

Tentative Scientific Program

Athens, 1-3 June 2023

Thursday, 1 June 2023		Advanced Diagnostic Procedures
08:30 – 09:00	Registrations -Welcome	
09:00 - 09:15	Introduction and description of the course –	
09:15 – 09:35	Airway and Mediastinal anatomy for IP specialists	
09:35 – 10:00	CT and PET of the thorax for the IP specialists	
10:00 - 10:20	Interventional diagnostic approach of central airway lesions: the value of electro- and cryo- modalities. -	
10:20 – 10:50	EBUS and b/EUS for lung and mediastinal enlargements diagnosis and staging. Complete endosonographic approach for lung cancer	
10:50 – 11:10	Sedation and Ventilation during IP procedures	
11:10 – 11:30	<i>Coffee Break</i>	
11:30 – 12:00	1 st Live Case. Central airway diagnosis and mediastinal staging for LC	
12:00– 12:20	ROSE for mediastinal EBUS samples	
12:20 – 12:45	Peripheral Pulmonary Nodules approach Radial EBUS, UB, VB, RB and the rest of Navigation Technology	
12:45 - 13:15	2nd Live Case. Peripheral Pulmonary Nodule approach	
13:15 - 13:35	Cryobiopsy for ILD	
13:35 – 14:30	<i>Lunch Break with discussion (on site)</i>	
14:30 – 17:45	HANDS ON WORKSHOPS (Participants split in 4 groups of 6 rotating every 45’)	
Group A	EBUS Staging :	
Group B	Electro cautery and APC :	
16:00 -16:15	<i>Coffee Break</i>	
Group C	Radial EBUS and Virtual Bronch 3D airway reconstruction :	
Group D	Cryo biopsy from Lung and Mediastinal lesions :	

Friday, 2 June 2023		Therapeutic Procedures	
09:00 - 09:30	Management of m/b Central Airway Obstruction –		
09:30– 10:00	Bronchoscopic Ablation for Peripheral Pulmonary lesions –		
10:00 – 10:30	Stent Placement in the airways. Present and Future –		
10:30 - 11:00	Treating post-Transplantation Complications –		
11:00 – 11:30	1 st Live Case. Central airway stenosis management		
11:30 – 12:00	<i>Coffee Break</i>		
12:00– 12:20	Management of bronchial hemorrhage		
12:20 – 12:40	Management of TEF and BPF		
12:40 - 13:00	Foreign body retrieval in the airways		
13:00 - 13:30	2nd Live Case. Management of tracheal stent complications		
13:30 – 14:30	<i>Lunch Break with discussion (on site)</i>		
14:30 – 17:45	HANDS ON WORKSHOPS (Participants split in 4 groups of 6 rotating every 45')		
Group A	Rigid Bronchoscopy :		
Group B	Cryo debulking for CAO :		
16:00 -16:15	<i>Coffee Break</i>		
Group C	Management of bronchial bleeding :		
Group D	Tracheobronchial Stent Placement :		

20:00 till late Dinner for all participants and Faculty at Down town Athens

Saturday, 3 June 2023		Advanced Therapeutic Procedures	
09:00 - 09:30	BLVR for Emphysema		
09:30– 10:00	Robotics for PPL-Does Cryobiopsy improve the yield?		
10:00 – 10:30	nCLE for live ROSE		
10:30 - 11:00	Chronic Bronchitis and Asthma –		
11:00 – 11:30	Building an IP Unit from scratch		
11:30 – 12:00	<i>Coffee Break</i>		
12:00 – 14:00	Competence Assessment and Accreditation (Participants split in 4 groups of 6 rotating every 30')		
Group A	Rigid Bronchoscopy:		
Group B	Electrocautery APC and Cryo for airway management:		
Group C	EBUS Mediastinal assessment :		
Group D	Tracheobronchial Stent Placement :		
14:00 – 14:30	Post course discussion- evaluation. Certificates and group photo
