

SAP Fioneer

SAP & SAP Fioneer Financial Services Forum

12 – 14 July, 2022 Amsterdam, The Netherlands

Discover how people, ecosystems and experiences are driving growth and innovation in the Financial Services Industry

The **SAP and SAP Fioneer Financial Services Forum 2022** is your chance to hear how global financial services organisations are innovating by harnessing the power of people, ecosystems, and experiences. You'll hear directly – and in-person – from banks, insurers, and fintechs on how innovation from SAP and SAP Fioneer is helping them reshape their organisations, innovate in the cloud and and expand their horizons.

Our in-person conference will be packed with opportunities to learn, be inspired, re-connect, and have fun. You'll have the chance to connect via 1:1s or group discussion sessions, benchmark your own performance, meet privately with SAP and SAP Fioneer's executive team and global solution experts, and hear from the visionaries who are re-defining the financial services industry in this age of opportunity.

We can't wait to see you in Amsterdam this July!

Conference Agenda Thursday 14 July 2022

08:55	Welcome Back from Today's Hosts Susan Loftus, SAP Fioneer Stuart Grant,	SAP
09:00 – 09:45	Panel Discussion – From Fin-Tech to Tech-Fin – Ecosystem Evolution in the Financial Services Industry Big tech first pioneered the concept of business ecosystems to monetise its technology platforms and customer relationships. Ecosystem-based strategies are primarily collaborative models, set up with the knowledge that no business by itself can address all the needs of the individual customer, and a collective of businesses is much better-positioned to do so — especially in a digitally disintermediated world. In Financial Services we often speak about embedded Financial Services and we see that FinTechs and InsurTechs are shaping new types of offerings and service-centric revenue streams. In this opening discussion session, we will debate and discuss this evolution and what it means for you Panel Moderated by: Toni Tomic, SAP Panelists: Chris Dvorak, Northern Trust Tam Holmes, The Bank of London Charlie Platt, SAP Fioneer	
09:45 – 10:30	Panel Discussion – Driving Sustainable Business Practices in the Financial Services Industry Panel Moderated by: Frank Hammann, SAP Fioneer Panelists: Tom Pfaff, Standard Chartered Bank Tariq Noori, DZ Bank Bouke Evers, EY	
10:30	Morning Break and Visit the Show Floor	
	Track One Track Hosted by Stuart Grant, SAP	Track Two Track Hosted by Susan Loftus, SAP Fioneer
11:00 – 11:30	Transforming the Finance Function at Standard Chartered Bank to be Fit-for-Future Tom Pfaff, Standard Chartered Bank	Implementing the Future of Finance at Swiss RE Patrick Mouttet, Swiss RE
11:35 – 12:05	Challenges and Results of a Business and IT Transformation in a Regulated Environment at Hamburg Commercial Bank Ilka Katofsky, Hamburg Commercial Bank	HDI Brazil: Implementation of SAP Financial Product Sub-Ledger (SAP FPSL) (IFRS17) in a Subsidiary – Experiences and Lessons Learned Ana Gomes, HDI Brazil (presenting remotely) André Infante Ferreira, HDI Brazil (presenting remotely) Martin Dietz, ConVista

Conference Agenda Thursday 14 July 2022

12:10 – 12:40	Unlocking the Power of Seamless Payments through Integration – Taking and Making Payments with SAP and Barclaycard Payments Stephen James, Barclaycard	Are you Prepared for the Coming Disruption of Tax and Tech? How the Power of an Ecosystem can Transform your Tax Function Maria Philips, Morgan Stanley (presenting remotely) Lyn Bird, Microsoft Coskun Cavusoglu, EY Erika Buson, SAP
12:40	Networking Lunch and Visit the Show F	loor
14:00 – 14:30	SAP and Taulia – The Future of Working Capital Management Peddy Hashemi, Taulia Marina Goldberg, SAP	SAP Financial Product Sub-Ledger (SAP FPSL) in the Real World – Experiences from the CEE Market Leader and one of the First Movers Carsten Dehner, Vienna Insurance Group Bernhard Pfahnl, Vienna Insurance Group Ferdinand Tischer, ifb Group
14:35 – 15:05	Frontrunning in the Regulated Financial Industry – How Deutsche Börse Group Uses SAP within its Cloud Journey to Digitize its Back Office Processes and how this Impacts the Company's Work Culture Lars Bolanca, Deutsche Börse	Fireside Chat with SAP Business Process Intelligence Clients Sanjiv Nathwani, Innovation, Transformation and Venture Management Executive Guddu Mony, JP Morgan (presenting remotely)

Thursday 14 July 2022

07:45 – 08.30 **Breakfast Briefing Hosted by Regnology Regulation 3.0 – Trends and Challenges Ahead**

In what are times of unprecedented change we face significant political and economic challenges, but also new opportunities. Financial market regulation is entering a new era, that of Regulation 3.0, which will be more technology and data driven than ever before. ESG, crypto and the cost of compliance are only a few hot topics to mention this year. At Regnology, we also entered a new era with launching our new brand last autumn. Get to know Regnology and start into your last conference day with an insightful networking breakfast.

Gaurav Sachdeva, Regnology | Sophie Lenherr, Regnology | David Mesa, Regnology

Extra Digital Content Available for you to Review on our Event Platform

As an in-person or digital attendee at out event, the following extra exclusive content will be be available on our event platform for you to view on-demand.

Case Study: Scaling Customer Centricity in Financial Services

Hear from M&T's CXO, Aarthi Murali, who will talk about what it takes to bring a mature customer centric organization to life. She discusses CX transformation, from its early days of igniting a customer movement and leading organizational change through CX capabilities to sharing the future vision through organizational maturity. Aarthi will talk about what organizations must have in place to provide delightful, seamless customer experiences, including:

- Grounding financial institutions in industry-leading capabilities
- Scaling through organizational maturity
- What behaviours and skills do leaders need to lead a winning customer-led organization Aarthi Murali, M&T Bank

Case Study: How DYCSI Helped Actinver Bank Upgrade its Core Banking Platform to SAP Banking

Actinver bank had a big challenge, to consolidate four different banking operating banking platforms to one through a technological transformation. they chose DYSCI and SAP Banking to help them reduce costs and consolidate information systems, bringing benefits to their customers from day one.

Joe Torres, DYCSI | Andrea Navas, DYCSI | Guillermo Punzet, DYCSI

How Automated Data Lineage Supports Cloud Migration Efforts

Cloud environments are crucial for innovation in 2022. But 83% of data migrations exceed their budget, fall behind schedule, or fail altogether. Thanks to automated data lineage, this no longer has to be the case. With a data lineage map, you can establish an effective migration strategy, save time and resources, and avoid a lift-and-shift migration approach that hinders cost savings. Join Marek Pikna, MANTA's Senior Technical Account Manager, for a webinar on how automated data lineage can empower your organization to succeed in its cloud migration efforts.

Attend the webinar to:

- Discover how an effective cloud migration strategy can save you time, money, and resources
- Learn how automated data lineage can ensure the success of your planned or in-progress cloud migration project
- · See a live demo of MANTA

... and more

Brian Perkins, MANTA

axxiome

Axxiome

Axxiome is a global solutions provider for the financial services industry with operations in Europe, North America and Latin America. EY: Transformation Realized with SAP Solutions

The EY and SAP alliance generates long-term value, helping organizations reframe their futures and create businesses designed for what's next: innovative, industry-focused, cloud-based, sustainable.

We believe now, more than ever, is an opportunity for organizations to collaborate with EY and SAP to reframe the future through a fresh lens of industry-focused value drivers. Our bold vision is accelerating positive change, from fast tracking the adoption of intelligent technology and new ways of working, to pivoting quickly to evolve with changing consumer expectations, while creating more engaging experiences for employees. The changed business landscape inspires reinvention and at EY, we see enterprise transformation as ever more critical to creating sustained value.

The journey to a cloud-led architecture allows our clients to achieve their sustainability targets and long-term value, faster. As we drive powerful changes, organizations look to create and shape a new future; to deliver measurable business impact, unlock hidden potential and realize new opportunities together, to help build an even better working world than before.

ifb

The ifb group is an SAP gold partner in the SAP PartnerEdge® program specializing in finance and risk transformation projects for banks and insurances.

For more than 25 years, we have been a close partner of SAP in the financial services sector, focusing in particular on industry-flavored SAP applications for general ledger and subledger accounting, risk and performance management, planning and simulation as well as consolidation.

Thanks to our many years of experience, we are one of the world's leading providers for the design, implementation, customer-specific extension, and operation of SAP products for the banking and insurance industries.

ifb group also covers SAP's complete data management portfolio. Besides classic data integration and analytics solutions, this also includes architecture, metadata and data quality management for various industries. Here we build on specific knowledge and experience, especially regarding the integration of multiple solution components. We actively guide and support our customers in the design and implementation of their target solution architecture.

We co-operate with SAP as well as other SAP Partners in a demand- and resultoriented manner to assemble and implement complete solutions tailored to individual customer requirements.

A constantly growing number of ifb project accelerators is available in the SAP Store® in the form of Packaged Solutions.

For more information, please visit: ifb-group.com

Microsoft

DocuSign[®]

DocuSign

Since inception in 2003, DocuSign has been on a mission to accelerate business and simplify life for companies and people around the world.

We pioneered the development of e-signature technology, and today DocuSign helps organisations connect and automate how they prepare, sign, act on, and manage agreements. As part of the DocuSign Agreement Cloud, DocuSign offers eSignature: the world's #1 way to sign electronically on practically any device, from almost anywhere, at any time.

Our value is simple to understand: Legacy, paper-based agreement processes are manual, slow, expensive, and error-prone. We eliminate the paper, automate the process, and connect it to all the other systems that businesses are already using.

Our platform has 350+ prebuilt integrations with popular business apps. In addition, our API enables embedding and connecting DocuSign with customers' websites, mobile apps, and custom workflows. Today, more than 1,000,000 customers and hundreds of millions of users in over 180 countries use DocuSign to accelerate the process of doing business and to simplify people's lives.

adamantlane 2

Adamant Lane

Adamant Lane AG was founded in Zurich in April 2019 by a team of experienced experts in financial services and cloud platforms. The founders have many years of experience in trade finance. With "LiquidityHub" they aim to revolutionize the way how complex trade finance processes will be designed and operated in the future. LiquidityHub is based on a "banking-as-a-microservice" approach and thus represents the future of state-of-the-art banking and financial services for diverse trade finance processes, such as supply chain finance or full-service, inhouse and reverse factoring. With global trade finance and supply chains stressed by unprecedented demands and volumes, Liquidity Hub provides corporates and lenders with a cloud-based platform that digitizes supply chain financing processes for customers. LiquidityHub is built on SAP Business Technology Platform by Adamant Lane in a close Co-Innovation process with SAP. Adamant Lane is proud to be partner in the Industry Cloud portfolio for banking.
