ORGANIZED BY

Welcome message

Dear Colleagues,

It is my great pleasure to welcome you back to Riyadh, Saudi Arabia, for the 3rd International Infection Prevention and Control Conference (IPC-2023-KSA), which will be held on 11-12 December 2023.

Infection prevention and control practices are important in maintaining a safe and healthy hospital environment for patients, healthcare providers, and visitors. Our mission at this conference is to prevent healthcare-associated infection and control antimicrobial resistance by exchanging ideas, experiences and knowledge by interacting with experts from across the globe.

The conference will feature two actions packed and informative days including keynote lectures, panel discussions, satellite symposia, and a large exhibition focusing on trending topics, evidence-based best practices, and new resources for infection preventionists to support healthcare professionals and advancement of the infection prevention profession.

Come ready to immerse yourself in two days of interactive activities, with keynote lectures and exhibitor satellite symposia that focus on important topics for healthcare workers, providing evidence-based best practices, resources for infection preventionists, and the latest advancements in infection Control. We're confident that your experience at this one-of-a-kind event will leave you better prepared to do the important work that you do.

We look forward to your active participation in the IPC2023KSA in December 2023 and welcoming you to Riyadh.

Kind Regards,

Dr Abdulrahman Alodayani
