Subject: ISHA Annual Scientific Meeting - EPoster Upload Instructions

Dear Eposter Presenter,

Congratulations on the acceptance of your work to be presented as an Eposter at the **ISHA Annual Scientific Meeting**, which will be taking place in Glasgow from 13 - 15 October 2022.

ISHA are delighted to be working again with the team at Multi-learning Group who support the Society with the provision of Eposters at the Annual Scientific Meeting, as well as the hosting of the ISHA Learning Academy. The support team at Multi-learning will be able to help you with any questions you have relating to the preparation of your Eposters and upload onto the platform.

This year, there are a couple of extra requests / requirements relating to Eposter submission:

1. We are asking submitters to produce Eposters in two formats:
 - a. Using one of the navigational PPT Templates provided (there is the ability to add your organisational logos to the templates. This will be used to publish your Eposters for access via:
 - i. The viewing screens on site at the Annual Scientific Meeting
 - ii. Via the ISHA Academy
 - iii. Accessible via the Conference App
 - b. The second is also to produce your Eposter as an infographic, this is aimed to provide a more simplified version of your research which we can share via social media and publications.

Guidance is given below on how to produce the two formats.

2. We are also encouraging in the preparation of the PPT Template that you also include audio narration, which will enable you to provide more animated content.
3. For authors who submitted abstracts with a preference for Technical video presentation, but who have instead been offered an Eposter, there is also the ability for you to embed video content within your Eposter. If this is something you would like to do, please contact the Eposter support team to assist with this set up.
