Innovative business models for soil health (NOVASOIL). Strategies for profitable and measurable soil health business models. Blanco-Velázquez, Francisco José; Alonso Martín, Fernando; Bravo García, Javier; González Peñaloza, Félix

and; Anaya-Romero, María. Affiliation: EVENOR-TECH, SLU (Spain)

ESA Symposium on Earth Observation for Soil Protection and Restoration

The Project in a nutshell

NOVASOIL – Innovative business models for soil health (GA-101091268, 1/11/2022 – 31/10/2025) 16 partners in 10 countries and 17 case studies

Specific objectives

1. Develop a portfolio of multiple dimensions of business cases and good examples for investing in soil health in Europe and outside Europe.

2. Analysis of current models that allow **create new incentives** and **revenues** from healthy soils

3. Implement a co-development approach in the modelling that promote soil health

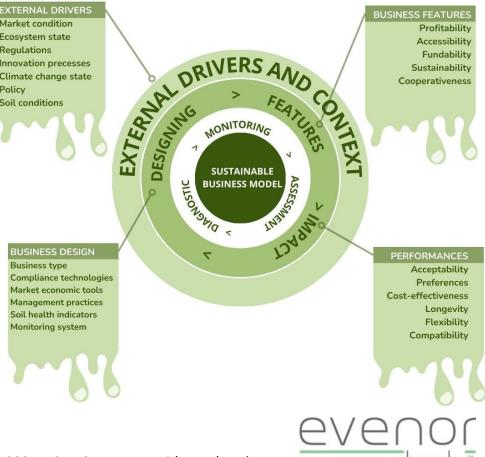

4. Develop a **prototype toolbox** of incentives and a testing network

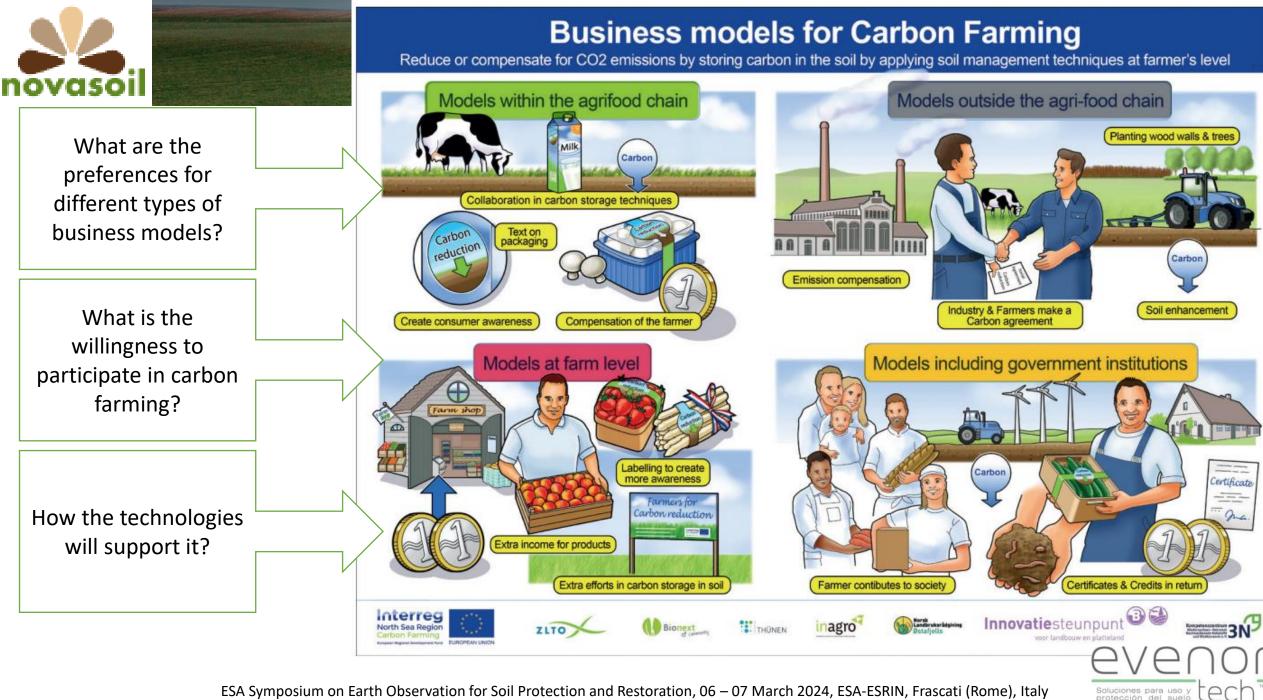

5. Analysis of current **policies** and **technologies** about soil health and provide a revenue for farmers and landowners

6. Develop a **Community of Practice** around soil health investors and key actors

7. Increase the interest on soil health through a Digital Marketing Strategy

ESA Symposium on Earth Observation for Soil Protection and Restoration, 06 – 07 March 2024, ESA-ESRIN, Frascati (Rome), Italy

Baseline

Monitoring

Verification

Earth Observation as a key element

NL1. Rabo Carbo Bank

IT1. District of the Sands

IT3. CiRAA LTEs IT4. Tenuta di Paganico

IT2. Multifunctional and sustainable for marginal areas

Soil Fertility Fund

4

GE2. CO2-Land GE3. AgoraNatura

Environmental variables: Vegetation indexes, Water Stress, Soil variables (including SOC), Leaf Area Index, etc...

UK1. Crop production

SP1. Integrated Production

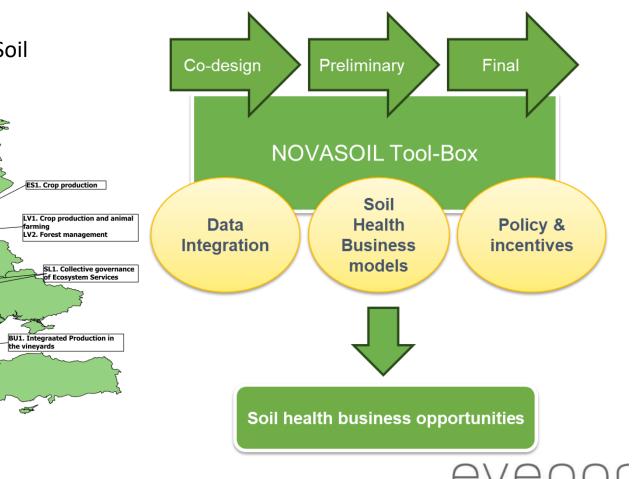

SP2. Organic wine in Rueda

SP3. Laguna Fuente del Rey

0 - 6

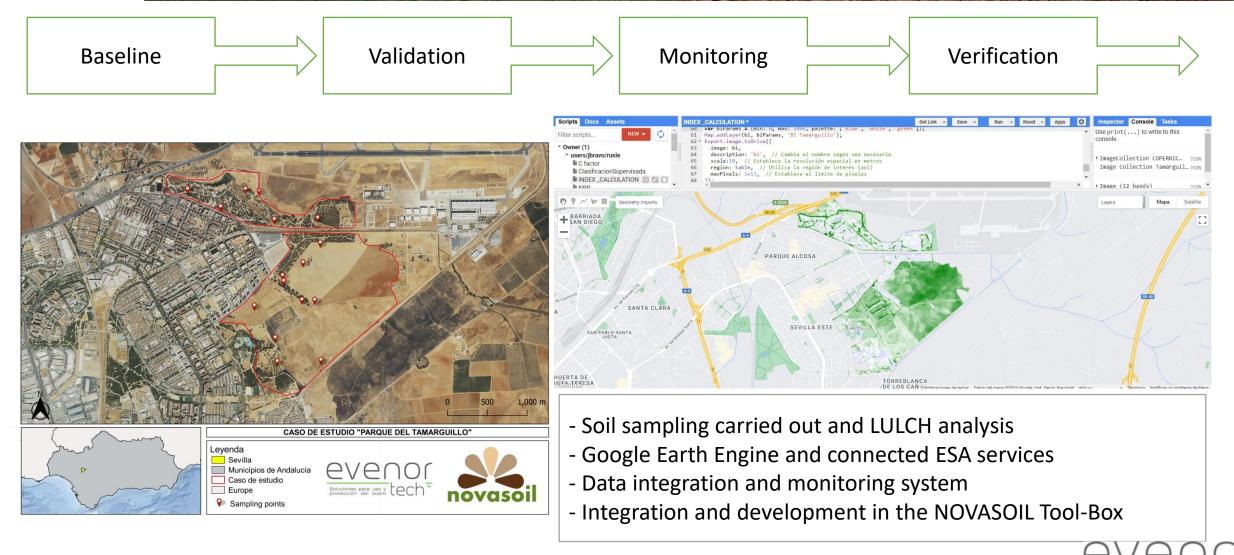

NOVASOIL Community of Practice

Soluciones para uso y protección del suelo
