

Plas Menai National Outdoor Centre accessibility information

Parking

There are disabled parking bays on the right as you approach the main building, there are further bays in the car park around the rear of the building which should be opening in February.

Toilets and changing rooms

One unisex disabled toilet, shower and changing room can be found to the right inside the main building when entering at the swimming pool level (the 200 level which is below reception). This entrance is found on the right down the ramp as you head towards the water from the small carpark near the reception area. Wide access toilet facilities are also available near the bar on the 300 level (reception level).

Water access

Plas Menai is a tidal venue so all access to the water is via the main slipway. There is a route leading to the slipway leading through the courtyard that has been upgraded to improve wheelchair access, this can be identified where the cobbles have been replaced with red bricks. Due to the upgrade to Plas Menai's heating system there may be some limitations to this access, if this is the case an alternative route to the water will be in place.

There are no hoist facilities, but staff can help with transferring where required.

Accessibility equipment on the water

There may be the provision to bring some equipment over from SEAS Sailability so please make your interest known.

Gwybodaeth Hygyrchedd Canolfan Awyr Agored Genedlaethol Plas Menai

Parcio

Mae llefydd parcio i bobl anabl ar y dde wrth i chi ddod at y prif adeilad; mae mwy o faeau yn y maes parcio o amgylch cefn yr adeilad a ddylai fod yn agor ym mis Chwefror.

Toiledau ac ystafelloedd newid

Mae un toiled, cawod ac ystafell newid neillryw i bobl anabl ar y dde y tu mewn i'r prif adeilad wrth fynd i mewn ar lefel y pwll nofio (y lefel 200 sydd o dan y dderbynfa). Mae'r fynedfa yma i'w gweld ar y dde i lawr y ramp wrth i chi fynd at y dŵr o'r maes parcio bach ger y dderbynfa. Mae toiledau mynediad llydan ar gael ger y bar hefyd ar lefel 300 (lefel y dderbynfa).

Mynediad at y Dŵr

Mae Plas Menai yn lleoliad llanwol felly mae'r holl fynediad i'r dŵr drwy'r brif lithrfa. Mae llwybr sy'n arwain at y llithrfa sy'n arwain drwy'r cwrst sydd wedi'i uwchraddio i wella mynediad i gadeiriau olwyn. Mae posib adnabod yr ardal yma lle mae brics coch wedi cael eu gosod yn lle'r cobls. Oherwydd uwchraddio system wresogi Plas Menai, efallai y bydd rhai cyfyngiadau o ran y mynediad hwn, ac os felly bydd llwybr arall at y dŵr yn ei le.

Does dim cyfleusterau hoist, ond gall y staff helpu gyda throsglwyddo lle bo angen.

Offer hygyrchedd ar y dŵr

Mae'n bosibl y bydd darpariaeth i ddod â rhywfaint o offer drosodd o SEAS Sailability felly cofiwch roi gwybod am eich diddordeb.
