## WHAT ARE THE VISION AND PERSPECTIVES?

The vision of RIWC 2020 is MOVING SOCIETIES. The aim of the congress is to be a global platform, motor and stepping stone for rehabilitation to continue moving societies.

With an ambition that rehabilitation can move and develop societies, the congress wants to further develop rehabilitation in a direction that ensures optimal frameworks, conditions and opportunities for everyone. The focus will not be limited to compensatory efforts, but instead a further development of societies that recognize, respect and include all citizens.

The congress program will reflect five different perspectives on rehabilitation: Individual, Scientific, Society, Professional Practice, and Policy perspectives.

We anticipate 2,500 participants from 50-60 countries. The congress takes place at Aarhus Congress Center and Godsbanen.

## WHY ATTEND THE CONGRESS?

Over three days, participants can look forward to an exciting and inspiring mix of professional presentations (Key Notes, Plenary Sessions, Master Classes, Posters, Workshops etc.), practical examples, a large exhibition area, guided tours, study visits, cultural events and much more.

RIWC 2020 is a unique opportunity to support and build networks and to cooperate on long term activities which may inspire national and international rehabilitation agendas.

## WHO IS THE CONGRESS FOR?

Everyone is invited to participate in and contribute to the Rehabilitation International World Congress 2020. This includes professionals working within the field of rehabilitation, NGOs, practitioners, politicians, students and people with an interest in or personal experience with rehabilitation.

Join us and help create a world-class congress, with everyone counted in.

## HOW CAN YOU GET INVOLVED?

Get involved by submitting an abstract no later than 16 February 2020. Go to the congress website [www.reworldcongress2020.com](http://www.reworldcongress2020.com) to learn more. Or, if you have a good idea that might suit the congress format, please contact [worldcongress@riworldcongress2020.com](mailto:worldcongress@riworldcongress2020.com) to develop your idea or get further information.

## WHO IS BEHIND THE CONGRESS?

The congress is organized by the non-profit NGO Rehabilitation International Denmark, in collaboration with the Municipality of Aarhus, the Central Denmark Region and the Marselisborg Center. Other partners include Aarhus University, VisitAarhus and CareWare.
