgess Claire Marie Mullender</p>
14:45	EXHIBITION VIEWING AND REFRESHMENTS			
15:15	<p>MAIN AUDITORIUM</p>	HALL 1B	HALL 1C	ROOM 4
	<p>Prosthetic joint infection – A guide for the non-subspecialist British Infection Association And Bone And Joint Infection Society</p> <p><i>Chairs: Bridget Atkins and James Fountain</i></p>	<p>Strategies for managing neonatal outbreaks: time to get a consensus? British Infection Association</p> <p><i>Chair: Kavita Sethi</i></p>	<p>Surveillance initiatives and successful interventions against HAIs and MDRs worldwide" as representative of IFIC board IFIC</p> <p><i>Chair: Marilyn Cruickshank</i></p>	<p>Beyond guidelines: A how-to guide to implement practical strategies in your clinical practice UKCPA (Pharmacy Infection Network)</p> <p><i>Chair: Ryan Hamilton</i></p>

	<p>15:15 – 15:25 Tim Petheram, Consultant Orthopaedic Surgeon, Northumbria Healthcare, UK</p> <p>15:25 – 15:35 The management of prosthetic joint infection: A guide for the non-subspecialist - plastic surgery Alex Ramsden, Consultant Plastic Surgeon, Bone Infection Unit, Nuffield Orthopaedic Centre, Oxford, UK</p> <p>15:35 – 15:45 The management of prosthetic joint infections from an ID-perspective Marjan Wouthuyzen-Bakker, Internist-infectiologist, University Medical Center Groningen, The Netherlands</p> <p>15:45 – 16:45 Interactive case discussions</p>	<p>15:15 – 15:45 Staphylococcus aureus outbreaks in neonatal units : do we have a consensus? Kavita Sethi, Lead Clinician and Consultant Microbiologist, Leeds Teaching Hospitals NHS Trust, UK</p> <p>15:45 – 16:15 Dealing with Gram-negative bacterial outbreaks in NICU: what works and what doesn't Julia Anna Bielicki, Reader in Paediatric Infectious Diseases, Centre for Neonatal and Paediatric Infection, St George's, University of London, UK</p> <p>16:15 – 16:45 The clinical impact of managing outbreaks on the neonatal unit Liz McKechnie, Consultant neonatologist, Leeds Centre for New-Born Care, UK</p>	<p>15:15 – 15:45 Surveillance Initiatives and Successful Interventions Against HAIs and MDRs Worldwide Thierry Lavigne, Head of the IPC, University Hospitals of Strasbourg, France</p> <p>15:45 – 16:15 Transforming Surveillance: Navigating the Shift from Manual to Electronic in Low and Middle-Income Countries - A Novel Approach to MDR Gehan Fahmy, Prof of Clinical Microbiology, Ain Shams University, Egypt</p> <p>16:15 – 16:45 The tough bugs in the LMic healthcare facilities- exploring processes and possibilities of delaying emergence, preventing spread and containing MDRO Raman Sardana, MBBS; M.D; FIMSA Professor (Adjunct, AHERF), Apollo Hospitals, Delhi, India</p>	<p>15:15 – 15:45 Balancing efficacy and safety: A deep dive into quinolone safe use Aneeka Chavda, Antimicrobial pharmacist, Imperial College Healthcare NHS Trust, UK</p> <p>15:45 – 16:15 Cutting-edge strategies for 2024: Conquering C. difficile infections Stephen Hughes, Consultant Antimicrobial Pharmacist, Chelsea & Westminster NHS Trust, UK</p> <p>16:15 – 16:45 Navigating virtual wards and complex orals: Expanding your OPAT/COPAT horizons Fiona Robb, Antimicrobial Pharmacist, NHS Greater Glasgow & Clyde, UK</p>
<p>17:00 - 18:30</p>	<p>FLASH POSTER TALKS AND POSTER VIEWING (EXHIBITION)</p> <p>The Challenge! – Alignment of Urinary Tract Infection (UTI) antimicrobial guidance in an electronic prescribing system (EPS) at University Hospitals of Birmingham (UHB) Nirlep Agravedi, University Hospitals Of Birmingham, UK</p> <p>Malaria in East London (2018-2022): a retrospective review and quality improvement project Daniel Pope, Barts Health NHS Trust, UK</p> <p>Implementation of Boric Acid Urine Containers for Diagnosis of Urinary Tract Infections to Improve Diagnosis of UTI - A Single centre quality improvement project Swati Jain, North Middlesex University Hospital, UK</p> <p>COPD Prevention of exacerbation toolkit (COPD-PET) pilot Naomi Fleming, NHS England, UK</p> <p>Audit on effect of rapid ESBL testing on the quality of care of patients with Extended Spectrum Beta-lactamase (ESBL) producing gram negative bacteraemia Shrikant Ambalkar, Sherwood Forest Hospitals NHS Trust, UK</p> <p>Mapping the cascade of care for people with positive IGRA results: a descriptive single-centre analysis Vanessa Tobert, Oxford University Hospitals NHS Foundation Trust, UK</p>	<p>COMPANY SYMPOSIUM – HALL 1C</p>		

19:00 –
23:30 Social evening at REVOLUTION

FRIDAY 22 NOVEMBER 2024

08:00 DELEGATE REGISTRATION WITH COFFEE AND EXHIBITION VIEWING

08:45

MAIN AUDITORIUM

HALL 1B

HALL 1C

ROOM 4

FREE PAPERS 1

FREE PAPERS 2

FREE PAPERS 3

Infectious Disease Futures
Microbiology Society
Chairs: Ashley Otter and Joey Shepherd

All presentations are 8 minutes (plus 3 minutes for questions)

Diverse PfEMP1 types mediate a key Plasmodium falciparum virulence phenotype- implications for vaccine designs
Florence Mclean, University Of Edinburgh, UK

The impacts of the crosstalk between bacterial vaginosis associated bacteria and Trichomonas vaginalis on the pathogenesis and host immune responses
Shu-Fang Chiu, National Defense Medical Center, Taiwan

Personalised risk prediction tools for cryptococcal meningitis mortality with potential to guide treatment stratification; a pooled analysis of two randomised-controlled trials
Thomas Samuels, University College London, UK

Characterisation and clinical impact of imported malaria in an ethnically diverse and socio-economically deprived area of London
Imogen Smedley, North Middlesex University Hospital, UK

All presentations are 8 minutes (plus 3 minutes for questions)

Continuing the battle against Gram-negative Bloodstream Infections
Dimple Chudasama, UKHSA, UK

Quantifying the effect of masking and other non-pharmaceutical interventions on SARS-CoV-2 infection and vaccine hesitancy in UK healthcare workers during the COVID-19 pandemic - implications for future pandemic preparedness
Daniel Pan, University of Leicester, UK

Drains, Sinks and Unblocking links - The secret life of Drain Tools and two consecutive Hematopoietic Stem Cell Transplant unit CPE outbreaks
Edward Hepworth, The Clatterbridge Cancer Centre NHS Foundation Trust, UK

Application of a novel whole-genome sequencing comparison tool provides new insights in clinical outbreaks in a healthcare setting
Alastair Yeoh, University Hospitals Sussex NHS Foundation Trust, UK

From Colonization to

All presentations are 8 minutes (plus 3 minutes for questions)

Co-trimoxazole induced hyperkalaemia in patients with complex infections
Andrew Lazarowicz, NHS Dumfries & Galloway, UK

Evaluating the utility of serological Mpox assays for their use in serosurveillance and assessing responses to infection and vaccination
Bethany Hicks, UK Health Security Agency, UK

Novel antibiotic spectrum metrics to quantify the impact of antimicrobial stewardship
Rhian Llewellyn, University College London Hospitals NHS Foundation Trust, UK

Investigating the stability of Cefepime for continuous infusion via elastomeric pumps for outpatient parenteral antimicrobial therapy (OPAT)
Aaron Paul, University London, UK

Evaluating High-Risk Fluoroquinolone Prescribing Practices in an NHS Teaching Hospital: A Three-Year Retrospective Review
Catherine MacIver, Chelsea & Westminster NHS, UK

A quantitative real world

08:30 to 10:00
All presentations are 8 minutes (plus 2 minutes for questions)

Clostridioides difficile spores tolerate disinfection with sodium hypochlorite disinfectant and remain viable within surgical scrubs and gown fabrics
Humaira Ahmed, University Of Plymouth, UK

Resistance profiles of carbapenemase-producing enterobacteriales in a large centre in England: are we already losing the newer agents?
Ioannis Baltas, University College London, UK

Pre-analytical sampling and processing of tongue swabs for Mycobacterium tuberculosis complex (Mtb) impacts diagnostic yield
Helen Savage, Liverpool School Of Tropical Medicine, UK

The spatio-temporal localisation of a pan-Mucorales specific antigen: a promising immunohistochemistry target and potential biomarker for mucormycosis.
Alyssa Hudson, Royal Devon And Exeter Hospital, UK

Should haematopoietic stem cell transplant recipients be pre-screened for tropical infections?
Sophie Skarbek, Leeds Teaching

DAY THREE

	<p>Addressing the Social Determinants and Consequences of Tuberculosis (ASCOT): Feedback from a Four-Arm Randomised Controlled Pilot Trial of Socioeconomic Support for TB-Affected Households in Nepal Aliza Hudda, Liverpool School of Tropical Medicine, UK</p> <p>Helminth screening in IL-5 inhibitor therapy: what we know and where we need to go Sarah Jawad, Hospital For Tropical Diseases, University College London, UK</p>	<p>Invasion: Genomic and Phenotypic Comparison of Faecal and Bloodstream Isolates of Gram-negative Bacteria Aakash Khanijau, Liverpool School Of Tropical Medicine, UK</p> <p>Outbreak of OXA-244-producing Escherichia coli ST648 colonisation in a haemodialysis unit – a sentinel event in a wider phenomenon Maeve Leonard, Galway University Hospital, Ireland</p>	<p>correlate of protection against SARS CoV-2 Isobel Ramsay, Cambridge Institute for Therapeutic Immunology and Infectious Diseases, UK</p>	<p>Hospitals NHS Trust, UK</p> <p>Collaboration across sectors to establish a nationwide programme of infection research in care-homes: Vivaldi Social Care Project Maria Krutikov, University College London, UK</p> <p>A Copper Economy Underlies Synergy of Candida albicans and Staphylococcus aureus Dual-Species Biofilms Seana Duggan, University of Exeter, UK</p> <p>Applying Droplet Fluidics to Mycobacterial Drug Discovery Antonia Molloy, Aston University, UK</p> <p>Antibiotic persister reservoirs of Salmonella are determined by bacterial secretion machinery in vivo Joshua Newson, ETH Zurich, Switzerland</p>
10:00	EXHIBITION VIEWING AND REFRESHMENTS			
10:30	MAIN AUDITORIUM	HALL 1B	HALL 1C	ROOM 4
	<p>The HIS journals present a global perspective on surgical site infection Healthcare Infection Society</p> <p><i>Chairs: Nik Mahida and Gemma Winzor</i></p>	<p>Bridging the clinical research gap Healthcare Infection Society</p> <p><i>Chair: Surabhi Taori</i></p>	<p>NTM standards of care British Infection Association</p> <p><i>Chair: Patrick Lillie</i></p>	<p>If you always do what you always did, you will always get what you always got Central Sterilising Club</p> <p><i>Chair: Mike Simmons</i></p>
	<p>10:30 – 11:00 Special issue: Surgical site infection in the far east Keita Morikane, Professor and Head, Division of Clinical Laboratory and Infection Control, Yamagata University Hospital, Japan</p> <p>11:00 – 11:30 The costs of surgical site infection following abdominal surgery in middle income countries Mark Monahan, Lecturer in Health Economics, University of Birmingham, UK</p>	<p>10 minute speaker presentations followed by breakout groups and discussions</p> <p>Speakers: Shanom Ali Pat Cattini Laurence Glennon-Alty</p>	<p>10:30 – 11:00 NTM Standards of Care – What and why Marc Lipman, Professor of Respiratory Medicine, UCL, UK</p> <p>11:00 – 11:30 Microbiological aspects of NTM disease: standards of care and state of the art Esther Robinson, Head of TB Unit, TARZET, Clinical and Public Health Group, UK</p> <p>11:30 – 12:00 Standard of care of treatment of NTM disease in the UK Andres Floto, Royal Papworth Hospital, UK</p>	<p>10:30 – 11:00 How to manipulate friends and influence practice – Narrative Reporting in Microbiology Mike Simmons, Public Health Wales Microbiology, UK</p> <p>11:00 – 11:30 Aprons, aprons everywhere creating quite a stink – doing it differently with single use plastic PPE Mary O'Riordan, HaPPE Earth, Republic of Ireland</p> <p>11:30 – 12:00 Not only the gut: Can we really use probiotics to ameliorate the hospital microbiota?</p>

	11:30 – 12:00 Speaker to be confirmed			Elisabetta Caselli, UKHSA, UK + University of Melbourne, Australia
12:00	EXHIBITION VIEWING AND LUNCH			
	MAIN AUDITORIUM	HALL 1B	HALL 1C	ROOM 4
13:00	<p>Lessons learned & future pandemic preparedness Healthcare Infection Society</p> <p><i>Chair: Jasmin Islam an Colin Brown</i></p>	<p>Navigating the currents of STI care: insights on congenital syphilis, guideline updates, biomedical prevention, and screening British Association For Sexual Health And HIV</p> <p><i>Chair: To be confirmed</i></p>	<p>Diagnostics for the next-generation clinical microbiology laboratory Microbiology Society</p> <p><i>Chairs: Ashley Otter and Joey Shepherd</i></p>	<p>Emerging challenges in clinical mycology in your clinical practice British Society For Medical Mycology</p> <p><i>Chair: Alyssa Hudson</i></p>
	<p>13:00 – 13:30 Establishing and maintaining research cohorts in a pandemic setting Jasmin Islam, UKHSA, RIPL, UK</p> <p>13:30 – 14:00 The role of genomics in detecting emerging threats Ewan Harrison, Welcome Sanger Institute, UK</p> <p>14:00 – 14:30 Rapid assessment of key traits during an evolving pandemic: the importance of collaborative multidisciplinary research Marion Koopmans, Erasmus MC, Netherlands</p>	<p>13:00 – 13:30 Exploring prevention and screening – updates in gonorrhoea vaccination and debates around screening frequency John Saunders, Deputy Head of Programme Delivery and Service Improvement, UK Health Security Agency, UK</p> <p>13:30– 14:00 From awareness to action – Tackling congenital syphilis Helen Fifer, UK Health Security Agency, UK</p> <p>14:00 – 14:30 Updates in Bacterial STI guidelines and management Suneeta Soni, UK Health Security Agency, UK</p>	<p>13:00 – 13:30 Integrating genomics and diagnostics in the detection and control of infectious diseases Deborah Williamson, Director Microbiology and Laboratories, UK Health Security Agency, UK</p> <p>13:30– 14:00 Speaker to be confirmed</p> <p>14:00 – 14:30 Speaker to be confirmed</p>	<p>13:00 – 13:30 Candida auris hospital outbreaks: An update Andrew Borman, UK National Mycology Reference Laboratory Bristol, UK</p> <p>13:30– 14:00 See It, Sort It, Report It: Resistant dermatophytes in the UK Richard Barton, Mycology Reference Centre. Leeds Teaching Hospitals Trust, UK</p> <p>14:00 – 14:30 News from the western front: Lessons learned from recent outbreaks of healthcare-associated fungal meningitis Dora Edith Corzo Leon, MRC Centre for Medical Mycology at University of Exeter, UK</p>
	MAIN AUDITORIUM			
14:30	<p>TROPICAL GRAND ROUND Panel members: Mike Beadsworth, Steve Woolley, Katherine Ajdukiewicz</p> <p>Case one Michael Wilson, North Bristol NHS Trust, UK</p> <p>Case two Sophie Skarbek, Leeds Teaching Hospitals NHS Trust, UK</p> <p>Case three Joyeeta Palit, Sheffield Teaching Hospitals, UK</p>			

Version: 12/09/2024 09:13:03

	Case four Kate Heron, University Hospital Southampton, UK
15:30	CLOSING CEREMONY
16:00	CLOSE OF CONFERENCE
