

Third Parties

As a general principle, we will not transfer your personal data to third parties without your permission, but to process your conference registration we need to share with the following:

1. We share your information with the [UK Oncology Nursing Society](#)
2. We share your information with NexGen Healthcare Communications who manage the UKONS website
3. We share your information with Centium Software who provide the EventsAIR software to process your record
4. We share your information with FirstData to securely process credit or debit card payments you may make
5. We share your information with Sendinblue to send you emails and manage responses
6. We share your information with the Mark Allen Group, who send the *British Journal of Nursing* to UKONS members every quarter

We also have a small number of companies providing services to us. We use telephony services, which would get to see your phone number if we call you to respond to an enquiry, and a broadband supplier which could see your email address (but not the content of what you send us).
