When & Where?

22-23 September 2022 - Oss, the Netherlands

Why TOPX Summit?

Female professionals make up a big part of the workforce and talent pool in Life Sciences. But the higher you get to the top of organisations, the fewer women you will find. TOPX Summit aims to make the top of the Life Sciences & Health sector more gender-diverse and inclusive, by supporting and encouraging women in personal growth, career development and networking. TOPX summit will bring inspiring top women, top men and leading experts on the stage to share their insights, to discuss best practices and to empower women on their way to the top of their career.

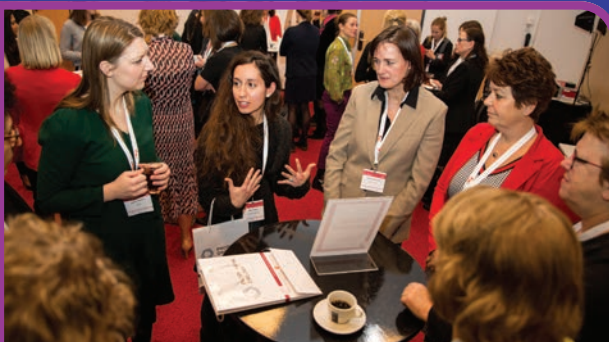

Day 1 | 22 September

Theater De Lievekamp, Oss

General Summit day

Open to all professionals, male and female who value diversity and inclusion

Day 2 | 23 September

Pivot Park, Oss

Workshops and Deep Dives

Especially aimed at female professionals in Life Sciences

The programme developed by and for ambitious women covers the following items:

- » **Keynote presentations & motivational speeches**
Inspiring talks from high-level speakers with motivational statements, lessons learned and a call-to-action.
- » **Interactive panel discussions** with prominent stakeholders on how to improve diversity and inclusion at the top and break through the glass ceiling.
- » **Deep dives & workshops**
In-depth sessions on improving personal and leadership skills and how to become more successful in your career
- » **Round table sessions**
Topic sessions in which experts and executives share their insights and experiences and provide advice and knowledge to other women.
- » **1-on-1 speed dates with Biotech CEOs, coaches & mentors**
Schedule 1-on-1 meetings with Biotech CEOs, coaches and mentors to obtain personal advice.
- » **Networking opportunities**
Make valuable connections with upcoming and current leaders in the Life Sciences sector and broaden your network during the multiple networking moments, including the networking lunches, social activity and drinks.

Be at the top of your game in Life Sciences

TOPX Summit: for who?

TOPX Summit is aimed at female professionals in Life Sciences & Health who seek advancement in leadership, management or entrepreneurial roles, both from industry and academia. Women in various stages in their career are invited to join: young professionals as well as mid-career and senior professionals are welcome. Furthermore, we welcome top women who already made it to the top to share their experience and lessons learned with the younger generations. We specifically also encourage men to join the first general day of the summit to participate in the discussion!

Why join TOPX Summit?

- » Gain career-changing inspiration and insights
- » Interact with strong, inspiring and successful top women and men
- » Inspire each other by sharing successes, challenges and lessons learned
- » Empower your growth in leadership skills
- » Gain new and valuable connections and expand your network
- » Overcome (gender-related) boundaries and adversity
- » Improve your personal and soft skills
- » Acquire personal advice from coaches and experienced professionals
