

Europe needs your climate innovation

OPEN TENDERS 2023

Arsinoe and Brigaid Connect offer opportunities to help project case studies take stock of innovative climate adaptation and resilience solutions from across Europe.

More info on Open Tenders for innovation, here!

The ARSINOE project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101037424.

The Climate Innovation Window: a one-stop platform on climate solutions. Authors: Salmoral G, Anzaldúa G, Palau L, Pascual P, Koundouri P, Bea M, López-Gunn E.

NEW RELEASE!

All climate innovation gathered in one place

A platform that collects innovative solutions for climate action by allowing end-users, including regional and local authorities, to contact innovators.
