

## Photo Guidelines

You need to submit a passport-style photograph for your conference pass. Please see guidelines below:

We recommend taking a photo against a plain, light coloured background using a smartphone/digital camera.

Photo checklist:

1. You need to upload a photo taken in the last 2 years
2. The photo must be a good likeness of yourself today
3. Colour photo
4. Plain, light coloured background
5. In focus and no shadows
6. Only you – no crowd shots!
7. Facing the camera with no hats (religious head coverings are fine)
8. If you wear glasses: there must be no reflections, frames shouldn't cover your eyes (and no sunglasses)
