IUR YOUNG INVESTIGATOR AWARD

To encourage young scientists to participate in the conference a young investigators award program has been established in association with the conference.

A travel award of 1500 EURO and a certificate will be granted to four chosen young investigators submitting high quality manuscripts within the scope of the ICRER conference.

WHO IS ELIGIBLE
Manuscript submitting authors should be early career researchers, aged 35 or under on the opening date of the Conference.

HOW TO APPLY
Following documents should be submitted via email mail to ICRER2022@gyro.no by 21 March 2022:

- An original first-authored research manuscript (seven-page limit), presenting work done under the supervision of senior researcher(s), that falls within the conference scope and given thematic areas. Common standards for scientific publications should be applied in manuscripts considered for award (e.g., standard scientific style, sections including abstract, introduction, methodology, results and discussion, conclusion).
- Documentation showing that the author submitting the manuscript is either currently enrolled as a student, or has completed a PhD within the last five years.

AWARD RULES
Selection will be based on scientific quality of the manuscript. Each manuscript will be evaluated according to the following criteria:

- The paper advances the state of knowledge in an area of science promoted at the conference;
- The research idea is innovative and has interdisciplinary implications;
- The study design is of high quality;
- The discussion section is clear;
- The conclusions are well supported by the data presented.
