Welcome Address

Over The last few months, we have been working hard to make sure we can welcome all of our participants to DIAEGYPT 2020 in a safe & secure manner. And since the Health & Safety of our guests are a priority, we generated the same rules & guidelines to maintain each and every one's wellbeing. Please make sure to watch our Safety Video uploaded on DIAEGYPT Social Media Channels, Mobile App and displayed on the screens spread all over the event's facilities. DIAEGYPT is appearing in a new Unique Hybrid Experience – taking the inspiration from the best of both physical and digital events, creating an extraordinary live virtual event with a great impact. We are promising all our guests with a superb scientific program that includes the highest quality education, updates & guidelines and latest science featured by the brightest minds in the field. We hope you have a memorable and engaging experience.

**Yours Sincerely,
DIAEGYPT Board**

Welcome Address

On behalf of the board of the Egyptian Society of Diabetes and Lipidology (ESDL), it is my great pleasure to invite you all for the upcoming 12th national diabetes congress “DIAEGYPT 2020” which will take place in the beautiful city of Cairo on 14-17 October 2020.

With the theme of the conference “bridging the gap between knowledge and practice in diabetes management” we will be having exciting 3 days of informative discussion in the field of diabetes by our esteemed speakers in this field.

A distinguished panel of international experts in the field of Diabetes and Endocrinology will be sharing their research and experiences during this conference that will influence our clinical practice. Further, sharing our clinical perspectives with regional/global experts, would further make this conference rich in its content, and achieve our target of this get together.

The members of the organizing committee have done their best to organize a social program to satisfy the taste of all. I would like to welcome you to our beloved Cairo, and we hope that you enjoy your stay as much as we enjoy having you here with us.

The **ESDL** (Egyptian Society of Diabetes and Lipidology) was founded in 2013.

The **ESDL** superior objective is spreading the awareness to the public and the cure of diabetes for all diabetic patients through campaigns and public and patient awareness days and also gathering all people working in the field of diabetes and Lipidology through the **ESDL** educational activities and publications, scientific meetings and annual congress “DiaEgypt”.

Individual Membership:

Get benefit of:

- Voting rights and attendance at general ESDL meetings.
- Reduced rate registration to the “ESDL Activities”
- Receiving ESDL publications.
- Joining affiliated societies.
- Be a part of our international presence.
- Be a part of the social responsibility activities including public and patient awareness.

Annual Congress:

PROF. ANTONIO CERIELLO

ITALY

IRCCS Multimedica of Milan, Milan (Italy)

Specialty: Risk Factors and Prevention

Professor Antonio Ceriello is Head of Diabetes Department at IRCCS MultiMedica, Milan, Italy. Professor Ceriello has published over 450 original papers . His current h-index is 88. Prof. Ceriello has chaired the International Diabetes Federation (IDF) committee for the development in 2008, and in the 2011 for the update of “Guideline for Management of Postmeal Glucose”.

Currently, is the President of the European Association for the Study of Diabetes (EASD) Study Group on “Diabetes and CardiovascularDiseases”. He has been Member of the Board for the development of the new “European Society of Cardiology (ESC) guidelines on diabetes, pre-diabetes, and cardiovascular diseases developed in collaboration with the EASD “. He also served as Associate Editor of “Diabetes Care” from 2003 to 2011 and Associate Editor of “Diabetic Medicine” from 2005 to 2016. From July 1st 2016 he has been appointed as Editor in Chief of “Diabetes Research and Clinical Practice”, the official IDF journal.

Diabetologist by training who focused his activities on clinical care, research and education in diabetes. Dr Lalic has been engaged in daily clinical practice as a diabetologist for 30 years. He was visiting scientist at Joslin Diabetes Center, Boston, USA, and at present is Director and Head of the Diabetes department at the University Hospital in Belgrade, which is the reference center for diabetes in Serbia, as well as Professor of Internal medicine and Endocrinology and Dean of the Faculty of Medicine, University of Belgrade.

Dr Lalic is chairman of the National Expert Committee for Diabetes and editor of national guidelines in diabetes. He has over 700 diabetes research publications, 80 of them in peer-review journals. He is a full member of the Serbian Academy of Sciences and Arts.

Director of the Yale Medicine Diabetes Center, treats patients who suffer from diabetes as well as pituitary and adrenal disorders. “Endocrinology is fascinating, and we are usually able to help patients improve their quality of life through multidisciplinary care and academic approaches to endocrine conditions,” he says.

Dr. Inzucchi is a professor of medicine (endocrinology) at Yale School of Medicine and the clinical director of the section of endocrinology. In his research, Dr. Inzucchi, studies the cardiovascular effects of diabetes medications and glucose management in the hospital. Named a “top doctor” locally and nationally, Dr. Inzucchi has also received Yale’s David J. Leffell Prize for Clinical Excellence. The prize is given to individuals who demonstrate the highest level of clinical expertise, commitment to teaching and compassion for patients.

He says he has developed an effective personal approach to treating patients, carefully honed over 30 years at Yale. It includes being on top of the latest advances, but also responding to each patient’s individual needs. “I like to try to draw people out in terms of who they are, what’s important to them, their life experiences and their family. Such an approach resonates with patients because they don’t want to be seen as a patient, they want to be treated as a person,” he says.

Head, Endocrinology, Diabetes & Metabolism Division, Jaber Al-Ahmad Hospital, Kuwait & Consultant, Endocrine Division, Mubarak Al-Kabeer Hospital, Kuwait

He received the bachelor degree of Medicine and Surgery from the University of Kuwait, Faculty of Medicine.

General Information

Congress Venue

CAIRO

Congress hosting city is Cairo which is the capital of Egypt and the largest city in the Middle-East and second-largest in Africa after Lagos. Its metropolitan area is the 16th largest in the world. Located near the Nile Delta, nicknamed "the city of a thousand minarets" for its preponderance of Islamic architecture, Cairo has long been a center of the region's political and cultural life. Cairo is also associated with Ancient Egypt as it is close to the ancient cities of Memphis, Giza and Fustat which are near the Great Sphinx and the pyramids of Giza.

InterContinental City Stars Hotel

InterContinental City Stars Hotel is ideally located seven minutes from Cairo International Airport, 10 minutes from Cairo International congress center and 30 minutes from downtown Cairo. Named Cairo's best business hotel by business Traveler magazine

City Stars

City Stars Centre is the retail and leisure component of the city stars' complex and provides a unique shopping and entertainment experience

in the Middle East. The 643 store shopping center includes world-renowned diverse brand names. The Centre is also complimentary by 2 indoor theme parks, a 21 state-of-the-art screen cinema complex, and diverse dining choices. Khan El-Khalili treasures and a 20,000 m2 exhibition area built to international standards.
