

# Dafodil™

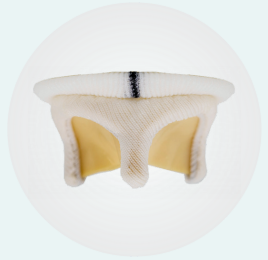

Pericardial Bioprosthesis

## Tri-leaflet stented bioprosthesis

Aortic Valve

Mitral Valve

## DURABILITY

**AntiCa+™** Anti-Ca+™ anti-calcification process to mitigate risk of calcification

**Triple Composite Leaflet Design**

**Triad Frame Design with Elgiloy alloy wireform**

## IMPLANTABILITY

**Position specific design with Dafodil Mitral Valve Delivery System**

**Polyester fabric based sewing ring designed with Commissural Marker**

## HEMODYNAMICS

**Triple-Composite design provides larger Effective Orifice Area (EOA)**

**Leaflet Co-aptation helps minimize Intra-Valvular Regurgitation**
