

Monday 27 November 2023				
Time	Rooms			
	Registration Open (08.00-19.30)			
	Set up Exhibition Hall and Poster Build (08.00-15.00)			
	Level 1 Auditorium		Level 3 Meeting Room 6	
	Level 4			
08.30-10.30	Arrival Teas/Coffees for CME Course Participants			
10.30-12.30	CME Course - Clinical - Session 1.1 Chair: <i>Bert Bammens, Leuven, Belgium</i>		CME Course - FRENCH SESSION - Session 2.1 - Hémodialyse à Domicile : Une Renaissance Chair: <i>Eric Goffin, Brussels, Belgium</i>	
10.30-11.00	Basic Physiology of Peritoneal Dialysis	Bert Bammens, Leuven, Belgium	Information Pré-dialyse (Predialysis Information)	Claudine Dolmin, Brussels, Belgium
11.00-11.30	Organizing PD Catheter Access	Floris Vanommeslaeghe, Ghent, Belgium	Le Cathéter : CI pour l'Hémodialyse à Domicile ?	Maxence Ficheux, Caen, France
11.30-12.00	Antibiotics in Peritoneal Dialysis	Hans Vander Meersch, Brugge, Belgium	Audit Dans une unité d'hémodialyse à Domicile en Belgique	Blaise Anthonissen, Jodoigne, Belgium
12.00-12.30	Tailoring PD Prescriptions	Alferso Abrahams, Amsterdam, The Netherlands	Hémodialyse Quotidienne ou Hémodialyse Conventiennelle à Domicile ?	Hafedh Fessi, Paris, France
12.30-13.00	Lunch Break for CME Course Participants (Lunch Provided Onsite)			
13.00-16.00	CME Course - Clinical - Session 1.2 Chair: <i>Wim Van Biesen, Ghent, Belgium</i>		CME Course - FRENCH SESSION - Session 2.2 - Quoi de neuf en Dialyse Péritonéale? Chairs: <i>Issad Belkacem, Fontenay Sous Bois, France and Christian Verger, Pontoise, France</i>	
13.00-13.30	Managing Ultrafiltration and Volume	Jeroen Kooman, Maastricht, The Netherlands	Les Fragilités du Patient âgé en DP en Belgique Francophone : Quel Impact Sur la Survie? (13.00-13.20)	Catherine Gerontitis, Antheit, Belgium
13.30-14.00	When to Start Predialysis Education	Ulrika Hahn Lundström, Stockholm, Sweden	Puis-je Faire la DP si j'ai un Chat ou un Chien? (13.20-13.40)	Philippe Delaey, Léglise, Belgium
14.00-14.30	Periprocedural Care when Creating PD Access	Anabela Rodrigues, Porto, Portugal	Variations des Méthodes de Prélèvement des Liquides de DP (13.40-14.00)	Marie-Christine Padernoz, Graignes Mesnil-Angot, France
14.30-15.00	Achieving Adequate Dialysis	Martin Wilkie, Sheffield, United Kingdom	Puis-je Faire la DP si j'ai une Hypo-Albuminémie (14.00-14.30)	Fatouma Touré, Limoges, France
15.00-15.30	Setting up a Train the Trainer Program	Betty Hoekstra, Papendrecht, Netherlands	L'utilité du PET test en 2023 (14.30-15.00)	Anne-Lorraine Clause, Brussels, Belgium
			Le Glucose : Un Ennemi Nécessaire? (15.00-15.30)	Clémence Béchade, Caen, France
			DP Chez les Enfants : Un Métier Différent? (15.30-16.00)	Ariane Zaloszyk, Strasbourg, France
16.00-17.00	Free Time			
17.00-18.30	Opening & Plenary Session 1 (Level 1 Auditorium) Chairs: <i>Simon Davies, Madeley, United Kingdom and Eric Goffin, Brussels, Belgium</i>			
17.00-17.30	Welcome from Simon Davies, President, EuroPD	Simon Davies, Madeley, United Kingdom		
17.30-18.00	Opening Plenary: Towards a Sustainable Health Ecosystem	Wim Van Biesen, Ghent, Belgium		
18.00-18.30	Service Delivery and Design in Healthcare	Paul Gemmell, Ghent, Belgium		
18.30-20.00	Opening of the Exhibition Hall and Poster Area, Serving of Refreshments and Canapes			

Tuesday 28 November 2023						
Time	Rooms					
	Level 1 Auditorium		Level 4		Level 3 Meeting Room 6	
	Registration Open (07.00-18.45) Exhibition and Posters Open (08.00-18.30) Speaker Preview (07.00-18.00)					
	Topic	Speaker	Topic	Speaker	Topic	Speaker
08.00-09.30	Parallel Session 1: Nutrition, Inflammation and Volume Management Chairs: <i>Anabela Rodrigues, Porto, Portugal and Floris Vanommeslaeghe, Ghent, Belgium</i>		Parallel Session 2: Home HD Chairs: <i>Anne-Lorraine Clause, Brussels, Belgium and Tony Goovaerts, Bierbeek, Belgium</i>			
08.00-08.30	Bimodal Therapy on PD to Improve Volume Control	Clémence Béchade, Caen, France	Home Therapies: What Do the New KDIGO Recommendations Tell Us?	Jeffrey Perl, Toronto, Canada and Martin Wilkie, Sheffield, United Kingdom		
08.30-09.00	Changes in Body Composition with Peritoneal Dialysis	Andrew Davenport, London, United Kingdom	The Cardio-Vascular Benefits of Home HD : More Frequent or Longer Sessions?	María Fernanda Slon Roblero, Navarra, Spain		
09.00-09.30	Inflammation in PD	Mark Lambie, Crewe, United Kingdom	How to Set Up a HDD Programme from Scratch	Tony Goovaerts, Bierbeek, Belgium		
09.35-10.25	Plenary Session 2 (Level 1 Auditorium) Chair: <i>Simon Davies, Madeley, United Kingdom</i> What Can we Learn from Large Databases: <i>Annie-Claire Nadeau-Fredette, Montreal, Canada</i>					
10.25-11.00	Tea Break and Viewing of Posters					
11.00-12.30	Parallel Session 3: Tailored Approach to Therapy Chairs: <i>Anabela Malho Guedes, Faro, Portugal and Edwina Brown, London, United Kingdom</i>		Parallel Session 4 - Home HD Chairs: <i>Laura Labriola, Brussels, Belgium and Tony Goovaerts, Bierbeek, Belgium</i>			
11.00-11.20	Incremental Dialysis	Cecile Courivaud, Besançon, France	Home HD and Catheters: Friend or Foe?	Bert Bammens, Leuven, Belgium		
11.20-11.40	Transitioning to Alternative Dialysis Regimes	Richard Corbett, London, United Kingdom	The Many Advantages of the Buttonhole Technique for the AVF Puncture	Laura Labriola, Brussels, Belgium		
11.40-12.00	A Geriatrician in the Renal Clinic: Different Conversations, Different Choices	Virginia Aylett, Leeds, United Kingdom	How to Evaluate the Patient needs on Home HD	Benédicte Sautenet, Tours, France		
12.00-12.20	Systematic Evaluation of Adequacy: PRO	Monika Lichodziejewska-Niemierko, Gdansk, Poland	A Patient Experience With a New Home HD Monitor	Alexander Neuhauser, Antwerp, Belgium		
12.20-12.40	Systematic Evaluation of Adequacy: CON	Edwina Brown, London, United Kingdom				
12.40-14.00	Lunch Break - Lunch Boxes Provided Odd Numbered Poster Viewing					
12.50-13.50	Baxter Industry Sponsored Lunchtime Symposium (Access for HCP's Only) Chair: <i>Eric Goffin, Brussels, Belgium</i>					
14.00-15.30	Parallel Session 5: Value Based Healthcare Chairs: <i>Karlien Francois, Brussels, Belgium and Ulrika Hahn Lundström, Stockholm, Sweden</i>		Parallel Session 6: Clinical Cases Low Flow HDD Chairs: <i>Issad Belkacem, Fontenay Sous Bois, France and Eric Goffin, Brussels, Belgium</i>		Parallel Session 7: Basic Science: Peritoneal Membrane Function Chairs: <i>Donald Fraser, Cardiff, United Kingdom</i>	
14.00-14.30	Cost Effectiveness of Home Based Therapies - Lessons from Inter-CEPT	James Fotheringham, Sheffield, United Kingdom	Home HD in a Patient with Cardiac Failure (14.00-14.20)	María Fernanda Slon Roblero, Navarra, Spain	An Update on miRNAs in PD (14.00-14.20)	Donald Fraser, Cardiff, United Kingdom
14.30-15.00	PD has an Expiry Date at Which Patients Should be Transferred to HD: PRO	Anabela Rodrigues, Porto, Portugal	Pregnancy in Home HD Patients (14.20-14.40)	Maxence Ficheux, Caen, France	Glucose Transporters in PD (GLUT and SGLT) (14.20-14.40)	Carl Öberg, Lund, Sweden
15.00-15.30	PD has an Expiry Date at Which Patients Should be Transferred to HD: CON	Helga Gudmundsdottir, Oslo, Norway	Is Home Dialysis a Good Option in Elderly Patients? (14.40 -15.00)	François Paquot, Liège, Belgium	Unravelling Molecular Mechanisms of Vascular Disease in PD (14.40 -15.00)	María Bartosova, Heidelberg, Germany
			Why it's Important to Visit Home HD Patients (15.00-15.20)	Philippe Delaey, Léglise, Belgium	The Genetics of Peritoneal Membrane Function (15.00-15.20)	Simon Davies, Madeley, United Kingdom
15.30-16.00	Tea Break and Viewing of Posters					
16.00-18.00	Parallel Session 8: Symptom Management Chairs: <i>Helga Gudmundsdottir, Oslo, Norway and Jernej Pajek, Ljubljana, Slovenia</i>		Parallel Session 9: Clinical Cases PD Peritonitis/Infection Chairs: <i>Gert Meeus, Kortrijk, Belgium and Christophe Bovy, Chu De Liège, Belgium</i>		Parallel Session 10: Basic Science: Epidemiology and Methodology Chair: <i>Wim Van Biesen, Ghent, Belgium</i>	
16.00-16.30	Fatigue	Anabela Rodrigues, Porto, Portugal	Severe Peritonitis in Context of Perforating Diverticulitis/Abcedation with Polymicrobial Flora	Barbara Van den Bergh, Bruges, Belgium	International Variability in Home Therapies Uptake	Annabel Boyer, Caen, France
16.30-17.00	Pruritus in Advanced CKD and on Dialysis	Severin Schrickler, Stuttgart, Germany	Relapsing P Aeruginosa Peritonitis Associated to Pleuro-Peritoneal Breach	François Paquot, Liège, Belgium	What We Can and Cannot Learn from Non-randomised Studies and Routinely Collected Medical Data	Johan Steen, Ghent, Belgium
17.00-17.30	Pain	Emma Murphy, Bournemouth, United Kingdom	Relapsing Peritonitis with Brevibacterium, thought to be Biofilm-Related. Urokinase was used to Salvage the Catheter: Good Practice or is it Always Better to Replace the Catheter?	Gert Meeus, Kortrijk, Belgium	Multistate Modelling - What Can this Tell Us About How Patients Transition through Modalities	Mark Lambie, Crewe, United Kingdom
17.30-18.00	Patient Empowerment a Necessary Condition	Edgard Eeckman, Brussels, Belgium	Should I Stay or Should I Go	Serge Treille, Charleroi, Belgium	Skin Autofluorescence as a Novel Biomarker to Assess Nutritional Status in PD	Maarten Taal, Nottingham, United Kingdom
18.00-23.59	Free Evening					

Wednesday 29 November 2023							
Time	Level 1 Auditorium		Rooms Level 4		Level 3 Meeting Room 6		
	Registration Open (07.00-18.45) Exhibition and Posters Open (08.00-18.30) Speaker Preview Open (07.00-18.00)						
	Topic	Speaker	Topic	Speaker	Topic	Speaker	
08.00-09.30	Parallel Session 11: What's New in Infection Management Chairs: Christian Verger, Pontaise, France and Hans Van Der Meersch, Assebroek, Belgium		Free Communication: Session 1 Chairs: Monika Lichodziejewska-Niemierko, Gdansk, Poland and Severin Schrickler, Stuttgart, Germany		Parallel Session 12: Basic Science: Beyond the Membrane Chairs: Klaus Kratochwill, Vienna, Austria and Manuel Lopez-Cabrera, Madrid, Spain		
08.00-08.20	Update from PDOPPS: Infection Outcomes and Practice Patterns	Jeffrey Perl, Toronto, Canada	O-3 - Evaluating the Impact of Frailty Status on Outcomes in Patients Receiving Peritoneal Dialysis (08.00-08.15)	Christy Elsa Abraham, Bolton, United Kingdom	Innate Immune Response and Cardiovascular Disease in PD Patients (08.00-08.20)	Anne Catherine Raby, Wales, United Kingdom	
08.20-08.50	What Can We Learn From Our Practices?	Antoine Lanot, Caen, France	O-4 - Evolution of Nutritional and Anthropometric Parameters. Longitudinal Follow-Up Before and After Peritoneal Dialysis (08.15-08.30)	María del Pilar Morán Magro, Madrid, Spain	Microbiome in PD (08.20-08.40)	Rebecca Herzog, Vienna, Austria	
08.50-09.10	Direct Re-Insertion of a Catheter: PRO	Jernej Pajek, Ljubljana, Slovenia	O-5 - Ultrafiltration in PD. Interrelation with Body Composition and Intraperitoneal Pressure (08.30-08.45)	Alicia Sobrino Pérez, Valladolid, Spain	GDPS: Still a Concern? (08.40-09.00)	Monika Pischetsrieder, Erlangen, Germany	
09.10-09.30	Direct Re-Insertion of a Catheter: CON	Karlén François, Brussels, Belgium	O-6 - Benchmarking Computational Models of Peritoneal Dialysis (08.45-09.00)	Sangita Swapnasrita, Maastricht, Netherlands	O-1 - New Insights on Glucose-Sparing Solution Reveal Protective Effects on Peritoneal Membrane Adopting A Cutting-Edge Intravital Microscopy Based Approach (09.00-09.15)	Luciano D'Apolito, Ariano Irpino, Italy	
			O-7 - Exit Site Infection Rates: Historic Data to Inform a Nurse-Led Continuous Quality Improvement Process (09.00-09.15)	Lourellei Cepe, London, United Kingdom			
09.35-10.25	Plenary Session 3 (Level 1 Auditorium) Chairs: Achim Jörres, Berlin, Germany Looking to the Future. How can we Translate Basic Science into Improving Outcomes of Kidney Failure?: Christoph Aufricht, Vienna, Austria						
10.25-11.00	Tea Break and Viewing of Posters						
11.00-12.30	Parallel Session 13: Qualitative Research: Modality Selection (Patient Testimony/Experience) Chairs: Mark Lambie, Crewe, United Kingdom and Alferso Abrahams, Utrecht, Netherlands		Parallel Session 14: Clinical Case Discussions: Challenging Situations Chairs: Anabela Malho Guedes, Faro, Portugal and Ariane Zalozyc, Strasbourg, France		Parallel Session 15: Basic Science: Inflammation and Fibrosis Chairs: Christoph Aufricht, Vienna, Austria and Achim Jörres, Berlin, Germany		
11.00-11.25	Modality Selection: Underlying Drivers	Anne Lorraine Clause, Brussels, Belgium	PD in the Elderly and Visually Impaired - Is It Suitable and Safe?	Catalina Martin-Cleary, Madrid, Spain	Mechanistic Links between Macrophages and Mesothelial Cells on Initiating Peritoneal Fibrosis and Stabilising Scar Tissue	Sarah Herrick, Manchester, United Kingdom	
11.25-11.50	Ethnography: What Characterised a High Performing Home Therapies Unit? Findings from Inter-CEPt	Kerry Allen, Birmingham, United Kingdom	PD in Pediatric Patients	Ariane Zalozyc, Strasbourg, France	Omental Cells and Peritoneal Immunity	Cecile Benezech, Edinburgh, United Kingdom	
11.50-12.30	Uptake of Homebased Therapies can only be Achieved by Regulation: Pro/Con Debate	Jeffrey Perl, Toronto, Canada (Pro) and Martin Wilkie, Sheffield, United Kingdom (Con)	PD in PKD and Obese Patients	Anabela Malho Guedes, Faro, Portugal	Macrophage Metabolomics in the Peritoneal Dialysis Patient	Luke Davies, Swansea, United Kingdom	
12.30-14.00	Lunch Break - Lunch Boxes Provided Even Numbered Poster Viewing						
12.45-13.45	Fresenius Medical Care Industry Sponsored Lunchtime Symposium Chair: Dr. Brigitte Schiller, Waltham, United States of America						
14.00-15.30	Parallel Session 16: Life Participation (Including Patient Testimonies) Chairs: Annie-Claire Nadeau-Fredette, Montréal, Canada		Parallel Session 17: Clinical Case Discussions: Home HD Chairs: Issad Belkacem, Fontenay Sous Bois, France and Eric Goffin, Brussels, Belgium		Parallel Session 18: Basic Science Membrane Biology Chairs: Donald Fraser, Cardiff, United Kingdom		
14.00-14.20	Patient Oriented Outcomes in Peritonitis	Monika Lichodziejewska-Niemierko, Gdansk, Poland	Hypereosinophilia in a Home HD Patient	Inès Dufour, Wezembeek-Oppem, Belgium	Stem Cell Therapies to Preserve the Peritoneal Membrane Integrity during PD	Guido Moll, Berlin, Germany	
14.20-14.40	What is Life Participation?	Timothy Moreels, Assebroek, Belgium	Acute Hemolysis in a Home HD Patient	Inès Dufour, Wezembeek-Oppem, Belgium	Epigenetic Modulation of Mesothelial Cell Function in PD	Raffaele Strippoli, Roma, Italy	
14.40-15.00	Burden of Kidney Disease: Results from DOPPS and PDOPPS	Edwina Brown, London, United Kingdom	Home HD in Obese Patients	Hafedh Fessi, Paris, France	Has the Proper Reporting of Animal Studies Arrived in PD Research?	TBA	
15.00-15.20	How to Get Patients Involved in Research	Leah Mc Laughlin, Cardiff, United Kingdom	Is Home HD Feasible in Children?	Iona Madden, London, United Kingdom			
15.30-16.00	Tea Break and Viewing of Posters						
16.00-18.00	Parallel Session 19: Innovation in ESKD: What Should We Take Home Chairs: Richard Corbett, Richmond, United Kingdom and Eric Goffin, Brussels, Belgium		Parallel Session 20: Identification and Management of Patients at Risk. Outcome and Vascular Events in Peritoneal Dialysis (IMPROVE-PD) - What Have We Learned? Chairs: Christoph Aufricht, Vienna, Austria and Claus Peter Schmitt, Heidelberg, Germany		Parallel Session 21: Clinical Case Discussions: EuroPD Ambassadors Chairs: Ulrika Hahn Lundström, Stockholm, Sweden and Helga Gudmundsdottir, Oslo, Norway		
16.00-16.20	Potential Clinical Value of Catheters Impregnated with Antimicrobials for the Prevention of Infections Associated with Peritoneal Dialysis	Maarten Taal, Nottingham, United Kingdom	Overview of the IMPROVE PD Programme (16.00-16.25)	Manuel Lopez-Cabrera, Madrid, Spain	PD for Severe Heart Failure From Conservative in Stockholm - To PD in Oslo	Ulrika Hahn Lundström, Stockholm, Sweden and Helga Gudmundsdottir, Oslo, Norway	
16.20-16.50	Using Virtual Reality for Peritoneal Dialysis Education of Patients, Families, and Staff	Ben Reynolds, Glasgow, United Kingdom	Identifying the Patient at Risk (16.25-16.50)	Claus Peter Schmitt, Heidelberg, Germany	Opioid Use and Assisted PD		
16.50-17.20	Wearable Kidney	Karin Gerritsen, Utrecht, The Netherlands	Understanding Mechanisms of Risk (16.50-17.15)	Donald Fraser, Cardiff, United Kingdom	ADHD and Assisted PD in a Young Man		
17.20-18.00	To Grow Homebased Therapies I would Envision to Have ...	Eric Goffin, Brussels, Belgium	New Interventions (17.15-17.40)	Klaus Kratochwil, Vienna, Austria	Socioeconomic Challenges and PD		
			Future Directions (17.40-18.05)	Christoph Aufricht, Vienna, Austria			

Thursday 30 November 2023					
Time	Rooms				
	Level 1 Auditorium		Level 3		Level 3 Meeting Room 6
	Topic	Speaker	Topic	Speaker	Topic
08.30-10.30	Registration Open (07.30-13.00) Speaker Preview (07.30-12.15) Exhibition and Posters Open (08.00-11.00)		EuroPD Policy Forum on Home Therapies in Europe		Parallel Session 24: Free Communications: Basic Science Chairs: TBA
08.30-08.50	Managing Dysfunctional Catheters	Anabela Malho Guedes, Faro, Portugal	Introduction (08.30-09.00)	Simon Davies, Madeley, United Kingdom	O-9 - A New Externally Validated Prognostic Model for Survival in Incident Peritoneal Dialysis Patients (08.30-08.45)
08.50-09.10	Let's Advance(d) Laparoscopy	Daniel Jacobs-Tulleeneers-Thevissen, UZ, Brussel	Why We Need Models of Care That Support Patients at Home (09.00-09.15)	Jan Van Crutchen, Melick, Netherlands	O-10 - Effect of Peritoneal Dialysis in End-Stage Renal Disease on Apixaban Pharmacokinetics (08.45-09.00)
09.10-09.30	Let's Not be Blind for Alternatives	Karlien François, UZ, Brussel	Challenges to Setting up Services to Support Home Therapies in Belgium (09.15-09.30)	Caydie Van Brabant, Antwerp, Belgium and Wim Van Biesen, Ghent, Belgium	O-11 - How Effectively Can One Long Peritoneal Dwell With Extraneal Replace Two Short Dwells With Glucose-Based Solutions? (09.00-09.15)
09.30-09.50	PD Catheter Placement by the Nephrologist: A Mini Laparoscopic Approach	Johannes Münch, Berlin, Leipzig	How to Do Advocacy (09.30-09.45)	Raymond Vanholder, Drongen, Belgium	O-12 - Increasing The Adoption of Homebased Therapies Through Improved Advanced Kidney Care Education: A Call For Action (09.15-09.30)
09.50-10.10	The PREDICT Project	Marga Eshuis Bravis Roosendaal, Hendrik-Ido-Ambacht, Netherlands	Open Discussion (09.45-10.00)	ALL	O-13 - Efficacy and Safety of Intraperitoneal Low Molecular Weight Heparin versus Unfractionated Heparin Peritoneal Dialysis Peritonitis: A Randomized Controlled Study (09.30-09.45)
10.10-10.30			Breakouts (10.00-10.45) Theme 1: Dialysis Provider Motivation (Meeting Room 1&2) Co-Leads: Edwina Brown, London, United Kingdom and Bert Bammens, Leuven, Belgium Theme 2: Empowering the Patient (Meeting Room 4&5) Co-Leads: Jan Van Crutchen, Melick, Netherlands, Raymond Vanholder, Drongen, Belgium and Simon Davies, Madeley, United Kingdom Theme 3: Education of Professionals and Lack of Staffing (Meeting Room 10&11) Co-Leads: Wim Van Biesen, Ghent, Belgium, Jeroen Kooman, Maastricht, The Netherlands and Sotiroula Gliki, Cyprus		
			Coffee (10.45-11.00)	ALL	O-14 - The Association Between Glycaemic Control and Survival in Differing Cohorts of Patients With Diabetes On Peritoneal Dialysis: Results From The PDOPPS (09.45-10.00)
					O-15 - Refining Total Body Water Estimation in Peritoneal Dialysis Patients: Unveiling a Novel Correction Factor for an Established Formula (10.00-10.15)
					O-16 - The Use of Lung Ultrasound In Assessment of Volume Status in Peritoneal Dialysis Patients (10.15-10.30)
10.30-11.00	Tea Break and Viewing of Posters (Exhibition and Posters close at 11.00)				
11.00-12.30	Parallel Session 25: Pro Con Debates Chairs: TBA		EuroPD Policy Forum on Home Therapies in Europe		Parallel Session 27: Free Communications Session 3: Clinical Chairs: TBA
11.00-11.45	Open Dialysis: Do-it-Yourself APD Machine	Chetan Kumar Velumurugan, Lille, France	Feedback by Each Group	ALL	O-22 - Role of Remote Monitoring in Automated Peritoneal Dialysis: Impact in SONG-PD (Standardized Outcomes In Nephrology-Peritoneal Dialysis). Results From RPM-APD Multicenter Study (11.00-11.15)
11.45-12.05	Low Flow Daily Home is Better than High Flow Alternate Day Home: PRO	Hafedh Fessi, Paris, France	Open Discussion (11.45-12.15)	ALL	O-18 - Peritoneal Dialysis (PD) Effluent Derived Extracellular Vesicles to Establish PD-Induced Peritoneal Alterations (11.15-11.30)
12.05-12.25	Low Flow Daily Home is Better than High Flow Alternate Day Home: CON	Floris Vanommeslaeghe, Ghent, Belgium	Agreed Actions (12.15-12.30)	ALL	O-19 - Peritonitis is Linked to Decreased Peritoneal Immune Cell Function and Associated with Increased Peritoneal Inflammation (11.30-11.45)
					O-20 - Long-Term Blood Pressure Variability and Risk Of All-Cause Mortality in Patients with Peritoneal Dialysis (11.45-12.00)
					O-21 - Mechanisms of Vascular Pathology Following Peritonitis in Peritoneal Dialysis Patients and Therapeutic Intervention (12.00-12.15)
					O-17 - EMT and Macrophage Subpopulation Related Diffuse Peritoneal Podoplanin Expression Predicts Peritoneal Vascular Disease (12.15-12.30)
12.30-13.00	Plenary Session 4 (Level 1 Auditorium) Chairs: Simon Davies, Madeley, United Kingdom and Eric Goffin, Brussels, Belgium Awards/Prizes Closing Remarks
