Third parties

As a general principle, we will not transfer your personal data to third parties without your permission but to process your conference registration we need to share the following with you:

1. We share your information with Centium Software who provide the EventsAir software to process your registration
2. We share your information with Mailchimp and Survey Monkey to send you emails and manage responses

We also have a small number of companies providing services to us. We use telephony services, which would get to see your phone number if we call you to respond to an enquiry, and a broadband supplier which could see your email address (but not the content of what you send us).
